WorleyParsonsCord awarded a Fabrication, Modularization and Construction Contract by Cutbank Ridge Partnership

WorleyParsonsCord has been awarded a contract to provide the pipe fabrication, module assembly and field construction services (Works Contract) for the Cutbank Ridge Partnership Program's 03-07 Tower Sweet Gas Plant Project. Expected revenue to WorleyParsonsCord from the contract is CAD164 million. The Plant is located approximately 40 km northwest of Dawson Creek, British Columbia, Canada.

The Works Contract will be led and executed by the WorleyParsonsCord Edmonton, Alberta Operations, which has been delivering modularization and construction services to western Canadian hydrocarbons, power and chemical sectors for several decades. WorleyParsonsCord will be working with communities and local businesses located in northeastern British Columbia during the field construction phase of the project.

The Cutbank Ridge Partnership is a partnership between Encana and Cutbank Dawson Gas Resources Ltd., a subsidiary of Mitsubishi Corporation.

"We are very pleased to have been awarded this important contract which builds on our long standing relationship with Encana and its Partnership," said Andrew Wood, Chief Executive Officer of WorleyParsons.
