

STONE RESOURCES AUSTRALIA LIMITED

ASX Announcement

28 February 2014

REFURBISHMENT OF BRIGHTSTAR PLANT

After a review of the performance of BrightStar treatment plant, Stone Resources Australia Limited (the "Company") is pleased to advise that the site technical team has identified additional modifications to enhance its recovery. In order to complete the precision work for the plant upgrade as announced in the September 2013 Quarter Activities Report and additional modifications, the Company has executed a contract with CPC Goldfields Pty Ltd on to undertake these works today. The contract sum is about \$600,000. The works are expected to be completed in 8 weeks starting on 10th of March 2014.

Yours sincerely

Yong Han

Chief Executive Officer
