APPENDIX 4C COMMENTARY 31 MARCH 2014

Operations

The Company has been actively pursuing a strategy to develop the existing business assets and commercial relationships to provide value to shareholders. This strategy will continue and discussions with the groups that have shown interest in potential commercialization is encouraging. The Board is hopeful that these efforts will result in an arrangement that can be announced in the near term.

In addition considerable time is being directed to identifying other commercial opportunities and shareholders will be provided with all relevant information once a decision is reached.

Quarterly Financials

During the quarter there was a net cash outflow from operating activities of \$18K.

In the current market circumstances the Company is mindful of minimizing expenditures and maintaining its cash reserves. To that end, the Company notes that the current directors have not drawn any fees or been paid any remuneration since joining the Board.

The Company had \$1,321k in cash at the end of the quarter.

On behalf of the board,

Mark Pitts

Company Secretary
