

23 June 2015

Dear Shareholder

Australia United Mining Limited Pro-Rata Non-Renounceable Rights Issue

On 22 June 2015, Australia United Mining Limited ACN 126 540 547 (**AUML** or the **Company**) announced that it would undertake a pro-rata non-renounceable rights issue on a 1-for-3 basis (**Offer**) to holders of ordinary shares (**Shares**) in the Company (**Shareholders**) with a registered address in Australia or New Zealand (**Eligible Shareholders**) as at 7:00pm (AEDT) on Friday 26 June 2015 (**Record Date**).

The Company has prepared an Offer Document in relation to the Offer. The Offer Document was lodged with the Australian Securities Exchange (**ASX**) on Monday 19 June 2015 and a copy is available on the ASX website at www.asx.com.au (ASX: AYM).

The Offer Document will be despatched to Eligible Shareholders in Australia and New Zealand on Monday 29 June 2015.

Treatment of ineligible shareholders

The Company has determined that it would be unreasonable to extend the Offer to shareholders with a registered address outside Australia or New Zealand, (**Ineligible Shareholders**) having regard to:

- the small number of shareholders with addresses in such other countries;
- the number and value of the shares they hold; and
- the cost to the Company of complying with applicable legal and regulatory requirements in such other countries.

Accordingly, Eligible Shareholders are those shareholders who:

- will be on the Company's register of shareholders as at the Record Date; and
- have a registered address in Australia or New Zealand.

Details of the Offer

Pursuant to the Offer, which is made on a 1-for-3 basis, the Company will issue up to 242,107,716 fully paid ordinary Shares (**New Shares**) in the capital of the Company (which number may vary due to rounding up of fractional entitlements under the Offer) at an issue price of 1 cent each, to raise up to \$2,421,077.16 (before costs of the Offer).

The rights issue offers Eligible Shareholders the right to take up 1 New Share for every 3 Shares held as at the Record Date at an issue price of 1 cent per New Share (**Entitlement**). The right to subscribe for New Shares in accordance with an Entitlement under the Offer will be non-renounceable. Shareholders who subscribe for their full Entitlement will also be entitled to apply for additional New Shares in excess of their full Entitlement under a shortfall facility. The Company will only issue up to the aggregate number of New Shares that are offered under the Offer, being 242,107,716 Shares, therefore it may be necessary to scale-back applications for additional shares under the shortfall facility if all applications exceed this number.

The Offer will not be underwritten. In the event that, following the close of the Offer a shortfall remains, the Directors reserve the right to place such shortfall shares at their discretion with persons interested in subscribing for shares in the Company within 3 months of the close of the Offer. The New Shares issued under the Offer will be fully paid and will rank equally with the Company's existing Shares. The Company will make an application to the ASX for official quotation of the New Shares.

The number of Shares on issue in the Company at the date of this letter and the total number of Shares that will be on issue in the Company following the Offer, assuming the Offer is fully subscribed, are as follows:

EVENT	NO. OF SHARES
Shares on issue at date of Offer Document	726,323,148
Maximum New Shares issued pursuant to the Offer	242,107,716
Maximum total Shares on issue after completion of the Offer	968,430,864

Purpose of Offer and use of funds

AUML is making the Offer to raise funds. After payment of the costs and expenses of the Offer, the proceeds from the Rights Issue will firstly be used to strengthen AUML's balance sheet and discharge current liabilities. Any remaining funds will be applied to meet AUML's general working capital requirements, including payment of overheads, and to enable the Company to implement and execute its business objectives in relation to its exploration projects. In particular, the Company intends to apply funds to continue with its development of a regional exploration and mining strategy in both Queensland and NSW, as described in the Company's quarterly activities report for the period ended 31 March 2015, with the aim of developing future JORC compliant resources.
