

**Appendix 4D - Results for announcement to the market**  
**Half-year results for the period ended 31 December 2013**  
**Challenger Diversified Property Group (CDI)**

2.1/2.2/2.3 Revenue and profit from ordinary activities and net profit for the period attributable to members:

|   | Half-year ended<br>31 Dec 13<br>\$'000 | Half-year ended<br>31 Dec 12<br>\$'000 | Change<br>\$'000 | Change<br>% |
|---|--|--|------------------|-------------|
| Revenue from ordinary activities                                    | 47,155                                 | 47,340                                 | (185)            | (0.4%)      |
| Normalised earnings   | 23,869                                 | 22,913                                 | 956              | 4.2%        |
| Adjusted for:   |  |  |                  |             |
| Straight-lining of rental income/expense                            | (706)                                  | 100                                    |                  |             |
| Property, plant and equipment depreciation                          | (284)                                  | (77)                                   |                  |             |
| Fair value movements (properties and derivatives held and disposed) | (7,864)                                | (2,438)                                |                  |             |
| Foreign exchange gain   | 9                                      | 40                                     |                  |             |
| Income tax credit   | 148                                    | 259                                    |                  |             |
| Net profit after tax attributable to members                        | 15,172                                 | 20,797                                 | (5,625)          | (27.0%)     |

2.4/2.5 Amounts per stapled unit of all distributions paid/payable during the period:

|                      | Ordinary units<br>(cents per unit) | Record date      | Payment date     |
|----------------------|------------------------------------|------------------|------------------|
| Interim distribution | 9.20                               | 31 December 2013 | 28 February 2014 |

2.6 Explanation of figures in 2.1 to 2.5

For an explanation of the above result refer to the attached Half-year financial report.

Additional information is contained in the Half-Year market release and investor presentation lodged with the ASX on 4 February 2014.

3.0 Net tangible assets and net asset value per stapled unit:

|                                    | 31 Dec 13<br>(\$ per unit) | 31 Dec 12<br>(\$ per unit) | Change<br>% |
|------------------------------------|----------------------------|----------------------------|-------------|
| Net tangible assets (NTA) per unit | 2.71                       | 2.74                       | (1.1%)      |
| Net asset value (NAV) per unit     | 2.72                       | 2.75                       | (1.1%)      |

4.0 No control has been gained or lost over another entity during the half-year.

5.0 Details of distribution:

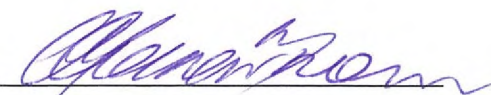

|                      | Ordinary units<br>(cents per unit) | Payment date     | Total distribution<br>\$'000 |
|----------------------|------------------------------------|------------------|------------------------------|
| Interim distribution | 9.20                               | 28 February 2014 | 19,697                       |

6.0 No distribution reinvestment plan was in operation for the period.

7.0 No associates or joint venture transactions were entered into during the period.

8.0 Not applicable.

9.0 Not applicable.

## **Directors' report**

The Directors of Challenger Listed Investments Limited (CLIL), the Responsible Entity of the Challenger Diversified Property Trust 1 (CDPT1) and Challenger Diversified Property Trust 2 (CDPT2), collectively known as the Challenger Diversified Property Group (herein known by its ASX code 'CDI'), submit their report together with the financial report for CDI and the financial report for the Challenger Diversified Property Trust 2 and its controlled entities (herein referred to as CDI2), for the half-year ended 31 December 2013.

### **Principal activities**

The principal activity of CDPT1 (passive trust) during the period was investing in an office, retail and industrial property portfolio, with CDPT2 (active trust), operating a car park business.

### **Trust information**

CDI consists of two stapled Australian registered managed investment schemes: CDPT1 and CDPT2. Each security consists of one unit in CDPT1 and one unit in CDPT2. Units are stapled together so that one cannot be transferred, or otherwise dealt with, without the other.

CDPT1 has been identified as the parent entity of CDI.

CLIL, the Responsible Entity of CDPT1 and CDPT2, is incorporated and domiciled in Australia. The registered office of the Responsible Entity is located at Level 15, 255 Pitt Street, Sydney NSW 2000.

### **Directors' summary**

The following persons held office as Directors of CLIL during the half-year and up to the date of this report:

- Michael Cole - Chair;
- Geoff McWilliam;
- Ian Moore;
- Brendan O'Connor;
- Rob Woods; and
- Phil Peters (alternate to Rob Woods).

## Directors' report (continued) Operating and financial review

### Financial Performance

CDI provides investors with exposure to a diversified portfolio of quality, well located properties which offer stable income returns and potential for capital growth. With total assets of \$887.7 million at 31 December 2013, CDI holds investment interests in 27 office, industrial and retail properties located in Australia and France as well as a development portfolio comprising a single industrial land bank.

In addition, CDI holds a leasehold interest in Sydney's Domain Car Park, which expires in 2033.

### CDI performance

Normalised EPU increased by 4% to 11.1 cents, reflecting higher net property income (excluding straight-lining), decreased variable interest rates and lower margins.

Net profit after tax (statutory profit) decreased by 27% to \$15.2 million (2012: \$20.8 million). Statutory profit benefited from positive fair value adjustments relating to interest rate swaps. This was more than offset by fair value decreases in the property portfolio after allowing for capital expenditure, lease incentives and rent straight-lining.

Reconciliation of CDI and CDI2 normalised earnings to net profit/(loss) after tax <sup>1</sup>:

| Weighted average number of securities (basic and diluted) ('000)   | 214,101                           | 214,115                           | 214,101                            | 214,115                            |

<sup>1</sup> The above table has been reviewed by CDI's independent auditor.

<sup>2</sup> Earnings per stapled security is calculated using the normalised earnings attributable to stapled unitholders and the time weighted average number of ordinary stapled units outstanding during the year.

<sup>3</sup> Earnings per stapled security is calculated using the profit attributable to the unitholders of the parent entity and the time weighted average number of ordinary stapled units outstanding during the year.

## Directors' report (continued) Operating and financial review (continued)

### Financial Position

#### Trust assets

At 31 December 2013, CDI held total assets of \$887.7 million (2013: \$888.2 million) and CDI2 held total assets of \$2.0 million (2013: \$1.9 million). The valuation basis of assets is set out in Note 2 to the financial report.

CDI's portfolio comprises interests in 27 properties located in Australia and France. Over the course of the year, all properties have been independently valued. The fair value of properties was relatively unchanged.

#### Borrowing facilities

In June 2013, CDI refinanced its entire \$300 million debt facility. The refinancing presented an opportunity for CDI to lengthen its weighted average debt maturity and continue with a staggered maturity profile, whilst capitalising on a favourable lending market. At 31 December 2013, the weighted average term of debt maturity is 2.7 years and the weighted average cost of the debt reduced to 5.0%.

#### Contributed equity

As at 31 December 2013, CDI had 214.1 million (2012: 214.1 million) stapled units on issue.

#### Distributions

CDI's distribution policy is to distribute profit from operating activities (normalised earnings) adjusted for non-cash expenses, incurred and expected leasing costs, debt establishment fees and life-cycle capital expenditure. The distribution policy is always subject to the objective to distribute an amount that unitholders are presently entitled to.

Realised gains from the sale of assets are distributed on a discretionary basis and are determined having regard to capital management strategies, market conditions and tax consequences.

On 17 December 2013, CDI announced an estimated interim distribution of 9.2 cents per unit (2012: interim distribution of 8.6 cents per unit). The distribution amount of \$19.7 million (2012: \$18.4 million) will be paid on 28 February 2014.

CDI2 did not declare or pay a distribution to unitholders during the year (2012: Nil).

The following table applies CDI's distribution policy and reconciles the distribution to normalised earnings:

|  | CDI<br>31 December 2013<br>\$'000 | CDI<br>31 December 2012<br>\$'000 | CDI2<br>31 December 2013<br>\$'000 | CDI2<br>31 December 2012<br>\$'000 |

**Directors' report (continued)**  
**Operating and financial review (continued)**

**Going concern**

As at 31 December 2013, CDI's balance sheet gearing was 29% (2013: 29%), and is within its targeted gearing range of 25% to 35%. Further details relating to the gearing are set out in Note 10 to the financial report.

CDI's net current liability position of \$34.2 million (2013 \$30.8 million) is able to be supported from Challenger Diversified Property Trust 1's undrawn debt facilities.

Challenger Diversified Property Trust 2 (CDI2) net current liability

As at 31 December 2013, Challenger Diversified Property Trust 2 has a net current liability of \$0.3 million (2013: \$0.3 million). To the extent that money is not available to Challenger Diversified Property Trust 2 to meet its current liabilities, the Challenger Diversified Property Trust 1 shall make sufficient funds available to enable it to pay its debts as and when they fall due.

**Significant events after the balance date**

There has been no matter or circumstance that has arisen since the end of the financial year that has significantly affected, or may significantly affect CDI's and CDI2's:

- operations in future financial years;
- the results of those operations; or
- state of affairs in future financial years.

**Rounding of amounts in the Directors' report and the financial report**

CDPT1 and CDPT2 are registered trusts that are of the kind referred to in Class Order 98/0100, issued by the Australian Securities and Investments Commission, relating to the 'rounding off' of amounts in the Directors' report and financial report. Amounts in the Directors' report and financial report have been rounded off to the nearest thousand dollars in accordance with that Class Order, unless otherwise indicated.

**Auditor's independence declaration**

We have obtained an independence declaration from our auditor, Ernst & Young as set out on page 7.

This report is made in accordance with a resolution of the Directors of Challenger Listed Investments Limited.

The statements of changes in equity should be read in conjunction with the accompanying notes.

## Notes to the financial statements

For the half-year ended 31 December 2013

### 1. Trust information

The financial report for the half-year ended 31 December 2013 was authorised for issue in accordance with a resolution of the Directors of the Responsible Entity dated 3 February 2014.

Challenger Diversified Property Group (herein known by its ASX code 'CDI') consists of two stapled Australian registered managed investment schemes, CDPT1 and CDPT2, and is publicly traded on the Australian Securities Exchange (ASX).

The principal activity of CDPT1 during the period was investment in an office, retail and industrial property portfolio, with CDPT2 operating a car park business.

### 2. Summary of significant accounting policies

The accounting policies which have been adopted in the preparation of the half-year financial statements are stated to assist in a general understanding of this report.

#### (a) Basis of preparation

The half-year financial report has been prepared in accordance with the AASB 134 *Interim Financial Reporting*, requirements of the Constitutions and the Corporations Act 2001.

The CDI financial report has been prepared based on a business combination by the parent entity, and in recognition of the fact that the units issued by CDPT1 and CDPT2 have been stapled and cannot be traded separately.

For the purposes of statutory reporting the parent entity is CDPT1. The consolidated balance sheet and consolidated income statement comprise the financial position and performance of CDPT1 and its controlled entities and CDPT2 and its controlled entities, collectively known as CDI.

The CDI2 financial report includes the results of CDPT2 and its controlled entities. For the purposes of statutory reporting CDI2's parent entity is CDPT2.

The CDI2 financial report has been prepared on a going concern basis as CDPT2 is expected to generate sufficient funds to enable it to pay its debts as and when they fall due. In addition to this, CDPT1 has agreed to make available to CDPT2 sufficient funds to enable CDPT2 to pay its debts as and when they fall due to the extent that money is not otherwise available to CDPT2 to meet such liabilities.

The half-year financial report has been prepared on a historical cost basis, except for investment property, investment property under development and derivative financial instruments that have been measured at fair value.

The half-year financial report has been prepared in accordance with ASIC Class Order 05/642 which allows issuers of stapled securities to include their financial statements and the consolidated or combined financial statements of the stapled group in adjacent columns in one financial report.

The half-year financial report does not include all notes of the type normally included within the annual financial report and therefore cannot be expected to provide as full an understanding of the financial performance, financial position and financing and investing activities of the consolidated entity as the full financial report.

It is recommended that the half-year financial report be read in conjunction with the annual report for the year ended 30 June 2013 and considered together with any public announcements made by CDI during the half-year ended 31 December 2013 in accordance with the continuous disclosure obligations of the ASX listing rules.

## Notes to the financial statements (continued)

For the half-year ended 31 December 2013

### 2. Summary of significant accounting policies (continued)

Except for the matters referred to in Note 2(b) below, the accounting policies and methods of computation are the same as those adopted in the annual report for the year ended 30 June 2013.

#### (b) Application of new and revised accounting standards

##### Changes in accounting policy or disclosure

**AASB 10 Consolidated Financial Statements and AASB 12 Disclosure of Interests in Other Entities** effective for annual reporting periods beginning on or after 1 January 2013. AASB 10 provides further clarity on the concept of control and AASB 12 enhances disclosure requirements for subsidiaries, joint arrangements, associates and unconsolidated structured entities. Application of AASB10 will not result in changes to those entities deemed to be controlled by CDI and AASB 12 will result in increased disclosure in the 30 June 2014 annual financial report.

**AASB 13 Fair Value Measurement** This standard establishes a single source of guidance for determining the fair value of assets and liabilities. AASB 13 does not change when an entity is required to use fair value, but rather, provides guidance on how to determine fair value when fair value is required or permitted.

AASB 13 also expands the disclosure requirements for all assets or liabilities carried at fair value. This includes information about the assumptions made and the qualitative impact of those assumptions on the fair value determined. Additional disclosure for financial assets and liabilities is required for the first time in half-year accounts.

Consequential amendments were also made to other standards via AASB 2011-8 which has resulted in additional disclosures around the fair values of financial instruments.

The adoption of other amendments and changes which were effective during the period did not result in any material changes to the financial report.

There were no changes in accounting policy applied during the period.

##### Accounting standards and interpretations issued but not yet effective

There are a number of amendments to Australian Accounting Standards, in addition to those described in the most recent annual financial report, that are available for early adoption but that have not been applied in this half-year financial report. The amendments would have resulted in only minor disclosure impacts if they had been early adopted.

#### (c) Significant accounting judgements, estimates and assumptions

The carrying amounts of certain assets and liabilities are often determined based on estimates and assumptions of future events. Other than the estimation of fair values and the process for determining the fair value of investment properties, investment properties under development, derivative financial instruments and the discounted value of related party loans, there are no key estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next semi-annual reporting period.

#### (d) Exchange rates used for foreign investments

The following exchange rates are used in translating foreign currency transactions, balances and financial statements:

|                                | 31 December 2013<br>EUR | 30 June 2013<br>EUR | 31 December 2012<br>EUR |
|--------------------------------|-------------------------|---------------------|-------------------------|
| Weighted average exchange rate | 0.6861                  | 0.7946              | 0.8059                  |
| Spot rate at balance date      | 0.6493                  | 0.7042              | 0.7875                  |

## Notes to the financial statements (continued)

For the half-year ended 31 December 2013

### 3. Distributions paid and proposed

The following distributions were paid or payable in respect to the period ended 31 December 2013:

|   | CDI<br>31 December 2013<br>\$'000 | CDI<br>31 December 2012<br>\$'000 | CDI2<br>31 December 2013<br>\$'000 | CDI2<br>31 December 2012<br>\$'000 |
|---|-----------------------------------|-----------------------------------|------------------------------------|------------------------------------|
| <b>Distributions proposed and recognised as a liability</b>   |                                   |                                   |                                    |                                    |
| Interim stapled distribution proposed for the period ended 31 December 2013 payable on 28 February 2014: 9.20 cpu (2012: 8.60 cpu paid on 28 February 2013) | 19,697                            | 18,413                            | -                                  | -                                  |
| <b>Total interim stapled distribution</b>   | <b>19,697</b>                     | <b>18,413</b>                     | -                                  | -                                  |

CDPT2 has not declared or paid a distribution to unitholders during the period (2012: Nil).

### 4. Earnings per unit

Basic earnings per stapled security is calculated using the profit attributable to the ordinary unitholders of the parent entity and the time weighted average number of ordinary units outstanding during the period.

The following reflects the income and unit data used in the calculations of basic and diluted earnings per unit computations:

|   | CDI<br>31 December 2013 | CDI<br>31 December 2012 | CDI2<br>31 December 2013 | CDI2<br>31 December 2012 |
|---|-------------------------|-------------------------|--------------------------|--------------------------|
| Basic and diluted earnings per ordinary unit (cents)                        | 7.3                     | 9.9                     | (0.2)                    | (0.2)                    |
| Net profit/(loss) attributable to unitholders of the parent entity (\$'000) | 15,665                  | 21,262                  | (493)                    | (465)                    |
| Weighted average number of securities (basic and diluted) ('000)            | 214,101                 | 214,115                 | 214,101                  | 214,115                  |

### 5. Property, plant and equipment

<sup>1</sup> In France the primary valuation method used is the term and reversion method, as such a discount rate which is applied under the discount cash flow method is not relevant.

The carrying values of properties in Australia have been determined with reference to independent and Directors' valuations using the market capitalisation, discounted cash flow methods and direct comparison methods. The significant valuation assumptions were sourced from the latest independent valuations in the respective half-year.

## Notes to the financial statements (continued)

For the half-year ended 31 December 2013

### 8. Trade and other payables

Non-current trade and other payables mainly represents a finance facility issued by CDPT1 to CDPT2. From 23 December 2012 this facility became non-interest bearing. As at 31 December 2013 the nominal value of the loan is \$3.9 million (30 June 2013: \$3.9 million) and the fair value is \$3.3 million (30 June 2013: \$3.3 million).

The remainder (\$2.1 million) of trade and other payables relates to the straight lining of the Domain lease which commenced on 1 May 2012 and expires on 30 April 2032. Prior period comparatives have been restated to non-current in line with lease maturity.

### 9. Interest bearing liabilities

| Bank loans – unsecured                    | 197,778                           | 199,608                       | -                                  | -                              |
| <b>Total interest bearing liabilities</b> | <b>257,083</b>                    | <b>254,287</b>                | -                                  | -                              |

<sup>1</sup> The amounts shown in the above table include drawn debt less unamortised debt establishment costs of \$1.2 million (30 June 2013: \$1.4 million).

### Financing facilities available

CDI has a \$300.0 million multi-option syndicated finance facility with Westpac Banking Corporation Limited (WBC) and Commonwealth Bank of Australia Limited (CBA). The facility comprises three tranches with limits of \$90 million, \$110 million and \$100 million maturing in October 2015, July 2016 and July 2017 respectively, with a weighted average term of 2.7 years. For Australian denominated loans (31 December 2013: AUD 198.9 million, 30 June 2013: AUD 201.0 million), interest on the facility is calculated at the bank bill swap rate, plus a margin. For Euro denominated loans (31 December 2013: EUR 38.5 million or AUD 59.3 million, 30 June 2013: EUR 38.5 million or AUD 54.7 million), interest on the facility is calculated at EURIBOR, plus a margin. CDPT2 and Challenger Diversified Property Development Pty Limited (CDPD), entities forming part of the stapled CDI group, are guarantors of the facility.

The loan facility comprises a secured component and an unsecured component. In relation to the unsecured component, CDI has not granted security over its properties but provided a number of negative undertakings, including an undertaking not to create or allow encumbrance over its properties. The secured component relates to the funding of property acquisitions in France. Security was granted by way of mortgages of shares in, and of debts between, entities established to acquire the French properties.

At reporting date, the following financing facilities had been negotiated and were available:

For the half-year ended 31 December 2013

### 10. Contributed equity (continued)

#### Capital management

CDI and CDI2 manage capital to ensure that they will be able to continue as a going concern while maximising returns to unitholders through the optimisation of debt and equity balances. Management also aims to maintain a capital structure that ensures the lowest cost of capital available to each entity.

The capital structure of CDI and CDI2 consists of debt which includes borrowings disclosed in Note 9, cash and cash equivalents, issued capital disclosed above and reserves and undistributed income. Management reviews the capital structure regularly and balances its overall capital structure through payment of distributions, new unit issues and unit buy-backs as well as the drawing of new debt or repayment of existing debt.

Swaps are utilised by CDI to minimise interest rate risk and Euro denominated debt is used to minimise currency risk exposure.

Management's policy is to effectively manage cash flow from operating activities by using surplus cash to repay debt.

CDI's debt facility documentation specifically includes the capability to drawdown funds for distribution and working capital requirements.

Capital risk is monitored against policies, guidelines and externally imposed covenants<sup>1</sup>:

|                                      | CDI policy   | 31 December 2013 | 30 June 2013 |
|--------------------------------------|--|------------------|--------------|
| Gearing <sup>1</sup>                 | Targeted balance sheet gearing limit of 25% - 35%  | 29%              | 29%          |
| Covenant gearing <sup>2</sup>        | To be less than 50%  | 34%              | 34%          |
| Covenant interest cover <sup>2</sup> | Greater than 2 times   | 4.25             | 3.81         |
| Interest rate risk                   | To effectively hedge the interest on a minimum of 60% of expected debt   | 76%              | 72%          |
| Foreign currency risk                | Capital hedging<br>- Maintain a natural capital hedge against a minimum of 100% of the total value of assets invested offshore | 98%              | 100%         |

<sup>1</sup> Gearing is calculated by dividing total debt by total gross assets.

<sup>2</sup> During the current and prior year, the financial covenants under the borrowing facilities were complied with.

### 11. Segment information

#### CDI

Operating segments have been determined based on the reports reviewed by CDI's Manager (Challenger Management Services Limited (CMSL) represented by the CDI Fund Manager and Head of Real Estate) that are used to make strategic decisions.

The manager considers CDI's Australian assets by asset class being office, retail, industrial and car park operating business. Assets held in France are considered to be a separate segment.

The reportable operating segments derive their revenue from property investment except for the car park operating business which derives its revenue from letting of car parking space.

The accounting policies of the operating segments are the same as those described in the summary of significant accounting policies. However, the classification of some income and expense items on the income statement prepared for CDI's management is different to the statutory income statement. These items have been reconciled to the statutory income statement.

<sup>1</sup> In the management reports prepared for CDI's management and Board, finance costs and operating expenses are reported separately for the French segment and are not allocated to other segments. Interest income and Responsible Entity's and Manager's fees, fair value movements of derivatives, foreign exchange loss and income tax credit are not allocated across the segments.

<sup>2</sup> In the management report prepared for CDI's management and Board, straight-lining of rental income/expense, property, plant and equipment depreciation, fair value movement of investment properties sold during the year and are not reported separately by segment but have been reported this way in the segment note to provide more detail to users of the financial report.

## Notes to the financial statements (continued)

For the half-year ended 31 December 2013

### 11. Segment information (continued)

Normalised earnings is calculated by taking "Net profit/(loss) after income tax" per the income statement (herein referred to as statutory net profit) and adjusting for the following items:

- straight-lining of rental income/expense;
- property, plant and equipment depreciation and impairment;
- discount on intra stapled group related party loan;
- fair value movements;
- net gains/losses on disposal of property, plant and equipment;
- foreign exchange gains/losses;
- income tax credit/expense;
- litigation proceeds;
- rental guarantees; and
- other one-off amounts outside the core operating business.

The exclusion of these items provides a profit figure, which in management's view, is more closely aligned with the recurring net cash earnings generated by CDI's properties and operating business.

Below is a reconciliation of rental income on the segment note to rental income as shown on the income statement:

|   | CDI<br>31 December 2013<br>\$'000 | CDI<br>31 December 2012<br>\$'000 |
|---|-----------------------------------|-----------------------------------|
| Rental income per income statement        | 37,248                            | 38,176                            |
| Net straight-lining of rental income      | 72                                | (810)                             |
| Income from operating business activities | 3,943                             | 3,627                             |
| <b>Rental income per segment note</b>     | <b>41,263</b>                     | <b>40,993</b>                     |

### CDI2

It has been determined that CDI2 has a single operating segment. CDI2 operates entirely within Australia, operating a car park business.

Financial instruments measured at fair value are categorised under a three level hierarchy, reflecting the availability of observable market inputs when estimating the fair value. If different levels of inputs are used to measure a financial instrument's fair value, the classification within the hierarchy is based on the lowest level input that is significant to the fair value measurement. The three levels are:

- **Level 1** - valued by reference to quoted prices in active markets for identical assets or liabilities;
- **Level 2** - valued using inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (as prices) or indirectly (derived from prices); or
- **Level 3** - valued using valuation techniques or models that are based on unobservable inputs.

## **Notes to the financial statements (continued)**

For the half-year ended 31 December 2013

### **12. Financial instruments (continued)**

CDI's financial instruments held at fair value, comprising of interest rate swaps and forward foreign exchange contracts, use valuation techniques with only observable market inputs and are therefore classified as level 2 on the fair value hierarchy.

#### **Valuation techniques**

The fair value of the interest rate swaps are calculated as the present value of the estimated future cash flows based on the forward price curve of interest rates at balance date; and the fair value of forward foreign exchange contracts is determined based on observable spot exchange rates, the yield curves of respective currencies as well as the basis spreads between the respective currencies at balance date.

### **13. Contingent assets and liabilities**

The tenant (Bricoman) of the French property at Aulnay sous Bois in Paris commenced an action against CDI alleging that certain structural roadwork defects with the site have affected its use of the premises. A hearing was held on 13 December 2010, and the court appointed an expert to review Bricoman's claim. Since the appointment of the expert, the parties and their respective consultants have undertaken a number of investigations to ascertain the cause of the alleged defects. Neither the Court or Court appointed expert have provided a specific timetable for providing the final report.

The property also has the benefit of a decennial guarantee (an automatic guarantee which provides that the builders and architects of the building are liable for 10 years from the date of construction) in respect of damage arising from defects. In addition, CDI has the benefit of an insurance policy issued by Covea Risks (work damage guarantee), which covers the payment of any damage for which the builder and architects are liable for under the decennial guarantee.

It is CDI's and its legal adviser's understanding that Covea Risks has not denied the existence of the insurance policy or their liability under such insurance policy.

Other than the above, as at balance date there are no material contingent liabilities or contingent assets.

### **14. Events subsequent to balance sheet date**

There has been no matter or circumstance that has arisen since the end of the interim period that has significantly affected, or may affect, CDI's and CDI2's operations in future financial years, the results of those operations or state of affairs in future financial years.

## Statement by the Directors of the Responsible Entity of CDI

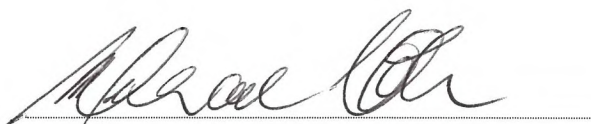

### On the financial report of the Challenger Diversified Property Group

In accordance with a resolution of the Directors of Challenger Listed Investments Limited (the Responsible Entity of Challenger Diversified Property Trust 1 and Challenger Diversified Property Trust 2, collectively known as the Challenger Diversified Property Group (herein known by its ASX code 'CDI') I state that:

In the opinion of the Directors:

- (a) The financial statements and notes of CDI and CDI2 are in accordance with the CDI Constitutions and the Corporations Act 2001, including:
  - (i) giving a true and fair view of CDI and CDI2 as at 31 December 2013 and of their performance for the half-year ended on that date; and
  - (ii) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and Corporations Regulations 2001; and
- (b) There are reasonable grounds to believe that CDI and CDI2 will be able to pay their debts as and when they become due and payable.

On behalf of the Board

Michael Cole

Chair

Sydney

## Independent auditor's report to security holders of Challenger Diversified Property Group

Challenger Diversified Property Group (the "Combined Group") comprises Challenger Diversified Property Trust 1 and the entities it controlled at the half year's end or from time to time during the financial period ("CDI1") and Challenger Diversified Property Trust 2 and the entities it controlled at the half year's end or from time to time during the financial period ("CDI2").

### Report on the Half-Year Financial Report

We have reviewed the accompanying half-year financial report of Challenger Diversified Property Group, which comprises the balance sheets as at 31 December 2013, the statements of comprehensive income, statements of changes in equity and cash flow statements for the half-year ended on that date, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration of the Combined Group at the half-year end or from time to time during the half-year.

### Directors' Responsibility for the Half-Year Financial Report

The directors of Challenger Listed Investments Limited, as Responsible Entity for Challenger Diversified Property Trust 1 and Challenger Diversified Property Trust 2 (collectively referred to as "the Directors"), are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal controls as the directors determine are necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the Combined Group and CDI2's financial positions as at 31 December 2013 and their performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*. As the auditor of Challenger Diversified Property Trust 1 and Challenger Diversified Property Trust 2 and the entities they controlled during the half-year, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

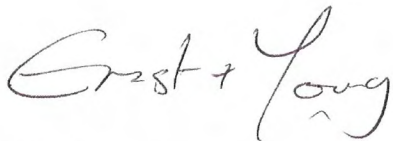

### Independence

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*. We have given to the directors of the Responsible Entity a written Auditor's Independence Declaration, a copy of which follows the Directors' Report.

## Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Challenger Diversified Property Group is not in accordance with the *Corporations Act 2001*, including:

- a) giving a true and fair view of the Combined Group and the Challenger Diversified Property Trust 2's financial positions as at 31 December 2013 and of their performance for the half-year ended on that date; and
- b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.
