Review of results and operations

Revenues of the consolidated entity for the half year to 31 December 2014 were \$293,937,000, a decrease of 5.6% from the revenues for the previous corresponding half year (2013: \$311,277,000).

The reduction in revenue was primarily driven by the North American segment which was impacted by a resetting of the juicer category (expected to stabilise during the second half of the 2015 financial year). Excluding the juicer category, there was good low double digit revenue growth in North America reflecting a strong diversified product presence.

The decrease in group EBIT by 4.5% to \$43,559,000 (2013: \$45,593,000) for the half year ended 31 December 2014 was caused primarily by the lower sales in the North American segment. The Australia and New Zealand segment showed EBIT growth, following selective price increases, brand sales mix and cost efficiency savings.

The continued success of Sage in the UK, which achieved double digit revenue growth and now represents approximately one third of the rest of world segment revenue, partially offset the lower rest of world distribution business revenues.

The basic earnings per share for the consolidated entity was 22.80 cents per share (2013: 23.97 cents per share).

Principal activities

During the half year, the principal activities of the consolidated entity were the innovation, development, marketing and distribution of small electrical appliances.

In Australia and New Zealand, the group trades under its company owned brands, Breville and Kambrook and also distributes a range of Philips' products in the personal care and garment care categories under a licence agreement with Philips.

In North America, the group distributes Breville branded products through premium channels.

In the United Kingdom the marketing and distribution of Breville designed products through premium channels is under the company owned Sage brand, which is endorsed by internationally acclaimed chef Heston Blumenthal.

The group's Hong Kong office performs the functions of a group procurement and quality assurance centre and also, a supplier of primarily Breville designed products to distributors globally. These distributors are located outside of the group's principal markets of Australia, New Zealand, North America and the United Kingdom. The products sold to distributors located in Europe (excluding United Kingdom) are sold on a non-Breville branded basis. The products sold to distributors outside of Europe, including in the Asia Pacific region, the Middle East and South America, are Breville branded products.

Directors' report (continued)

Rounding

The amounts contained in this report and in the financial report have been rounded to the nearest \$1,000 (where rounding is applicable) under the option available to the company under ASIC class order 98/100. The company is an entity to which the class order applies.

Auditor's independence declaration

Notes to the half year report

for the half year ended 31 December 2014

Note 1. Basis of preparation of the half year financial report

(a) Corporate information

The financial report of Breville Group Limited (the company) for the half year ended 31 December 2014 was authorised for issue in accordance with a resolution of the directors on 24 February 2015. Breville Group Limited is a for profit company limited by shares incorporated in Australia. Breville Group Limited shares are quoted on the Australian Securities Exchange.

The nature of the operations and principal activities of the group are described in the directors' report.

(b) Summary of significant accounting policies

The half year consolidated financial report does not include all notes of the type normally included within the annual financial report and therefore cannot be expected to provide as full an understanding of the financial performance, financial position and financing and investing activities of the consolidated entity as the full financial report.

The half year report should be read in conjunction with the annual report of Breville Group Limited as at 30 June 2014.

It is also recommended that the half year report be considered together with any public announcements by Breville Group Limited and its controlled entities during the half year ended 31 December 2014 in accordance with the continuous disclosure obligations arising under the Corporations Act 2001.

Where necessary, comparatives have been reclassified and repositioned for consistency with current half year disclosures.

(i) Basis of accounting

The half year consolidated financial report is a general purpose financial report, which has been prepared in accordance with the requirements of the Corporations Act 2001 and AASB 134 *Interim Financial Reporting*.

The half year financial report has been prepared on a historical cost basis, except for derivative financial instruments that have been measured at fair value.

The amounts contained in this report have been rounded to the nearest \$1,000 (where rounding is applicable) under the option available to the company under ASIC class order 98/100. The company is an entity to which the class order applies.

For the purpose of preparing the half year financial report, the half year has been treated as a discrete reporting period.

(ii) Significant accounting policies

The accounting policies adopted in the preparation of the half year consolidated financial statements are consistent with those followed in the preparation of the group's annual consolidated financial statements for the year ended 30 June 2014.

(iii) Basis of consolidation

The half year consolidated financial statements comprise the financial statements of Breville Group Limited and its subsidiaries as at 31 December 2014 (the group).

(c) Seasonality of operations

The financial performance of the group is exposed to seasonality in the volume of sales; such that the company's financial performance is historically weighted in favour of the half year to 31 December. This seasonality is a reflection of the additional retail sales generated during the Christmas trading period each year.

This seasonality in the volume of sales also generally results in a higher level of receivable and inventory balances at the half year compared to year end, resulting in a higher working capital requirement and lower operating cash flows at the half year.

| Total cash and cash equivalents, net | 41 | ,937 | 70,88 | 35 41,853 |

Note 4. Financial assets and liabilities

Financial instruments

During the half year, the group designated forward exchange contracts in hedges of highly probable forecasted purchases of inventory, principally in US dollars. The forecast purchases are expected to occur between 0-12 months from 1 January 2015. The terms of the forward exchange contracts have been negotiated to match the terms of the forecast transactions. Consequently, the hedges were assessed to be highly effective. As at 31 December 2014, an unrealised gain of \$4,643,000 (2013: loss of \$1,012,000) is included in other comprehensive income.

Forward exchange contracts are initially recognised in the statement of financial position at fair value and subsequently remeasured to their fair value. Accordingly, there is no difference between the carrying value and the fair value of derivative financial instruments at reporting date.

The carrying value and estimated net fair values of the borrowings held with banks is assumed to approximate their fair value, being the amount at which the liability could be settled in a current transaction between willing parties.

for the half year ended 31 December 2014

Note 4. Financial assets and liabilities (continued)

Fair value hierarchy

The Group uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1 — quoted (unadjusted) prices in active markets for identical assets or liabilities

Level 2 — other techniques for which all inputs that have a significant effect on the recorded fair value are observable, either directly or indirectly

Level 3 — techniques that use inputs that have a significant effect on the recorded fair value that are not based on observable market data.

All forward exchange contracts were measured at fair value using the Level 2 method.

Valuation techniques

The forward exchange contracts are measured based on observable spot exchange rates, the yield curves of the respective currencies as well as the currency basis spreads between the respective currencies.

Note 5. Plant and equipment

Acquisitions and disposals

During the half year ended 31 December 2014, the group capitalised items into plant and equipment with a cost of \$2,761,000 (2013: \$1,936,000). Plant and equipment with a net book value of nil were disposed of by the group during the half year ended 31 December 2014 (2013: nil), resulting in a profit on disposal of nil (2013: profit \$7,000).

Note 6. Intangible assets

Additions and disposals

During the half year ended 31 December 2014, the group capitalised items into intangible assets (including goodwill, customer relationships, computer software and development costs) with a cost of \$12,532,000 (2013: \$4,516,000). Intangible assets with a net book value of \$nil were disposed of by the group during the half year ended 31 December 2014 (2013: \$227,000), resulting in a profit on disposal of \$nil (2013: \$nil).

During the half year ended 31 December 2014, the group acquired the culinary division of the USA based business PolyScience for upfront consideration of \$5,310,000 plus an earnout which is included in other payables, resulting in the recognition of goodwill of \$6,489,000 and customer relationships of \$1,835,000 (included as part of intangible assets capitalised, as described above).

To the members of Breville Group Limited

Report on the Half-Year Financial Report

We have reviewed the accompanying half-year financial report of Breville Group Limited, which comprises the condensed statement of financial position as at 31 December 2014, the condensed statement of comprehensive income, condensed statement of changes in equity and condensed statement of cash flows for the half-year ended on that date, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration of the consolidated entity comprising the company and the entities it controlled at the half-year end or from time to time during the half-year.

Directors' Responsibility for the Half-Year Financial Report

The directors of the company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal controls as the directors determine are necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the consolidated entity's financial position as at 31 December 2014 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*. As the auditor of Breville Group Limited and the entities it controlled during the half-year, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Independence

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*. We have given to the directors of the company a written Auditor's Independence Declaration, a copy of which is included in the Directors' Report.

Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Breville Group Limited is not in accordance with the *Corporations Act 2001*, including:

- a) giving a true and fair view of the consolidated entity's financial position as at 31 December 2014 and of its performance for the half-year ended on that date; and
- b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.
