Directors' Report

The directors of Australian Vintage Ltd submit herewith the financial report for the half-year ended 31 December 2013. In order to comply with the provisions of the Corporations Act 2001, the directors report as follows:

The names of the directors of the company during or since the end of the half-year are:

NAME

Ian D. Ferrier Neil McGuigan Brian J. McGuigan Perry R. Gunner Richard H. Davis

REVIEW OF OPERATIONS

Australian Vintage today reported a half year net profit of \$4.0 million. The half year result has been impacted by the reduced US bulk wine sales and margin.

Our branded business continues to grow and what is really pleasing is the continued growth of our McGuigan brand.

Vintage has started and the early signs are that crop levels may be down with quality very good. An update will be provided once vintage has been completed.

Sales/Margin

Overall sales for the period were down by 4% due mainly to reduced bulk wine sales into North America and UK/Europe.

Australasia/North America packaged sales were up on last year with an increase in our bottled sales of 15%, predominantly driven by the McGuigan brand, partially offset by a 15% decline in our cask sales. Sales of our McGuigan Black Label brand went up 29% in Australia.

Sales to Asia are marginally down for the period in both volume and dollar sales.

The exchange rates, particularly the GBP, have moved favourably over the 6 month period and resulted in the margin from UK/Europe segment being slightly up on last year.

EBIT and Net Profit

EBIT was \$11.3 million compared to \$11.9 million in the previous year. The 5% decline was due mainly to the reduced contribution from bulk sales to North America (down \$1.7 million on last period) and the lower adjustment to the provision for onerous contracts (down \$0.3 million). Partially offsetting this was the improved contribution from the Australasia/North America packaged (\$0.4 million) and Cellar Door (\$0.3 million) segments and the impairment of water licences (\$0.9 million) that occurred in the prior period.

Net profit improved by \$0.7 million due mainly to reduced interest cost partially offset by the lower EBIT.

Cash Flow

Cash Flow from operating activities was positive \$0.6 million versus negative \$2.7 million in the prior period. Net debt was \$106.4 million versus \$136.5 million as at December 2012, resulting in a gearing ratio of 38%.

Directors' Report

Outlook

The continued growth of our brands is very pleasing. The recent capital raising of \$39.5 million (net) has reduced gearing to a comfortable 38% compared to 58% at the same time last year and we have extended our bank facility to October 2015 at lower margins.

The 2014 vintage has started and there are signs that the frost and recent heat have impacted negatively on vineyard yields. However, it is still too early to accurately predict yield forecasts. The market will be provided with a trading and vintage update at the completion of vintage.

As in previous years, no interim dividend will be paid.

We remain confident that our 2014 result will be significantly better than last year and in line with market expectation. Vintage conditions are likely to negatively affect SGARA, but we believe this will be offset by the favourable adjustment to the provision for onerous contracts.

Independent Auditor's Review Report to the members of Australian Vintage Ltd

We have reviewed the accompanying half-year financial report of Australian Vintage Limited, which comprises the condensed statement of financial position as at 31 December 2013, and the condensed statement of comprehensive income, the condensed statement of cash flows and the condensed statement of changes in equity for the half-year ended on that date, selected explanatory notes and, the directors' declaration of the consolidated entity comprising the company and the entities it controlled at the end of the half-year or from time to time during the half-year as set out on pages 7 to 16.

Directors' Responsibility for the Half-Year Financial Report

The directors of the Australian Vintage Limited are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the Australian Vintage Limited's financial position as at 31 December 2013 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*. As the auditor of Australian Vintage Limited, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Auditor's Independence Declaration

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*. We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of Australian Vintage Limited, would be in the same terms if given to the directors as at the time of this auditor's review report.

Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Australian Vintage Limited is not in accordance with the *Corporations Act 2001*, including:

(a) giving a true and fair view of the company's financial position as at 31 December 2013 and of its performance for the half-year ended on that date; and

(b) complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001.
