### Estimated distribution guidance for full year ending 30 June 2015

Distributable profit for the financial year ending 30 June 2015 is expected to be between 20.3 to 20.6 cents per stapled security. Growthpoint will continue to payout as much distributable profit as is reasonably prudent to securityholders and currently expects its payout ratio to remain above 90% for some time. In determining its payout ratio, Growthpoint will consider its capital expenditure and working capital requirements as well as current and anticipated business and financial conditions, especially as they relate to raising debt and equity capital.

In light of the above, Growthpoint’s directors are pleased to reaffirm, subject to current market conditions continuing, estimated distribution guidance for the financial year ending 30 June 2015 of 19.7 cents per stapled security; a 3.7% increase on the previous financial year.

This annual distribution is expected to be paid through the distribution of 9.8 cents per stapled security in February 2015 and the distribution of 9.9 cents per stapled security in August 2015. A declaration in relation to these distributions will be made in accordance with the ASX Listing Rules prior to their record dates.

The tax deferred status of each distribution payable in respect of the year ending 30 June 2014 will be confirmed with the full year financial results to be released on or around 18 August 2014.
