Termination of Agreement to acquire Franklyn Blinds Awnings Security

Kresta Holdings Limited (**Company**) refers to its announcement on 24 December 2014 that it had entered into a conditional agreement to acquire the Franklyn Blinds Awnings Security business located in Queensland.

The agreement was conditional on a number of items and unfortunately one of these conditions was not able to be satisfied within the current contractual timeframe. Accordingly the Company has no choice but to terminate the Agreement.

The Company will continue to focus and invest in its existing brands and markets and will consider any further strategic acquisition opportunities on a case by case basis.
