SECTION 1:

CHAIRMAN'S LETTER

Dear Securityholder

On behalf of the Board of Growthpoint Properties Australia ("**Growthpoint**"), I am pleased to invite you to participate in a renounceable rights offer of new Growthpoint stapled securities ("**Rights Offer**").

As you may have read recently, Growthpoint announced to the market on Tuesday, 3 June 2014 that it was conducting a \$125 million equity raising to partly fund the acquisition of the NSW Police Headquarters office building located in Parramatta, in Sydney's west.

New stapled securities are being offered at a price of \$2.40. This represents a 3.9% discount to Growthpoint's distribution adjusted last closing price on 2 June 2014 and a 1.2% discount to the 5-day volume weighted average distribution adjusted price to 2 June 2014.

Growthpoint has provided distribution guidance for the 2015 financial year of 19.7 cents per stapled security. Based on the offer price, the new stapled securities issued as part of the Rights Offer are expected to receive a 2015 financial year distribution yield of 8.2%.

Lyn Shaddock / Independent Chairman

USE OF PROCEEDS

The proceeds of the Rights Offer will be used to partly fund the acquisition of the NSW Police Headquarters office building which Growthpoint has agreed to acquire for a purchase price of \$241.1 million. The balance of the acquisition will be funded via an expansion of Growthpoint's existing syndicated debt facility and by using undrawn debt capacity.

The property is a high quality A-grade office building which is 100% leased to the NSW State Government with a significant remaining lease term of 10 years, plus a further 5 year option. The acquisition is a continuation of Growthpoint's strategy to acquire high quality, modern assets, located in prime markets with long lease terms and fixed rental increases which will underpin the future growth of Growthpoint's distributable income. Following the acquisition of \$208 million of industrial properties in 2013 and 2014, this acquisition will further diversify Growthpoint's high quality portfolio and has again demonstrated the Group's ability to source and execute quality transactions for the benefit of securityholders.

Further details of the acquisition and the impact on Growthpoint's portfolio can be found in the investor presentation and ASX announcement which are included in this booklet.

OVERVIEW OF THE RIGHTS OFFER

Existing Securityholders will receive 1 renounceable right ("**Rights**") for every 9.37 stapled securities held on the record date for the Rights Offer. Securityholders who are eligible to participate in the Rights Offer may choose to apply for all or some of their Rights, sell some or all of their Rights or do nothing. The Rights will trade on the Australian Securities Exchange during the Rights trading period under the ASX code "GOZRA".

Securityholders who take up their entitlement in full may also apply for additional stapled securities in excess of their entitlement. However, there is no guarantee that they will be allocated any additional stapled securities.¹

New stapled securities issued under the Rights Offer are expected to be issued on 30 June 2014 and will therefore not be entitled to receive the distribution for the half year ending 30 June 2014 (as they will be issued after the ex-date for that distribution), but will rank equally with existing Growthpoint stapled securities in all other respects.

The Rights Offer is not underwritten. Growthpoint's major securityholder, Growthpoint Properties of South Africa ("**Growthpoint SA**") has committed to taking up its full entitlement under the Rights Offer (approximately \$80 million worth of new stapled securities).

PARTICIPATING IN THE RIGHTS OFFER

This booklet contains important information on the Rights Offer to assist you in deciding whether to participate in the Rights Offer. You will find in this booklet the following important information:

- › Timetable of key dates of the Rights Offer
- › Instruction on "How to apply", detailing how to accept all or part of your Rights, or to apply for new stapled securities in excess of your entitlement, if you choose to do so
- › ASX announcements in relation to the Rights Offer and the property acquisition
- › A personalised Entitlement and Acceptance Form.

1. The Sole Lead Manager, in consultation with Growthpoint, reserves the right to determine the allocation of stapled securities that form part of any shortfall

You should read this booklet carefully and in its entirety before deciding whether to accept the Rights Offer, including in particular the 'Key Risks' section of the investor presentation. You should obtain financial advice before deciding whether or not to participate in the Rights Offer.

To participate in the Rights Offer, you will need to either complete the Entitlement and Acceptance Form and send this to Growthpoint's share registry together with your payment application monies or pay through BPAY®². You must apply for new stapled securities before 5.00pm on Monday, 23 June 2014, otherwise your Rights will lapse and may be sold on your behalf. You will not receive any value for your Rights if they lapse.

On behalf of the Growthpoint Board and management team, I encourage you to consider this investment opportunity and thank you for your continued support.

Yours sincerely

Lyn Shaddock

3 June 2014

SIGNIFICANT PROPERTY ACQUISITION AND \$125 MILLION EQUITY RAISING

Growthpoint Properties Australia (“**Growthpoint**”) today announces that it has exchanged contracts for the acquisition of the New South Wales Police Headquarters in Parramatta (“**Acquisition**”).¹ The Acquisition will be funded by an equity raising of \$80 to \$125 million and, depending on equity take-up, \$131 to \$176 million from expanded existing debt facilities.

Growthpoint also confirms its full year FY14 distributable earnings and distribution guidance and provides guidance for FY15.

Highlights

- Acquisition of the NSW Police Headquarters in Parramatta for \$241.1 million²
- Rights issue to raise up to \$125 million at an offer price of \$2.40
- Existing debt facility limit increased by \$100 million³
- Full year FY14 distribution guidance remains at 19.0 cents per stapled security
- Distributable income guidance for FY15 of 20.3 to 20.6 cents per stapled security
- Distribution guidance for FY15 of 19.7 cents per stapled security
- At the offer price, new stapled securities are expected to provide a FY15 DPS yield of 8.2%⁴

Acquisition of NSW Police Headquarters

Summary of key metrics for the Acquisition:

- Purchase price: \$241.1 million¹
- FY15 yield: 7.6%
- Weighted average lease expiry (“**WALE**”): 10 years⁵ with a further 5 year option
- Rent increases: Fixed 3.5% increases per annum, with adjustments made quarterly
- Independent valuation: Colliers have valued the property at \$241.1 million as at 30 June 2014

Growthpoint has exchanged contracts with AustralianSuper to acquire the NSW Police Headquarters, an A-grade office building for a purchase price of \$241.1 million, providing a FY15 yield of 7.6%¹. It is expected that the sale will be completed by 30 June 2014. The property is fully leased to the ‘AAA’ rated NSW State Government with a significant remaining lease duration of 10 years and a further 5 year option period.

The property is strategically located at 1 Charles Street in the heart of the Parramatta CBD and benefits from excellent transport links and local amenities. The property enjoys close proximity to the Parramatta Transport Interchange (rail and bus) as well as super-regional Westfield Parramatta and Church Street Mall. 1 Charles Street is also positioned close to the \$1.6 billion Parramatta Square redevelopment precinct, which will comprise a six stage development of residential apartments, commercial buildings and community facilities. Parramatta is the primary office CBD of Western Sydney with around 700,000 square metres of office space. The vacancy rate for “A grade” office in Parramatta is currently 0.5%⁶, which compares favourably to other major Australian office markets. The location is expected to benefit significantly from the redevelopment of Parramatta Square and extensive government infrastructure spending in Western Sydney over the next decade including development of Sydney’s second international and domestic airport at Badger’s Creek.

Completed in 2003, the building offers 31,954.1m² of lettable area across two towers both with large, efficient floor plates. The award winning building features a number of innovative design features including environmental initiatives to minimise heat gain, reduce glare and harvest rainwater and boasts a 4.5 star

¹ The contract is subject to a number of conditions including entering into deeds with the tenant and third parties. These are expected to be satisfied prior to 30 June 2014.

² Excluding acquisition costs. Under the lease, Growthpoint also assumes responsibility for a \$6 million contribution to works at the property which the tenant can call on from June 2019.

³ The increased debt facility remains subject to execution of a number of ancillary documents.

⁴ Based on guidance of 19.7 cents per stapled security.

NABERS Energy rating. The property also features a high car parking allocation of 444 underground car spaces.

Growthpoint Managing Director, Timothy Collyer, said,

“The Acquisition is a continuation of our strategy to acquire high quality, modern assets located in prime markets with long WALE and fixed rental increases which will underpin the future growth of Growthpoint’s distributable income. The Acquisition also increases Growthpoint’s weighting to NSW from 12% to 22% in accordance with a deliberate strategy to increase exposure to this State.

This transaction and the \$208 million of industrial properties purchased in 2013 and 2014 have further diversified Growthpoint’s high quality portfolio and has again demonstrated the group’s ability to source and execute quality transactions across sectors for the benefit of securityholders. We will continue to seek investment opportunities in both office and industrial property markets.”

Equity raising

Growthpoint is undertaking a 1 for 9.37 renounceable rights issue to raise up to \$125 million in new equity at an offer price of \$2.40 per new Growthpoint stapled security (“**Rights Offer**”). The offer price represents a 3.9% discount to Growthpoint’s distribution adjusted last closing price on 2 June 2014 and a 1.2% discount to the distribution adjusted 5-day volume weighted average price to 2 June 2014. At the offer price, new stapled securities are expected to provide a FY15 DPS yield of 8.2%⁷.

Growthpoint’s major securityholder, Growthpoint Properties Limited of South Africa (“**Growthpoint SA**”) has committed to take up its full entitlement under the Rights Offer (approximately \$80 million worth of new stapled securities). The Rights Offer is not underwritten.

Existing Growthpoint securityholders will receive 1 renounceable right (“**Rights**”) for every 9.37 stapled securities held on the record date of the Rights Offer. Securityholders who are eligible to participate in the Rights Offer (being those securityholders with a registered address in Australia, New Zealand or South Africa or who are otherwise eligible to participate) may choose to apply for all or some of their Rights, sell some or all of their Rights or do nothing. The Rights will trade on the Australian Securities Exchange during the rights trading period under the ASX code “GOZRA”.

Eligible securityholders who take up their entitlements in full may also apply for additional stapled securities at the offer price of \$2.40. Additional stapled securities will only be available where there is a shortfall between applications received from eligible securityholders (or persons to whom Rights have been transferred or sold) and the number of new stapled securities proposed to be issued under the Rights Offer. Securityholders who apply for additional stapled securities may be allocated a lesser number of additional stapled securities than applied for, or may be allocated no additional stapled securities at all. Growthpoint may scale back applications for additional stapled securities. After the Rights Offer closes, if a sufficient shortfall remains following the allocation of additional stapled securities (if any), Growthpoint may offer to sell new stapled securities to existing and new institutional investors via a bookbuild at the offer price of \$2.40 for any remaining stapled securities relating to any Rights not taken up. In this event, securityholders whose Rights are sold through the bookbuild will receive no value for those Rights.

New stapled securities issued under the Rights Offer will not be entitled to the distribution for the half year ending 30 June 2014. All new stapled securities will rank equally with existing stapled securities for future distributions and in all other respects. Further detail in relation to the Rights Offer will be provided to eligible Growthpoint securityholders in the Rights Offer booklet.

Expanded debt facility

In order to partly fund the Acquisition, Growthpoint has secured a \$100 million expansion of its existing Syndicated Debt Facility. This \$100 million tranche is for an initial term of one year with Growthpoint having the option to convert this into a further two or four year tranche at agreed margins under the Syndicated Debt Facility.

Growthpoint will also draw on remaining undrawn capacity within the Syndicated Debt Facility up to a maximum of \$75.9 million to partly fund the Acquisition, with the final amount drawn dependent on the take up under the Rights Offer. The weighted average cost of debt across all facilities (including the expanded facility) is expected to be 5.79% per annum (including margin).

Pro forma balance sheet gearing is expected to be 43.4% to 45.6%, depending on the take-up of the Rights Offer.

FY14 distributable earnings and distribution confirmation and FY15 guidance

Growthpoint confirms its FY14 distributable income guidance of 19.6 to 20.0 cents per stapled security and full year distribution of 19.0 cents per stapled security remains unchanged. Securities issued in the Rights Offer will not be eligible to any share in the FY14 distribution.

Growthpoint expects FY15 distributable income of 20.3 to 20.6 cents per stapled security and a distribution of 19.7 cents per stapled security, representing an expected 3.7% growth in distribution from FY14⁸.

A distribution reinvestment plan is expected to be in operation for the August 2014 distribution allowing investors to reinvest their distribution at, currently, a 2% discount to the value weighted average price for the 10 trading days from 2 July 2014⁹.

Growthpoint's Managing Director, Timothy Collyer, said, "the equity raising, in conjunction with the expansion of our existing debt facility, supports the Acquisition of a large, high quality office asset in New South Wales and further strengthens Growthpoint's portfolio. Growthpoint's distributable income growth is supported by the addition of another high quality tenant, an increase in average fixed rental reviews and a lengthened WALE."

SECTION 4:

HOW TO APPLY

THE RIGHTS OFFER

Growthpoint Properties Australia is making a Rights Offer of New Stapled Securities to Securityholders who have a registered address in Australia, New Zealand, South Africa or, for Institutional Securityholders, certain jurisdictions as determined by Growthpoint Properties Australia, (and who are not otherwise ineligible within the definition of 'Excluded Securityholders' in the Glossary).

Eligible Securityholders who are on Growthpoint Properties Australia's security register at 7.00 pm (Melbourne time) on Tuesday, 10 June 2014 (**Record Date**) will be entitled to apply for 1 New Stapled Security for every 9.37 Stapled Securities held on that date, at an issue price of \$2.40 per New Stapled Security (**Offer Price**). The Offer Price is payable in full on application.

The number of New Stapled Securities to which you are entitled is shown on the accompanying personalised Entitlement and Acceptance Form. In determining Entitlements, any fractional entitlements have been rounded up to the nearest whole number of Stapled Securities.

The New Stapled Securities will be fully paid.

DISTRIBUTION ENTITLEMENT OF THE NEW STAPLED SECURITIES

New Stapled Securities issued under the Rights Offer will **not** be entitled to any distributions for the full year ending 30 June 2014. This is because the New Stapled Securities will be issued after the ex-date for that distribution on an 'ex-distribution' basis.

New Stapled Securities issued under the Rights Offer will be entitled to the full amount of any distributions for the half year ending 31 December 2014 and will rank equally with existing securities in all other respects.

AMOUNT TO BE RAISED

Up to approximately 52.1 million New Stapled Securities will be issued and Growthpoint Properties Australia will raise up to approximately \$125 million under the Rights Offer.

UNDERWRITING AND PARTICIPATION OF MAJOR SECURITYHOLDER

Growthpoint SA, which holds approximately 64% of the issued capital of Growthpoint Properties Australia, has committed to subscribe for its full Entitlement under the Rights Offer.

The Offer will be managed by Merrill Lynch Equities (Australia) Limited (**Merrill Lynch or Sole Lead Manager**). The Offer will not be underwritten.

The degree to which Growthpoint SA's interest in Growthpoint will increase (if at all) will depend on the rate of take-up by other Eligible Securityholders and the extent to which any Stapled Securities not taken up by Eligible Securityholders are sold in the Shortfall Bookbuild.

If no other Eligible Securityholders take up their Entitlements, and no Stapled Securities that represent Shortfall are sold through the Shortfall Bookbuild, Growthpoint SA's holding would increase to around 66.3% post the Rights Offer.

Growthpoint SA does not currently intend to make any material changes to the business of Growthpoint Properties Australia despite any increase in its securityholding.

RIGHTS TRADING

The Rights Offer is renounceable. This means that Eligible Securityholders who do not wish to take up all or some of their Entitlement may sell or transfer the rights to their Entitlement (**Rights**). Information on how Rights may be sold or transferred is set out below. The Rights will be quoted on ASX. If you decide not to exercise all or part of your Rights, you should consider whether to renounce your Rights.

Excluded Securityholders will not be able to sell or transfer their Rights on ASX or otherwise.

ADDITIONAL STAPLED SECURITIES

Eligible Securityholders may, in addition to taking up their Entitlement in full, apply for Additional Stapled Securities in excess of their Entitlements. Additional Stapled Securities will only be available where there is a shortfall (**Shortfall**) between applications received from Eligible Securityholders (or from persons to whom Rights have been transferred or sold) and the number of New Stapled Securities proposed to be issued under the Rights Offer (excluding the Rights of Excluded Securityholders). Additional Stapled Securities will be issued at the Offer Price of \$2.40 per New Stapled Security. The allocation of Additional Stapled Securities, and any scaleback, will be determined by Growthpoint Properties Australia in consultation with the Sole Lead Manager.

ALLOCATION POLICY

All Eligible Securityholders who apply for New Stapled Securities will, at a minimum, have their applications satisfied up to their Entitlement, unless all or part of the Rights Offer is withdrawn. If applications for Additional Stapled Securities exceed the Shortfall, Growthpoint Properties Australia may scale back applications for Additional Stapled Securities based on factors including the pro rata entitlement of Applicants that apply for Additional Stapled Securities and the expansion of Growthpoint Properties Australia's securityholder base.

Allocation of Stapled Securities forming part of any Shortfall will be determined by the Sole Lead Manager in consultation with Growthpoint Properties Australia. Eligible Securityholders who apply for Additional Stapled Securities may be allocated a lesser number of Additional Stapled Securities than applied for, or may be allocated no Additional Stapled Securities at all, in which case excess Application Money will be refunded without interest.

SHORTFALL BOOKBUILD

Growthpoint Properties Australia may offer to sell the New Stapled Securities representing the Shortfall post any allocation of Additional Stapled Securities through a bookbuild to existing and new institutional investors (**Shortfall Bookbuild**), which would take place after the Rights Offer closes.

New Stapled Securities issued under the Shortfall Bookbuild (if any) will be sold at the Offer Price of \$2.40. Consequently, Rights holders will receive no value for their Rights not taken up.

Growthpoint Properties Australia retains the absolute discretion to not conduct a Shortfall Bookbuild if, in its opinion, there are insufficient New Stapled Securities available to properly conduct a bookbuild.

ALTERNATIVES AVAILABLE

If you are an Eligible Securityholder, you may take any of the following actions:

1. Take up your Entitlement in full*.
 2. Take up your Entitlement in full and apply for Additional Stapled Securities*.
 3. Sell your Rights in full on ASX*.
 4. Take up part of your Entitlement and sell the remaining Rights on ASX*.
 5. Take up part of your Entitlement*.
6. Transfer all or part of your Rights to another person other than via ASX, with or without taking up the balance of your Entitlement*.
 7. Do nothing and allow all of the New Stapled Securities representing your Entitlement to be offered to other Eligible Securityholders who apply for Additional Stapled Securities or sold through the Shortfall Bookbuild, if one is conducted (in which case you will receive no value for your Rights) (refer to page 11 'Shortfall Bookbuild').

*Note: refer below for details of 'What You Need to Do'

As a result of this Rights Offer, Securityholders who do not take up all of their Entitlement will have their percentage securityholding in Growthpoint Properties Australia diluted.

ROLE OF YOUR STOCKBROKER

Where you elect to sell Rights, your stockbroker will act on your behalf. Growthpoint Properties Australia accepts no responsibility for any failure by your stockbroker to carry out your instructions. Persons buying Rights will need to pay the Application Money to take them up and should follow the directions of their stockbroker.

ENTITLEMENTS OF EXCLUDED SECURITYHOLDERS

In compliance with Listing Rule 7.7.1 and sections 708AA and 1012DAA (including section 9A) of the Corporations Act, Growthpoint Properties Australia will arrange for the sale on ASX of the Rights that would have been granted to Excluded Securityholders. Growthpoint Properties Australia will direct the net proceeds (if any) to Excluded Securityholders.

The Sole Lead Manager will have the absolute and sole discretion to determine the timing and the price at which the Rights may be sold and the manner in which any sale is made. Any interest earned or the proceeds of the sale of these Rights will be applied against the expenses of such sale, including brokerage, and any balance will accrue to Growthpoint Properties Australia.

The net proceeds of sale (if any) will be paid in Australian dollars to the Excluded Securityholders for whose benefit the Rights have been sold in proportion to their securityholdings (after deducting expenses). If any such net proceeds of sale are less than the reasonable costs that would be incurred by Growthpoint Properties Australia for distributing those proceeds, such proceeds may be retained by Growthpoint Properties Australia.

Notwithstanding that Growthpoint Properties Australia may sell Rights, Excluded Securityholders may nevertheless receive no net proceeds if the costs of the sale are greater than the sale proceeds.

Growthpoint Properties Australia will not be liable for a failure to sell Rights or to sell Rights at any particular price. If, in the reasonable opinion of Growthpoint

Properties Australia, there is no market for the Rights of Excluded Securityholders, or a surplus over the sale-related expenses is unlikely to be obtained for the Rights that would have been offered to the Excluded Securityholders, then the New Stapled Securities that represent these Rights may be offered for sale through the Shortfall Bookbuild, if one is conducted.

SECTION 5:

IMPORTANT INFORMATION

GENERAL

You should read the information in this Offer Booklet carefully and in its entirety before deciding whether to invest in New Stapled Securities. **In particular, you should consider the risk factors outlined in the Investor Presentation contained in this Offer Booklet at page 21-35, which was separately released to the ASX on Tuesday, 3 June 2014 that could affect the operating and financial performance of Growthpoint Properties Australia or the value of an investment in Growthpoint Properties Australia.**

Growthpoint Properties Australia has applied for the grant by ASX of official quotation of the New Stapled Securities. If the ASX does not grant quotation for the New Stapled Securities, Growthpoint Properties Australia will not allot any New Stapled Securities and all Application Money will be refunded without interest.

It is expected that normal trading will commence in relation to New Stapled Securities issued under the Rights Offer on Tuesday, 1 July 2014 (excluding any issued under any Shortfall Bookbuild). Growthpoint Properties Australia disclaims all liability (to the maximum extent permitted by law) to persons who trade New Stapled Securities before the New Stapled Securities are quoted on ASX or receiving their confirmation of issue, whether on the basis of confirmation of the allocation provided by Growthpoint Properties Australia or the Registry.

EXCLUDED SECURITYHOLDERS

Growthpoint Properties Australia is only making an offer under the Rights Offer to Eligible Securityholders. An Eligible Securityholder is a holder of Stapled Securities who is registered as a holder of Stapled Securities as at 7.00pm (Melbourne time) on the Record Date and who is not an Excluded Securityholder.

A person will be an **Excluded Securityholder** if that person:

- › has a registered address which is not in Australia, New Zealand or South Africa (or, for Institutional Securityholders, any other jurisdiction as Growthpoint Properties Australia determines);
- › is in the United States or is a U.S. Person (as defined in Regulation S under the U.S. Securities Act of 1933) or acting for the account or benefit of a U.S. Person; or
- › is ineligible under any applicable securities laws to receive an offer under the Rights Offer.

Growthpoint Properties Australia has decided that it is unreasonable to extend the Rights Offer to Excluded Securityholders having regard to:

- › the number of Securityholders outside Australia, New Zealand and South Africa;
- › the number and value of New Stapled Securities that would be offered to Securityholders outside of Australia, New Zealand and South Africa; and
- › the cost of complying with the legal requirements, and requirements of regulatory authorities, in the overseas jurisdictions.

NOT INVESTMENT ADVICE

The information in this Offer Booklet is not a prospectus under the Corporations Act and has not been lodged with ASIC. It does not contain all the information that would be required to be included in a prospectus. It is also not financial product advice and has been prepared without taking into account your investment objectives, financial circumstances or particular needs. Growthpoint Properties Australia is not licensed to provide financial product advice in respect of the New Stapled Securities.

The information in this Offer Booklet does not purport to contain all the information that you may require to evaluate a possible application for New Stapled Securities.

Before deciding whether to apply for New Stapled Securities (including any Additional Stapled Securities), you should consider whether they are a suitable investment for you in light of your own investment objectives and financial circumstances and having regard to the merits or risks

involved. If, after reading the information in this Offer Booklet, you have any questions about the Rights Offer, you should contact your stockbroker, accountant or other independent professional adviser.

NO COOLING OFF RIGHTS

Cooling off rights do not apply to an investment in New Stapled Securities. You cannot withdraw your application once it has been accepted.

RISKS

The 'Key Risks' section of the Investor Presentation details important factors and risks that could affect the financial and operating performance of Growthpoint Properties Australia. You should consider these risk factors carefully in light of your personal circumstances, including financial and taxation issues, before making an investment decision in connection with the Rights Offer.

Please consult with your stockbroker, accountant or other independent professional adviser if you have any queries or are uncertain about any aspects of the Rights Offer.

TAXATION

Set out below is a summary of the Australian tax implications of the Rights Offer for Eligible Securityholders who are residents of Australia for tax purposes and who hold their Stapled Securities as capital assets.

The summary below does not apply to Eligible Securityholders who hold their Stapled Securities as assets used in carrying on a business or who may carry on the business of security trading, banking or investment.

The summary below does not apply to Eligible Securityholders whose Stapled Securities are held through an employee security plan or whose Stapled Securities are held as revenue assets or trading stock.

The summary below also does not take account of any individual circumstances of any particular Eligible Securityholder. Eligible Securityholders should seek specific advice applicable to their own particular circumstances from their own financial or tax advisers.

The summary below is based on the law in effect as at the date of this Offer Booklet.

ISSUE OF RIGHTS

Subject to the qualifications noted above, the issue of the Rights will not itself result in any amount being included in the assessable income of an Eligible Securityholder.

EXERCISE OF RIGHTS

Eligible Securityholders who exercise their Rights and are allocated New Stapled Securities (including any Additional Stapled Securities applied for and allocated) will have a cost base for capital gains tax (CGT) purposes of their new units and shares in, respectively, Growthpoint Properties Australia Trust (the **Trust**) and Growthpoint Properties Australia Limited equal to a reasonable apportionment of the offer price payable by them for those stapled securities plus a reasonable apportionment of any non-deductible incidental costs they incur in acquiring them.

Eligible Securityholders will not make any capital gain or loss, or assessable income, from exercising Rights or subscribing for the New Stapled Securities.

SALE OR TRANSFER OF RIGHTS

The sale or transfer of Rights will give rise to a CGT event for a Securityholder on the date of sale or transfer. On the basis that Securityholders will have little or no cost base in their Rights, a Securityholder that:

- (a) sells their Rights on ASX will make a capital gain broadly equal to the sale proceeds received; or
- (b) transfers their Rights other than by sale on ASX will make a capital gain broadly equal to the sale proceeds received or the market value of those Rights at the time of transfer (if the sale proceeds are more or less than the market value of those Rights).

On the basis that Rights are to be issued to existing Securityholders, the Rights will be treated for the purposes of the CGT rules as having been acquired when the Securityholder's securities were acquired. In order to benefit from the CGT discount that

may be available to individuals, trust and complying superannuation funds in respect of a sale or transfer of Rights, the Securities to which the Rights relate must have been held for at least 12 months before the sale or transfer of the Rights.

NEW STAPLED SECURITIES

Eligible Securityholders who exercise their Rights will acquire New Stapled Securities (including any Additional Stapled Securities applied for and allocated). Any future dividends or other distributions made in respect of those New Stapled Securities will be subject to the same taxation treatment as dividends or other distributions made on Stapled Securities held in the same circumstances.

If Eligible Securityholders receive a 'tax deferred' distribution, it will generally not be included in an Eligible Securityholder's assessable income. However the tax deferred component will reduce the cost base of the units in the Trust (as described above) and a capital gain will arise to the extent a tax deferred distribution exceeds the cost base of the units.

On any future disposal of New Stapled Securities, Eligible Securityholders may make a capital gain or capital loss, depending on whether the capital proceeds of that disposal are more than the cost base or less than the reduced cost base of the New Stapled Securities.

New Stapled Securities will be treated for the purposes of the CGT discount as having been acquired when the Eligible Securityholder exercised the Right to subscribe for them. Accordingly, in order to benefit from the CGT discount in respect of a disposal of those stapled securities, they must have been held for at least 12 months after that date before the disposal occurs.

OTHER AUSTRALIAN TAXES

No Australian Goods and Services Tax (GST) or stamp duty is payable in respect of the grant or exercise of Rights or the acquisition of New Stapled Securities⁴.

Securityholders should seek their own professional advice.

KEY RISKS

PROPERTY ACQUISITIONS

A key element of the Group's future strategy will involve the acquisition of properties to add to its property portfolio. Whilst it is the Group's policy to conduct a thorough due diligence process in relation to any such acquisition, risks remain that are inherent in such acquisitions.

Growthpoint may acquire assets to add to its portfolio. There are inherent risks in such acquisitions. These risks could include unexpected problems or other latent liabilities such as the existence of asbestos or other hazardous materials or environmental liabilities. There are also risks associated with integration of businesses, including financial and operational issues as well as employee related issues. There is also a risk the expected benefits, synergies and other advantages in relation to the acquired assets will not be realised. Growthpoint's value, earnings and distributable income may be adversely affected by the occurrence of any of these risks.

COUNTERPARTY / CREDIT RISK

A-REITs are exposed to the risk that third parties, such as tenants, developers, service providers and financial counterparties to derivatives (including foreign exchange and interest rate hedging instruments) and other contracts may not be willing or able to perform their obligations.

TENANT RISK

There is a risk that tenants may default on their rental or other obligations under leases with the Group, leading to a reduction in future income which may impact on the value of properties owned by the Group. Furthermore, there is a risk that the Group will be unable to negotiate suitable lease extensions from existing tenants or replace current leases with new tenants on similarly commercial terms which may impact the value of properties owned by the Group.

The Group relies on certain key tenants for the majority of its revenue. Any financial difficulty or insolvency affecting a key tenant, or a breach of lease by a key tenant, could have a material adverse effect on the Group's financial performance or position.

MARKET PERCEPTION RISK

The extent to which the Rights Offer enhances value for Securityholders depends on the Rights Offer being viewed as a positive initiative by the market. There is a risk that this will not be the case. For example, the market may not value the (enlarged) Group as highly as anticipated, because of concerns relating to factors such as the potential for other acquisitions which reduce headroom in debt facility covenants and the continued level of control held by Growthpoint SA. This may adversely impact on the market price of the Securities. The market value of the Securities may also differ from the underlying NTA.

RIGHTS OFFER

The Rights Offer is not underwritten. There is a risk that Growthpoint will raise less proceeds than outlined in the presentation, depending on the level of take-up by securityholders. If less than the full proceeds are raised, Growthpoint will draw on additional debt under its existing facilities. Pricing on the Syndicated Debt Facility will increase by 0.10% where the LVR under the Syndicated Debt Facility agreement increases and remains above 45%. If no other Securityholders take up entitlements other than Growthpoint SA and no Securities are issued under any shortfall bookbuild, Growthpoint's pro forma 31 December 2013 gearing would be 45.6%.

Growthpoint SA has committed to take up its full entitlement under the Rights Offer (approximately \$80 million worth of new Securities).

TRUST TAXATION STATUS

Currently, the Growthpoint Properties Australia Trust will not incur tax on income provided that income is distributed. However, the trust would lose this tax transparency if there is a legislative change which removed the tax transparency of property trusts or Growthpoint Properties Australia Trust engages in business activities which lead to it being subject to tax at the corporate tax rate. It is the intention of the Directors that the Growthpoint Properties Australia Trust will be managed so that the trust is not taxed at the corporate rate under the existing law.

Depending on investors' individual circumstances, a loss of the Growthpoint Properties Australia Trust's tax transparency may adversely affect post tax investment returns. In addition, the taxation treatment of Securityholders is dependent upon the tax law as currently enacted in Australia and other relevant jurisdictions. Changes in tax law or changes in the way tax law is expected to be interpreted in Australia or such other jurisdictions may adversely impact the tax outcomes for Securityholders.

Changes to the unit holder composition could impact Growthpoint Properties Australia Trust and its subsidiary entities' ability to utilise prior and current year tax losses. While GOZ does not anticipate the Rights Offer will trigger a change of control for tax purposes, any movements in the register will be factored into future change of control monitoring.

KEY RISKS CONTINUED

CAPITAL EXPENDITURE

There is a risk that unforeseen capital expenditure may be required under the terms of the current property leases. This may in turn impact the cash available to service debt and the value of the Group.

ENVIRONMENTAL

The Group's properties may, from time to time, be exposed to a range of environmental risks, including asbestos, which may require remedial work and potentially expose the Group to third party liability. This could potentially impact earnings, distributions and property values.

COMPETITION

The value of property held by the Group may be negatively affected by oversupply or overdevelopment in surrounding areas. Alternatively, prices for properties the Group is considering for acquisition may be inflated via competing bids by other prospective purchasers.

FUNDING AND REFINANCING RISK

Market volatility has had a significant impact on the real estate sector and its ability to access capital from investors. The real estate investment industry tends to be highly capital intensive. The ability of the Group to raise funds on favourable terms for future refinancing (first requirement 30 June 2015) and acquisitions depends on a number of factors including general economic, political, and capital and credit market conditions. The inability of the Group to raise funds on favourable terms for future acquisitions and refinancing could adversely affect its ability to acquire new properties or refinance its debt.

SECURITY MARKET PRICES

The market price of the Securities will depend on a variety of factors. The price at which these Securities trade on the ASX could deviate materially from their offer price. Factors including general movements in interest rates, domestic and international capital markets, macro-economic conditions, global geo-political events and hostilities, investor perceptions and other factors could all impact the market price performance.

INTEREST RATES

To the extent that interest rate exposure has not been hedged, fluctuations in interest rates could impact the Group's funding costs adversely, resulting in a decrease in distributable income. Furthermore, fluctuations in interest rates may impact the Group's earnings before interest due to the impact this may have on the property market in which the Group operates.

INSURANCE

The Group purchases insurance as is customary for property owners and managers. This insurance provides a degree of protection for the Group's assets, liabilities and people. There is a risk that insurance may not be available or sufficient. Furthermore, there are some risks that are uninsurable or risks where the insurance coverage is reduced.

PROPERTY MARKET RISKS

The Group will be subject to the prevailing property market conditions in the sectors in which it operates. Adverse changes in market sentiment or market conditions may impact the Group's ability to acquire, manage or develop assets, as well as the value of the Group's properties and other assets. These impacts could lead to a reduction in earnings and the carrying value of assets.

DEBT COVENANTS

The Group's debt facilities are subject to a variety of covenants including interest coverage ratios and loan to value ratios. In the event of unforeseen fluctuations in rental income or a fall in asset values, the Group may be in breach of its loan covenants and be required to repay amounts outstanding under the debt facilities immediately and sell properties at unacceptable prices. Furthermore, there is a risk that unforeseen capital expenditure may be required under the terms of the current leases. This may in turn impact the cash available to service debt.

LITIGATION AND DISPUTES

Legal and other disputes (including industrial disputes) may arise from time to time in the ordinary course of operations. Any such dispute may impact on earnings or affect the value of the Group's assets.

REGULATORY ISSUES AND CHANGES IN LAW

Changes in laws or regulatory regimes may have a materially adverse impact on the financial performance of the Group by reducing income or increasing costs such as changes to environmental laws which may impact forecast capital expenditure.

KEY RISKS CONTINUED

PROPERTY VALUATION RISK

The value of properties held by the Group may fluctuate from time to time due to market and other conditions. Factors relevant to determining value include rental, occupancy levels and property yield, and these may change significantly over time for a variety of reasons. External and Directors' valuations represent only the analysis and opinion of such persons at a certain date and they are not guarantees of present or future values. The values of properties may impact on the value of an investment in the Group.

BUILDINGS CONDITION AND DEFECTS

The Group's properties are professionally managed by experienced property managers. Nevertheless, there is a risk that latent defects in the properties may prevent the properties being available for their intended use or may require additional capital expenditure. This may adversely affect returns available to Securityholders.

PROPERTY ILLIQUIDITY RISKS

Property assets are by their nature illiquid investments. Therefore, it may not be possible for the Group to dispose of assets in a timely manner should it need to do so. In addition, to the extent that there may be only a limited number of potential buyers for the properties, the realisable value of those assets may be less than book value of those assets.

EMPLOYEES AND DIRECTORS

The Group is reliant on retaining its key directors, senior executives and other employees. The loss of any director, senior executive or key employee could negatively impact the Group's operations.

GENERAL ECONOMIC CONDITIONS

The Group's operating and financial performance is influenced by a variety of general economic and business conditions, including the level of inflation, interest rates, ability to access funding, oversupply and demand conditions and government fiscal, monetary and regulatory policies. Prolonged deterioration in these conditions, including an increase in interest rates and an increase in the cost of capital could have a material adverse impact on the Group's operating and financial performance.

CHANGES IN ACCOUNTING POLICY

The Group must report and prepare financial statements in accordance with prevailing accounting standards and policies. There may be changes in these accounting standards and policies in the future which may have an adverse impact on the Group.

FORWARD LOOKING STATEMENTS AND FINANCIAL FORECASTS

There can be no guarantee that the assumptions and contingencies contained within forward looking statements, opinions or estimates (including projections, guidance on future earnings and estimates) will ultimately prove to be valid or accurate. The forward looking statements, opinions and estimates depend on various factors, many of which are outside the control of the Group.

No assurances can be given in relation to the payment of future distributions. Future determinations as to the payment of distributions by the Group will be at the discretion of the Directors and will depend upon the availability of profits, the operating results and financial condition of the Group, future capital requirements, covenants in relevant financing agreements, general business and financial conditions and other factors considered relevant by the Directors. No

assurance can be given in relation to the level of franking or tax deferral of future distributions. Franking or tax deferred capacity will depend upon the amount of tax paid in the future, the existing balance of franking credits and other factors.

FIXED NATURE OF COSTS

Many costs associated with the ownership and management of property assets are fixed in nature. The value of properties (and the value attributed to Growthpoint) may be adversely affected if the income from the asset declines and these fixed costs remain unchanged.

LAND VALUES

Events may occur from time to time that affect the value of land which may then impact the financial returns generated from particular property related investment businesses or projects. For example, unanticipated environmental issues may impact on the future earnings of Growthpoint. Such events may materially affect Growthpoint's earnings and value.

FOREIGN EXCHANGE/CURRENCY RISK

All information in this Presentation is provided in Australian dollars. Securityholders who are based outside of Australia, or who rely on funding denominated in currency(s) other than the Australian dollar, should be aware of the impact that fluctuations in exchange rates may have on the value of their investments in, and returns from, the Group.
