### **Reinstatement of lime supply to major customer in the Northern Territory**

Adelaide Brighton refers to the outlook statement in Martin Brydon's address at the Company's Annual General Meeting on 21 May 2014, which stated the Company's lime sales volumes for 2014 were likely to be down by around 5% on the previous year due to the temporary suspension of operations by a major lime customer in the Northern Territory and the impact of gold mine closures that occurred in the second half of 2013.

Further to that announcement, Adelaide Brighton advises that the temporary suspension of operations by a major lime customer in the Northern Territory has concluded and lime sales to that customer will resume following the progressive recommencement of its operations.
