Estimated distribution guidance for full year ending 30 June 2016

Distributable profit for the financial year ending 30 June 2016 is expected to be at least 21.3 cents per stapled security.

Growthpoint will continue to payout as much distributable profit as is reasonably prudent to securityholders and currently expects its payout ratio to remain above 90% for some time. In determining its payout ratio, Growthpoint will consider its capital expenditure and working capital requirements as well as current and anticipated business and financial conditions, especially as they relate to raising debt and equity capital.

In light of the above, Growthpoint’s directors are pleased to advise, subject to current market conditions continuing, estimated distribution guidance for the financial year ending 30 June 2016 of 20.5 cents per stapled security; a 4.1% increase on the previous financial year.

This annual distribution is expected to be paid through the distribution of 10.2 cents per stapled security on 29 February 2016 and the distribution of 10.3 cents per stapled security on 31 August 2016. The tax deferred status of each distribution payable in respect of the year ending 30 June 2016 will be confirmed with the full year financial results to be released on or around 17 August 2016.
