ASX Announcement

Appointment of Non-Executive Director

24 July 2015

The Directors of Alligator Energy Ltd (ASX:AGE) (**Alligator** or **Company**) are pleased to announce the appointment of Greg Hall as a non-executive director of the Company.

Greg joins the Company after more than 27 years' experience as an executive in the resources sector. His experience includes employment with large listed companies such as North, WMC and Rio Tinto as well as listed juniors such as Toro Energy and Hillgrove Resources.

Importantly Greg has a deep understanding of the uranium sector through his role as Marketing Manager for ERA/Rio Tinto Uranium and the evaluation/approval of WA's first fully approved uranium project (as MD and Non-Executive Director) with Toro Energy Ltd. His operational uranium experience also includes roles as Mining Manager at Olympic Dam and Ranger Uranium Mine.

Greg has a Bachelor of Engineering in Mining Engineering and is Past Board and Exco member of the Australian Uranium Association.

Alligator Chairman, John Main, commented "the Board is delighted to have secured the services of Greg. His uranium sector experience and contacts together with his depth of expertise in strategic planning, project development, stakeholder relations and political and media engagement will be invaluable as the Company explores its three project areas and evaluates opportunities."

"In my discussions with Greg, I was drawn to his statement that one of his key aims, is *to create value for stakeholders, owners, customers and staff*. I look forward to his contribution on this basis as the Company continues toward its objective of discovery and ownership of 100 million pounds of uranium".

Further details of Greg's experience and skills will be included on the Company's website at www.alligatorenergy.com.au

On behalf of the Board of Directors

Yours faithfully

About Alligator Energy

Alligator Energy Ltd is an Australian, ASX listed, exploration company with uranium exploration tenements in the world class Alligator Rivers Uranium Province in Arnhem Land, Northern Territory. The Alligator Rivers Uranium Province hosts nearly 1 billion pounds of high grade uranium resources and past production, including the Ranger Mine and Jabiluka. The company's assets include the Tin Camp Creek Project and Joint Ventures with Cameco Australia Pty Ltd at the Beatrice and Mamadawerre Projects. Since listing in 2011, the company has defined the Caramal Resource (6.5Mlb U₃O₈ @ 3100ppm U₃O₈) and intersected high grade uranium at a number of prospects including Mintaka, South Horn and NE Myra. High Grade uranium mineralisation has also been confirmed at the historic Beatrice Prospect. The company has a strong pipeline of prospects with known high grade mineralisation and potential to discover large (>100Mlb U₃O₈) high grade resources.
