**Asian Masters Fund Limited
(ASX: AUF)
Updated Dividend Reinvestment Plan**

The Board of Asian Masters Fund Limited (**Company**) advises that it has updated the methodology to calculate the reinvestment price for dividends in the Company's Dividend Reinvestment Plan (**DRP**) to align it with market practice.

The reinvestment price will be calculated using the arithmetic average of the daily volume weighted average market price per share during the ten trading days commencing on the trading day following the relevant record date. If the Company's shares do not trade on a minimum of five days during the ten trading day period, the reinvestment price will be the most recently announced net asset value per share, before the provision for tax, available at 7pm on the last trading day of the ten trading day period.

A copy of the Dividend Reinvestment Plan is attached to this announcement.
