Exclusive Sale Agreement between Venus and Uniphos

Australia New Agribusiness & Chemical Group Ltd (the “Company” or “New Agri”) is pleased to announce that the Company via its subsidiary company, Australia Venus Resource Pty Ltd (“Venus”, previously called “Australia Venus Phosphate Fertiliser Pty Ltd”), has entered into an Exclusive Sale Agreement (the “Agreement”) with Uniphos Co. Limited (“Uniphos”) for Venus to supply its phosphate rock to Uniphos subject to the following terms and conditions:

1. Uniphos is the exclusive distribution agent for Venus once its Korella tenement is in full production.
2. The term of the Agreement is valid for Eight (8) years and the distribution price shall be tailored at the beginning of each calendar year.
3. Between June 2015 and June 2016, Venus will firstly supply 10,000 phosphate rock samples to Uniphos with 30% P₂O₅ rate. Once the full mining production occur, Venus will supply phosphate product according to Uniphos’s purchase order which to be made 30 business days in advance.
4. The sale price shall be adjusted yearly. Venus and Uniphos will jointly attend a meeting in the first month of each calendar year to set up a yearly sale price and executed sale agreement. Both parties agree that the price will be negotiated if the phosphate world market price is fluctuate wildly.
