# Patrick Strange endorsed for Auckland Airport Board

Auckland Airport has announced that its Board has unanimously endorsed the nomination of Dr Patrick Strange to stand for election as an independent non-executive director at its 2015 annual meeting.

Sir Henry van der Heyden, Auckland Airport's chair, says the endorsement follows an extensive search.

"Patrick is currently Chair of Chorus Limited and a director of WorkSafe New Zealand, Mighty River Power and NZX Limited. He is also on the joint board of Ausgrid, Endeavour Energy and Essential Energy, Australia. Patrick has spent 30 years working as a senior executive and director in both private and listed companies. During his more than six years as Chief Executive of Transpower New Zealand Limited, Patrick oversaw its \$3.8 billion investment in the National Grid. He lives in Matapouri, Northland."

Sir Henry says, "Patrick's significant experience in New Zealand governance and infrastructure – including his involvement in workplace health and safety – would greatly assist the Board, especially as it continues to focus on the implementation of the 30-year vision to build the airport of the future."

Dr Strange says he is pleased to have his nomination endorsed by the Board of Auckland Airport.

“I am honoured to have been nominated for the Board of Auckland Airport and I want to thank directors for their endorsement. If elected by shareholders at the annual meeting, I would look forward to contributing my skills and experience to help the company further grow New Zealand travel, trade and tourism,” says Dr Strange.

The Board will recommend to shareholders the appointment of Dr Strange at the company’s annual meeting at 10.00am on Thursday, 22 October 2015 at the Vodafone Events Centre in Manukau, Auckland.

**Ends**

# Dr Patrick Strange

**Bachelor of Engineering, University of Auckland, 1972**  
**Ph. D in Engineering, University of Auckland, 1977**  
**Distinguished Fellow, IPENZ 2014**

Patrick has spent 35 years working principally in the New Zealand and international electricity and infrastructure sectors.

He completed a doctorate in civil engineering at the University of Auckland, and then spent 13 years in Europe and North America, working in a succession of senior management roles.

Patrick returned to New Zealand in 1991 as General Manager, Power Generation for Fletcher Challenge's energy business.

He joined Mercury Energy in 1997, with responsibility for strategy and acquisitions. After heading the company's response to the 1998 Auckland Power Crisis, he was appointed Chief Executive in July 1998. He went on to build the network unit into a successful standalone business as Vector, New Zealand's largest electricity distribution company.

Patrick recently retired as Chief Executive of Transpower, New Zealand's transmission owner and operator, a position to which he was appointed in November 2007. During his tenure, Transpower successfully completed a major, multi-billion dollar reinvestment in the grid.

Amongst other roles, Patrick has been an independent director of the listed Contact Energy and Chair of the Advisory Board for the Department of Civil and Environmental Engineering, University of Auckland. He is currently Chair of Chorus Limited, and a director of Mighty River Power, NZX Limited, Worksafe New Zealand and NSW Networks (Ausgrid, Endeavour Energy and Essential Energy).

He was named Energy Executive of the Year in 2011, led Transpower to being Energy Company of the Year in 2013, and has twice been a finalist in the New Zealand Executive of the Year awards. He was appointed a Distinguished Fellow of IPENZ in March 2014.

**“Patrick’s significant experience in New Zealand governance and infrastructure – including his involvement in workplace health and safety – would greatly assist the Board, especially as it continues to focus on the implementation of the 30-year vision to build the airport of the future.”**
