Review of operations

During the half-year to December 2013 the Group generated gross revenues from continuing operations of \$112.5m (2012: \$102.8m). This result was mainly driven by:

- Automotive dealer enquiry growth steady throughout the half, while overall automotive inventory was similar to the same time last year.
- Dealer and Data Services have continued growing strongly with revenue up 12% on pcp.
- Investment in Webmotors SA (Brazil) performed well, with revenue up 23% on pcp and contributing \$2.3m AUD to the NPAT of the company.
- Mediamotive performance saw revenue growth of 9% on pcp. Some impacts from the broader advertising market (election, consumer/business confidence) and changes in some OEM advertising strategies.
- Private revenue growth was consistent with prior year up 7% on pcp. Growth coming from higher yields and new product offerings.
- Non automotive verticals continued performing well throughout H1.
- Tyresales.com.au has performed well and is now consolidated in the financial statements post 1 July 2013 due to a change in control.
- Strong continued market leadership throughout H1 FY2014.
- A number of new products and initiatives released throughout H1 with more to come during the remainder of the year.

This revenue growth delivered consolidated net profit after tax of \$44.0m (2012: \$37.6m) representing a 17% increase compared to the same period in 2012.

Total operating expenses were \$51.6m (2012: \$49.5m) reflecting a 4% increase.

In relation to performance outlook we continue to closely monitor our performance and market conditions. Assuming these remain stable throughout H2 FY2014, we anticipate full year FY2014 EBITDA to be around \$138m.

1 Summary of significant accounting policies

The principal accounting policies adopted in the preparation of these consolidated financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated. The financial statements are for the consolidated entity consisting of carsales.com Ltd and its subsidiaries.

(a) Basis of preparation

This condensed consolidated interim financial report for the half-year reporting period ended 31 December 2013 has been prepared in accordance with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Act 2001*.

This condensed consolidated interim financial report does not include all the notes of the type normally included in an annual financial report. Accordingly, this report is to be read in conjunction with the annual report for year ended 30 June 2013 and any public announcements made by carsales.com Ltd during the interim reporting period in accordance with the continuous disclosure requirements of the *Corporations Act 2001*.

The accounting policies adopted are consistent with those of the previous financial year and corresponding interim reporting period.

The financial statements have been prepared on a going concern basis. The net current liability position in the statement of financial position is temporary with the disclosed short-term loan forming part of our 3 year loan facility.

(b) New accounting standards and interpretations

Certain new accounting standards and interpretations have been published that are not mandatory for 31 December 2013 reporting periods and have not been early adopted by the group. The group's assessment of the impact of these new standards and interpretations is set out below.

1 Summary of significant accounting policies (continued)

(b) New accounting standards and interpretations (continued)

The Group has applied the following standards in their half-year reporting commencing 1 July 2013:

- AASB 10 Consolidated Financial Statements, AASB 11 Joint Arrangements, AASB 12 Disclosure of Interests in Other Entities, revised AASB 127 Separate Financial Statements and AASB 128 Investments in Associates and Joint Ventures and AASB 2011-7 Amendments to Australian Accounting Standards arising from the Consolidation and Joint Arrangements Standards (effective 1 January 2013).
- AASB 13 Fair Value Measurement and AASB 2011-8 Amendments to Australian Accounting Standards arising from AASB 13 (effective 1 January 2013). AASB 13 was released in September 2011. It explains how to measure fair value and aims to enhance fair value disclosures. The Group does not use fair value measurements extensively. The net fair value of cash and cash equivalents and non-interest bearing monetary financial assets and non-interest bearing financial liabilities of the consolidated entity approximates their carrying amounts. There are no off balance sheet financial instruments in place. The fair value of current borrowings approximates the carrying amount, as the impact of discounting is not significant.
- AASB 2012-5 Amendments to Australian Accounting Standard arising from Annual Improvements - 2009-2011 Cycle (effective 1 January 2013).
- AASB 2011-4 Amendments to Australian Accounting Standards to Remove Individual Key Management Personnel Disclosure Requirements (effective 1 July 2013).

In July 2011 the AASB decided to remove the individual key management personnel (KMP) disclosure requirements from AASB 124 Related Party Disclosures, to achieve consistency with the international equivalent standard and remove a duplication of the requirements with the Corporations Act 2001. While this will reduce the disclosures that are currently required in the notes to the financial statements, it will not affect any of the amounts recognised in the financial statements. The amendments apply from 1 July 2013 and cannot be adopted early.

- AASB 9 Financial Instruments, AASB 2009-11 Amendments to Australian Accounting Standards arising from AASB 9 and AASB 2010-7 Amendments to Australian Accounting Standards arising from AASB 9 (December 2010) (effective for annual reporting periods beginning on or after 1 January 2013).

AASB 9 Financial Instruments addresses the classification, measurement and de-recognition of financial assets and financial liabilities. The standard is not applicable until 1 January 2015 but is available for early adoption.

- AASB 2012-2 Amendments to Australian Accounting Standard - Disclosures - Offsetting Financial Assets and Financial Liabilities (effective 1 January 2013).

No material impact in the financial statements as a result of the adoption of the above standards.

1 Summary of significant accounting policies (continued)

(b) New accounting standards and interpretations (continued)

The following standards are applicable and the Group will adopt the standards upon the operative date. The Group is assessing the impact of these standards however they are not expected to have a significant impact:

- Annual Improvements to IFRSs 2010-2012 Cycle and Annual Improvements to IFRSs 2011-2013 Cycle (effective 1 July 2014).
- Defined Benefit Plans: Employee Contributions - Amendments to IAS 19 (effective 1 January 2014).
- AASB 2012-3 Amendments to Australian Accounting Standard - Offsetting Financial Assets and Financial Liabilities (effective 1 January 2014).
- AASB 2013-3 Amendments to AASB 136 - Recoverable Amount Disclosures for Non-Financial Assets (effective 1 January 2014).
- AASB 2013-5 Amendments to Australian Accounting Standards - Investment Entities (effective 1 January 2014).

The following standards are not applicable to carsales.com Ltd and therefore there is no impact on the Group:

- Revised AASB 119 Employee Benefits, AASB 2011-10 Amendments to Australian Accounting Standards arising from AASB 119 (September 2011) and AASB 2011-11 Amendments to AASB 119 (September 2011) arising from Reduced Disclosure Requirements (effective 1 January 2013).
- AASB 1053 Application of Tiers of Australian Accounting Standards and AASB 2010-2 Amendments to Australian Accounting Standards arising from Reduced Disclosure Requirements (effective 1 July 2013).
- AASB 2010-9 Amendments to Australian Accounting Standards - Severe Hyperinflation and Removal of Fixed Dates for First-time Adopters [AASB 1] and AASB 2010-10 Further Amendments to Australian Accounting Standards - Removal of Fixed Dates for First-time (effective 1 January 2011/1 January 2013).
