Appointment of proxies

Each Shareholder entitled to vote at the Meeting may appoint a proxy to attend and vote at the Meeting. To vote by proxy, please complete, sign and return the enclosed Proxy Form in accordance with its instructions. A proxy need not be a Shareholder of the Company and can be an individual or a body corporate.

A body corporate appointed as a Shareholder's proxy may appoint an individual as its representative to exercise any of the powers the body may exercise as a proxy at the Meeting. The appointment may be a standing one. Unless the appointment states otherwise, the representative may exercise all of the powers that the appointing body could exercise at a meeting or in voting on a resolution. The representative should bring to the Meeting evidence of his or her appointment, including any authority under which the appointment is signed, unless it has previously been given to the Share Registry.

A Shareholder entitled to cast two or more votes may appoint two proxies and may specify the proportion or number of votes each proxy is appointed to exercise. EXPLANATORY MEMORANDUM

Introduction

This Explanatory Memorandum has been prepared for the information of Shareholders in connection with the business to be conducted at the Annual General Meeting to be held at The Celtic Club, 48 Ord Street, West Perth, Western Australia at 3.00pm (WST) on 28 October 2015 ("**Meeting**").

1. Annual Financial Report

The Company has sent to those Shareholders who requested it, the 2015 Annual Report, which includes the Annual Financial Report for the year ended 30 June 2015, a Directors' report in relation to that financial year and the Auditor's report on the Annual Financial Report. A copy of the 2015 Annual Report is available on the Company's website: www.atlasiron.com.au or a copy can be obtained by contacting the Company on (08) 6228 8000.

There is no requirement for Shareholders to approve these reports. However, the Chair will allow a reasonable opportunity for Shareholders as a whole to ask questions or make comments about those reports and the management of the Company. Shareholders as a whole will also be given a reasonable opportunity to ask the Auditor or the Auditor's representative questions about the conduct of the audit, the preparation and content of the Auditor's report, the accounting policies adopted by the Company and the independence of the Auditor in relation to the conduct of the audit.

In addition to taking questions at the Meeting, written questions to the Chair about the management of the Company, or to the Company's Auditor about the:

- (a) content of the Auditor's report; or
- (b) conduct of the audit,

may be submitted no later than 5.00pm (WST) on Wednesday, 21 October 2015 to the Company Secretary at the Company's registered office at Level 18, Raine Square, 300 Murray Street, Perth WA 6000, or by facsimile on (08) 6228 8999.

2. Resolution 1 – Remuneration Report

Pursuant to section 250R(2) of the Corporations Act, the Company is required to put the 2015 Remuneration Report to the vote of Shareholders. The 2015 Annual Report contains the 2015 Remuneration Report which sets out the remuneration policy for the Company and reports the remuneration arrangements in place for Executive Directors, specified Executives and Non-Executive Directors of the Company.

Subject to the rules set out in Division 9 of Part 2G.2 of the Corporations Act described below under the heading "Consequence of voting against Resolution 1", Resolution 1 need only be an advisory vote of Shareholders and does not bind the Directors or the Company. Of itself, a failure of Shareholders to pass Resolution 1 will not require the Directors to alter any of the arrangements in the 2015 Remuneration Report. However, the Board will take the outcome of the vote very seriously when considering the Company's future remuneration policy. To this end, your Directors would like to point out the following matters in the 2015 Remuneration Report which they believe are relevant to Shareholders in considering their vote on the 2015 Remuneration Report. These matters are:

- (a) The Remuneration Policy of the Company and its subsidiaries (**Group**) has been designed to align executive objectives with shareholder and business objectives by providing a fixed remuneration component and offering specific short and long-term incentives based on key performance areas affecting the Group's financial and operating results. Your Board and Remuneration Committee believe the Remuneration Policy to be appropriate.
- (b) The structure of the executive remuneration package remains a key focus of the Board to ensure alignment with the nature of Atlas' business as Atlas optimises operations and continues to reduce costs.

- (c) The Board resolved not to award any short term incentive payments, long term incentive payments or increase salaries for the 2015 financial year. In addition, the Company reduced its overall remuneration expense as a result of a substantial reduction in headcount.
- (d) The previous Managing Director (Mr Brinsden) and the Non-Executive Directors took a 15% reduction in total fixed remuneration and fees respectively during the financial year. The reduction in the Managing Director's fixed remuneration remained in place when Mr Flanagan was appointed Managing Director.
- (e) No long term incentives were issued in the financial year, even though shareholder approval was obtained to issue long term incentives to the Executive Directors at the 2014 Annual General Meeting.

These matters are part of the Company's strategy to ensure the remuneration of Directors, executives and all other employees is in line with best practice for a company its size and in keeping with the wishes of the Shareholders.

Consequence of voting against Resolution 1

If at least 25% of the votes cast on Resolution 1 are against the adoption of the 2015 Remuneration Report, and at least 25% of the votes cast at the next annual general meeting of the Company ("**2016 AGM**") on a resolution that the 2016 remuneration report be adopted is against the adoption of that report, then the Company will be required under section 250V of the Corporations Act to put to the vote at the 2016 AGM a spill resolution ("**Spill Resolution**") to decide whether or not to convene another general meeting within 90 days of the 2016 AGM (the "**Spill Meeting**") where:

- (a) all the Directors of the Company who were directors at the time of the 2016 AGM (other than the Managing Director) will cease to hold office immediately before the end of the Spill Meeting; and
- (b) a resolution to fill the position of each of the Directors referred to in (a) by re-election or otherwise will be put to the vote at the Spill Meeting.

The Chair will allow a reasonable opportunity for Shareholders as a whole to ask about, or make comments on, the 2015 Remuneration Report.

As the votes cast against the remuneration report at the Company's 2014 Annual General Meeting were less than 25%, a Spill Resolution is not relevant for this Meeting.

Directors' Recommendation

The Board unanimously recommends that the Shareholders adopt the 2015 Remuneration Report and you vote in favour of Resolution 1.

3. Resolution 2 – Re-election of Mrs Cheryl Edwardes (Hon) (Chairman) as a Director

Listing Rule 14.4 and Rule 3.3 of the Constitution require that a Director who is elected as an addition to the Board must not hold office (without re-election) past the next annual general meeting of the entity. Rule 3.3 of the Constitution provides that a Director who retires under Rule 3.3 is eligible for re-election.

Cheryl Edwardes (Hon) was appointed Non-Executive Director of Atlas Iron Limited on 6 May 2015 and subsequently as Non-Executive Chairman on 11 June 2015 (Period of service: 0 years and 4 months).

A solicitor by profession, Mrs Edwardes is a former Minister in the Western Australian Government with extensive experience and knowledge of WA's legal and regulatory framework relating to mining projects, environmental, native title, and heritage and land access.

During her political career, Mrs Edwardes held positions including WA Attorney General, Minister for the Environment and Minister for Labour Relations. She also has broad experience and networks within China's business community.

Mrs Edwardes is chairman of Vimy Resources Limited (ASX: VMY) and chairman of Edconnect (formerly) School Volunteer Program.

Mrs Edwardes is a member of the Remuneration and Nomination Committee (effective 1 July 2015) and is a member of the Audit and Risk Management Committee (effective 1 July 2015).

Directors' Recommendation

The Board, other than Mrs Edwardes, unanimously recommends the re-election of Mrs Edwardes.

4. Resolution 3 – Re-election of Mr Jeff Dowling as a Director

Listing Rule 14.4 and Rule 3.6 of the Constitution require that a Director (excluding the Managing Director) must retire from office at the third annual general meeting after the Director was last elected or re-elected. Rule 3.6 of the Constitution provides that a Director who retires under Rule 3.6 is eligible for re-election.

Mr Dowling was appointed as a Non-Executive Director on 8 November 2011 (4 years and 10 months) and last re-elected at the Company's 2012 Annual General Meeting.

Mr Dowling is a highly experienced corporate leader with 36 years' experience in professional services with Ernst & Young. He has held numerous leadership roles within Ernst & Young which focused on mining, oil and gas and other industries. His professional expertise centres around audit, risk and financial acumen derived from acting as lead partner on large public company audits, capital raisings and corporate transactions. Mr Dowling's career with Ernst & Young culminated in his appointment as Managing Partner of the Ernst & Young Western Region for a period of 5 years. He also led Ernst & Young's Oceania China Business Group, responsible for building Ernst & Young's Oceania relationships with Chinese Corporations. Mr Dowling is a director of Telethon Institute for Child Research Ltd.

As at the date of this Notice, Mr Dowling is the chairman of Sirius Resources NL (ASX: SIR) (**Sirius**), a director of NRW Holdings Limited (ASX: NRW) and a director of Pura Vida Energy (ASX: PVD). Following the proposed acquisition of Sirius by Independence Group NL, Mr Dowling will cease to be a director of Sirius and will not form part of the board of the merged entity. During the last three years, Mr Dowling has been a director of Neptune Marine Services Limited (ASX: NMS).

Mr Dowling is Chairman of the Audit and Risk Management Committee and a member of the Remuneration and Nomination Committee.

Directors' Recommendation

The Board, other than Mr Dowling, unanimously recommends the re-election of Mr Dowling. The Board considers Mr Dowling to be an independent Director.

5. Resolution 4 – Re-election of Mr Ken Brinsden as a Director

Listing Rule 14.4 and Rule 3.6 of the Constitution require that a Director (excluding the Managing Director) must retire from office at the third annual general meeting after the Director was last elected or re-elected. These requirements now apply to Mr Brinsden because he ceased acting as the Company's Managing Director on 11 June 2015. Rule 3.6 of the Constitution provides that a Director who retires under Rule 3.6 is eligible for re-election.

Mr Brinsden joined Atlas in May 2006 as Operations Manager. In January 2010 he was promoted to Chief Operating Officer and in July 2011 to Chief Development Officer. Mr Brinsden has been instrumental to the growth of the Company which has seen it develop from a junior explorer to a significant Pilbara iron ore producer.

Mr Brinsden was appointed as Managing Director on 22 February 2012 and transitioned into an Executive Director role on 11 June 2015. (Period of service: 3 years and 7 months). Mr Brinsden ceased to be an Executive Director on 31 August 2015 and became a Non-Executive Director on 1 September 2015.

Mr Brinsden is a mining engineer with over 20 years of experience in surface and underground mining operations. Since graduating from the Western Australian School of Mines in 1993, he has held a number of roles in production, management and brown-fields and green-fields mine developments across a number of leading companies including; Central Norseman Gold Corporation, Iluka Resources Limited, WMC Resources Limited and Gold Fields Limited.

Directors' Recommendation

The Board, other than Mr Brinsden, unanimously recommends the re-election of Mr Brinsden.

6. Resolution 5 – Approval of the Atlas Iron Limited Option Plan ("Option Plan")

Background

The Directors consider that it is desirable to maintain an option plan under which employees of the Company may be invited to participate and be granted Options over Shares, in order to increase the range of potential incentives available to them and to strengthen the link between Shareholders and employees of the Company.

At the Company's 2014 Annual General Meeting, Shareholders approved the issue of securities under the Company's Employee Share Plan, Long Term Incentive Plan and Short Term Incentive Deferral Plan (**Existing Employee Incentive Plans**). Due to recent changes in the employee share scheme income tax rules, the Board undertook a review of the Company's Existing Employee Incentive Plans to determine whether any modifications to the Existing Employee Incentive Plans were needed so they aligned with those new tax rules. Broadly speaking, the new employee share scheme income tax rules address many taxation problems associated with the use of option plans, making tax deferral much easier to achieve and moving the taxing point in many cases to the exercise point of the option rather than the vesting point as per the old rules. As a result of this review, the Board determined that the new Option Plan should be created to enable the Company to offer Options to eligible participants, with this new plan designed to better align with the new employee share scheme income tax rules concessions. Accordingly, the Board replaced the Existing Employee Incentive Plans by adopting the Atlas Iron Limited Option Plan Rules ("**Option Plan Rules**") on 26 August 2015.

To enable the Company to attract, motivate and retain people who can assist the Company in achieving its objectives, it is necessary to provide remuneration and incentives to personnel commensurate with market rates and practices. The Option Plan is designed to achieve this objective by providing these incentives to employees and to recognise employee's contribution to the Company's success. The Option Plan also encourages continued improvement in performance over time and encourages personnel to acquire and retain shareholdings in the Company. In addition, it is a means of providing non-cash incentive to the Company's key employees, which is consistent with Atlas' strategy of maximising its cash position.

The Company, for the purposes of satisfying its obligations to issue or transfer Shares on exercise of Options under the Option Plan, may purchase Shares on market; however depending on the Company's circumstances at the time, may decide to settle these by a new issue of Shares. Accordingly, approval is sought for the issue of Options as well as any Shares on exercise of the Options so as to preserve the Company's flexibility to do so.

Resolution 5 seeks Shareholder approval, for the purposes of Listing Rule 7.2 (Exception 9(b)), sections 200B and 200E of the Corporations Act and for all other purposes, of the Option Plan and the issue of Options (and any Shares issued on exercise of Options) under the Option Plan to employees and Directors of the Company.

Listing Rule 7.1

Listing Rule 7.1 provides that (subject to certain exceptions) prior approval of Shareholders is required for an issue of securities if the securities will, when aggregated with the securities issued by the Company during the previous 12 months without Shareholder approval, exceed 15% of the number of Shares on issue at the commencement of that 12 month period. Listing Rule 7.2 (Exception 9(b)) sets out an exception to the 15% threshold imposed by Listing Rule 7.1 by providing that an issue of equity securities under an employee incentive scheme made without Shareholder approval is effectively treated as having been made with Shareholder approval if, within three years before the issue, Shareholders had approved the issue of equity securities under the relevant scheme as an exception to Listing Rule 7.1.

If Resolution 5 is passed, all securities issued by the Company under the Option Plan will be excluded from the 15% limit imposed by Listing Rule 7.1 for a period of three years from the date of the approval. In the absence of such Shareholder approval, the issue of securities can still occur, but these securities are counted as part of the 15% limit which would otherwise apply during the 12 month period.

If Shareholders do not pass Resolution 5, the Board will take the outcome of the vote very seriously when considering the Company's future remuneration policy. Shareholder approval under the Listing Rules is not needed for the Company to acquire Shares on market for the purposes of providing Shares to employees and Directors on exercise of Options under the Option Plan.

It should be noted that, notwithstanding an approval by Shareholders of Resolution 5, any future grant of Options to a Director will remain subject to further Shareholder approval under Listing Rule 10.14.

Information required by the Listing Rules

In accordance with Listing Rule 7.2 (Exception 9(b)), the following information is provided with respect to the Option Plan:

- (a) A summary of the key terms of the Option Plan Rules is set out in Schedule 1. A copy of the full terms of the Option Plan can be obtained by contacting the Company Secretary.
- (b) The Option Plan is a new plan and has not previously been approved by Shareholders. Accordingly, no Options have been issued under the Option Plan since it was approved by the Board on 26 August 2015.
- (c) A voting prohibition and exclusion statement for Resolution 5 is included in the Notice.

Potential dilution

As at the date of this Notice of Meeting, there are approximately 120 employees apart from Mr Flanagan who have or will be invited to participate in the Option Plan.

It is proposed that Mr Flanagan and those employees receive up to 210,622,135 Options in aggregate under the Option Plan grants (representing (upon conversion into Shares) up to 7.89% of the current issued capital of the Company). The number of Options to be issued to Mr Flanagan and Atlas employees has been calculated using an assumed Share price of \$0.03203 (being the 5 day VWAP of Shares from 9 September 2015 to 14 September 2015).

Information required for sections 200B and 200E of the Corporations Act

The Corporations Act provides that the Company may only give a person a benefit in connection with their ceasing to hold a Managerial or Executive Office in the Company or its related bodies corporate if it is approved by Shareholders or an exemption applies (for example, where the benefit together with other benefits does not exceed the payment limits set out in the Corporations Act, including where the aggregate benefits do not exceed one year's average base salary). This restriction will apply to all Key Management Personnel.

The term "benefit" is open to a wide interpretation. Accordingly, Shareholder approval of Resolution 5 will allow the Board, where appropriate, to exercise its discretion under the Option Plan to determine that some or all of the unvested Options held by a person retiring from a Managerial or Executive Office are deemed to have vested or that (unvested or vested, but not yet exercised) Options are not automatically forfeited on retirement.

If Resolution 5 is not approved, eligible participants who hold a Managerial or Executive Office may not be able to receive the benefit described above, which is otherwise available to all other eligible participants.

The value of the benefit that might be given by the exercise of the Board's discretion under the Option Plan will depend on a number of factors. Accordingly, the precise value of the benefit cannot be ascertained at the present time. Apart from the future Share price being unknown, the following matters which will or are likely to affect the value of the benefits are also unknown:

- (a) the number of Options held by the relevant person prior to their retirement from office or cessation of their employment;
- (b) reasons for the retirement from office or cessation of employment and the person's length of service;
- (c) the term of the Options remaining;
- (d) the extent to which any vesting conditions or other performance or exercise hurdles have been satisfied; and
- (e) the exercise of the Board's discretion at the relevant time.

Directors' recommendation

Subject to the qualification below, the Directors: (1) consider that the Option Plan is an appropriate mechanism to assist in the recruitment, reward, retention and motivation of employees of the Company; and (2) believe that the adoption of the Option Plan is in the best interests of the Company, and unanimously recommend that Shareholders vote in favour of Resolution 5.

Mr Flanagan does not make a recommendation in relation to Resolution 5 as he is eligible to participate in the Option Plan.

7. Resolution 6 – Approval to issue Options to Mr David Flanagan and issue Shares upon exercise of the Options, and to give retirement benefits

General

Resolution 6 seeks Shareholder approval in accordance with Listing Rule 10.14, Chapter 2E of the Corporations Act and sections 200B and 200E of the Corporations Act, to issue up to 20,911,333 Options to Mr Flanagan under the Option Plan ("**Flanagan Options**"), and to issue up to 20,911,333 Shares on exercise of any of the Options granted under the Option Plan to Mr Flanagan ("**Flanagan Shares**"). The number of Options to be issued to Mr Flanagan has been calculated by using an assumed Share price of \$0.03203 (being the 5 day VWAP of Shares from 9 September 2015 to 14 September 2015). The Board recognises the importance of retaining all key personnel in the business and providing the appropriate incentives in order to deliver the Company's objectives. The Board believes Mr Flanagan's role as Managing Director is critical to delivering these objectives.

Listing Rule 10.14 requires shareholder approval to be obtained where an entity issues, or agrees to issue, securities under an employee incentive scheme to a director of the entity, an associate of a director, or a person whose relationship with the entity, a director or an associate of a director is, in ASX's opinion, such that approval should be obtained. Shareholder approval is required under Listing Rule 10.14 to issue the Flanagan Options and the Flanagan Shares to Mr Flanagan because Mr Flanagan is a Director. Furthermore, if Shareholders approve Resolution 6, Listing Rule 7.2 (Exception 14) provides that an issue of Shares upon conversion of those Options will not reduce the Company's 15% placement capacity under Listing Rule 7.1 and separate approval under this Resolution 6 is not required for the purposes of Listing Rule 7.1.

Chapter 2E of the Corporations Act requires that for a public company, or an entity that the public company controls, to give a financial benefit to a related party of the public company, the public company or entity must:

- (a) obtain the approval of the public company's members in the manner set out in sections 217 to 227 of the Corporations Act; and
- (b) give the benefit within 15 months following such approval,

unless the giving of the financial benefit falls within an exception set out in sections 210 to 216 of the Corporations Act. Shareholder approval is required under Chapter 2E of the Corporations Act to issue the Flanagan Options and Flanagan Shares to Mr Flanagan because:

- (a) the issue of securities or options over securities is considered a "financial benefit"; for the purposes of Chapter 2E of the Corporations Act; and
- (b) Mr Flanagan is a Director, so is considered a related party of the Company for the purposes of Chapter 2E of the Corporations Act.

A summary of sections 200B and 200E of the Corporations Act is included at section 6 of the Explanatory Statement on page 11. The Company is seeking Shareholder approval under sections 200B and 200E of the Corporations Act to allow the Board, where appropriate, to exercise its discretion under the Option Plan to determine that some or all of the unvested Options held by Mr Flanagan are deemed to have vested on his retirement or that (unvested or vested, but not yet exercised) Options are not automatically forfeited on his retirement.

Vesting conditions of Flanagan Options

Unless the Board otherwise determines, the Flanagan Options will not vest until the first to occur of:

- (a) 31 December 2017, being after the repayment date of the Term Loan B Facility (currently 10 December 2017);
- (b) the Company's Term Loan B facility of US\$275,000,000 being restructured or refinanced to the satisfaction of the Board in its absolute discretion; or
- (c) a Change of Control Event occurring (as that term is defined in the Option Plan Rules).

The vesting conditions of the Flanagan Options are designed to vest after the Company's current debt position (due for repayment in December 2017) is resolved, being a key business objective of the Company.

Information required by Listing Rule 10.15A

The following information is provided as required by Listing Rule 10.15A:

- (a) The maximum number of Options that may be issued to Mr Flanagan is 20,911,333 and the maximum number of Shares that may be issued to Mr Flanagan (on exercise of the Options) is 20,911,333 Shares (if all of the Flanagan Options are converted into Shares and the Company elects to satisfy its obligations to provide Shares to Mr Flanagan on exercise of the Options by way of issue rather than transfer of Shares acquired on market).
- (b) The issue price for each Option to be issued to Mr Flanagan is nil and the exercise price of each Option is also nil.
- (c) The Option Plan has not previously been approved for the purposes of Listing Rule 10.14.
- (d) Mr Flanagan is the only person referred to in Listing Rule 10.14 entitled to participate in the Option Plan.
- (e) A voting exclusion statement is included with the Resolution.
- (f) No loan is made in relation to the issue of Flanagan Options or the acquisition of Flanagan Shares on exercise of any Flanagan Options.
- (g) Details of any securities issued under the Option Plan will be published in each annual report relating to a period in which securities have been issued under the Option Plan, with a statement that approval for the issue of the securities was obtained under Listing Rule 10.14.
- (h) Any additional persons (to whom Listing Rule 10.14 applies) who become entitled to participate in the Option Plan after approval of this Resolution and who are not named in this Notice will not participate until approval is obtained under Listing Rule 10.14.
- (i) The Company will issue the Flanagan Options as soon as reasonably practicable after the Meeting, and in any event within three years after the Meeting.

Dilution

The issue of Shares upon conversion of the Options issued to Mr Flanagan has the potential to dilute the percentage interest of existing Shareholders' holdings, should vesting conditions be met.

Options that may be exercised could, subject to the Directors' discretion to settle Option entitlements by way of transfer of Shares acquired on market, lead to the issue of up to 20,911,333 Shares to Mr Flanagan, representing approximately 0.783% of the Company's current Share capital.

Information required for Sections 200B and 200E of the Corporations Act

The Corporations Act provides that the Company may only give a person a benefit in connection with their ceasing to hold a Managerial or Executive Office in the Company or its related bodies corporate if it is approved by Shareholders or an exemption applies (for example, where the benefit together with other benefits does not exceed the payment limits set out in the Corporations Act, including where the aggregate benefits do not exceed one year's average base salary). This restriction will apply to all Key Management Personnel, including Mr Flanagan.

The term "benefit" is open to a wide interpretation. Accordingly, Shareholder approval of Resolution 6 will allow the Board, where appropriate, to exercise its discretion under the Option Plan to determine that some or all of the unvested Options held by Mr Flanagan are deemed to have vested on his retirement or that (unvested or vested, but not yet exercised) Options are not automatically forfeited on retirement.

If Resolution 6 is not approved, Mr Flanagan may not be able to receive the benefit described above, which is otherwise available to all other eligible participants.

The value of the benefit that might be given to Mr Flanagan by the exercise of the Board's discretion under the Option Plan will depend on a number of factors. Accordingly, the precise value of the benefit cannot be ascertained at the present time. Apart from the future Share price being unknown, the following matters which will or are likely to affect the value of the benefits are also unknown:

- (a) the number of Options held by Mr Flanagan prior to the cessation of his employment;
- (b) reasons for the cessation of employment and Mr Flanagan's length of service;

- (c) the term of the Options remaining;
- (d) the extent to which any vesting conditions or other performance or exercise hurdles have been satisfied; and
- (e) the exercise of the Board's discretion at the relevant time.

Chapter 2E of the Corporations Act, and the information required to be included by section 219 and ASIC guidance

Chapter 2E of the Corporations Act regulates the provision of "financial benefits" to "related parties" by a public company. Chapter 2E prohibits a public company from giving a financial benefit to a related party of the public company unless either:

- (a) the giving of the financial benefit falls within one of the nominated exceptions to the provisions; or
- (b) prior shareholder approval is obtained to the giving of the financial benefit.

A "related party" for the purposes of the Corporations Act is defined widely and includes a Director. Accordingly, Mr Flanagan is a "related party" of the Company for the purposes of Chapter 2E of the Corporations Act by virtue of being a Director. A "financial benefit" for the purposes of the Corporations Act is also defined widely. It includes a public company issuing securities or granting options to a related party. The grant of Options pursuant to the Option Plan will constitute the giving of "financial benefits" for the purposes of Chapter 2E of the Corporations Act.

The Board (other than Mr Flanagan, because of his interest in this Resolutions 6) considers that the grant of Options to Mr Flanagan is an appropriate and reasonable component of his remuneration. The financial benefit represented by the grant of the Options arguably falls within the "reasonable remuneration" exception in section 211 of the Corporations Act, and therefore may not require Shareholder approval for the purposes of Chapter 2E of the Corporations Act. Nevertheless, the Board has determined that it will seek Shareholder approval.

The following information is provided as required by Chapter 2E of the Corporations Act and ASIC Regulatory Guide 76 (Related party transactions):

- (a) **Identity of the related party to whom Resolution 6 permits financial benefits to be given and the nature of their relationship with the Company:** The related party receiving the financial benefit is Mr David Flanagan. Mr Flanagan is the Managing Director of the Company.
- (b) **Nature of financial benefit to be given pursuant to Resolution 6:** The maximum number of Options to be granted to Mr Flanagan is 20,911,333 and the maximum number of Shares to be acquired on exercise of the Options is 20,911,333. The number of Options to be issued to Mr Flanagan and Atlas employees has been calculated using an assumed Share price of \$0.03203 (being the 5 day VWAP of Shares from 9 September 2015 to 14 September 2015). The key terms and conditions of the Options are summarised in Schedule 1.
- (c) **Choice of financial benefit to be given and determination of specified number:** The Options are being granted because Options are one of the most prevalent equity incentive instruments used by companies in the market. Options are simple in nature and are easily understood by employees as well as by Shareholders. The Board believes that by issuing Options, Mr Flanagan's interests are better aligned with those of the Company and its Shareholders. Mr Flanagan is being issued with the determined number of Options because the Board believes it is a reasonable incentive amount. Previously, the Board has issued long term incentives under a Long Term Incentive Plan which included performance rights and share appreciation rights. Due to the recent changes in the employee share scheme income tax rules, the Board undertook a review of the Company's Existing Employee Incentive Plans to determine if the plan needed any modifications to align with the new tax rules. The new employee share scheme income tax rules address many of the problems with the use of option plans, making tax deferral much easier to achieve and moving the taxing point in many cases to the exercise point of the option rather than the vesting point as per the old rules.

As a result of this review, the Board determined that a new Option plan should be created to enable the Company to offer Options to eligible participants, with this new plan designed to better align with the new employee share scheme income tax rules concessions. This new plan replaces the Company's Existing Employee Incentive Plans.

- (d) **Directors' recommendation and interests:** The Directors' recommendation on how to vote on this Resolution 6 and why is set out below and as follows. No Director, other than Mr Flanagan, has any interest in the outcome of the issue of the Options to Mr Flanagan. The Board (other than Mr Flanagan, because of his interest in this Resolution) has considered the corporate governance issues relevant to executive compensation arrangements, including the ASX Corporate Governance Council's "Principles of Good Corporate Governance and Best Practice Recommendations" and has formed the view that the grant of the Flanagan Options to Mr Flanagan on the terms and conditions set out in this Notice is reasonable, that the value and quantum of the Options are not excessive nor unusual for a company of the Company's size in light of recent market practice of remuneration of officers in similar positions and Mr Flanagan's importance (both now and in the future) to the ongoing business operations of the Company. The Board (other than Mr Flanagan, because of his interest in this Resolution) does not consider that from an economic and commercial point of view, there are any costs or detriments, including opportunity costs or taxation consequences for the Company or benefits foregone by the Company, in granting the Flanagan Options to Mr Flanagan.
- (e) **Valuation of financial benefit:** The value of the Flanagan Options and the pricing methodology is set out in Schedule 2.
- (f) **Vesting conditions and period:** The Flanagan Options will expire on the date that is 5 years after the date of grant.

Unless the Board otherwise determines, the Flanagan Options will not vest until the first to occur of:

- (i) 31 December 2017, being after the repayment date of the Term Loan B Facility (currently 10 December 2017);
- (ii) the Company's Term Loan B facility of US\$275,000,000 is restructured or refinanced to the satisfaction of the Board in its absolute discretion; or
- (iii) a Change of Control Event occurs (as that term is defined in the Option Plan Rules).
- (g) **Issue price and date:** The issue price for each Option to be issued to Mr Flanagan is nil and the exercise price for each Option is also nil.

The Company will issue the Options on or about 30 October 2015, and in any event within three years after the Meeting.

- (h) **Mr Flanagan's total remuneration package:** Details of Mr Flanagan's total remuneration package (including the Options) is set out below.

	Salary	Share-based payments up to	Total
2016 Financial Year	\$669,790	\$669,790	\$1,339,580

- (i) **Existing interests of Mr Flanagan in the Company:** Mr Flanagan currently has a relevant interest in 6,840,000 Shares (4,000,000 of which were purchased in the Company's recent capital raising) and 4,000,000 listed Options exercisable at \$0.075 on or before 30 June 2017 (free attaching Options obtained under the Company's recent capital raising).
- (j) **Dilution effect of the proposed issue of Flanagan Options and Flanagan Shares:** See above for the potential dilution effect of the issue of the Flanagan Options and the Flanagan Shares.
- (k) **Confirmation of all information reasonably required:** The Directors consider that all information that is reasonably required by members to decide whether or not it is in the Company's interests to pass this Resolution 6 has been provided in this Notice.

Directors' recommendation

Subject to the qualification below, the Directors: (1) consider that the Option Plan is an appropriate mechanism to assist in the recruitment, reward, retention and motivation of employees of the Company; and (2) believe that the grant of Options (and issue of Shares on exercise of the Options) to Mr Flanagan is in the best interests of the Company, and unanimously recommend that Shareholders vote in favour of Resolution 6.

Mr Flanagan does not make a recommendation in relation to Resolution 6 because he has an interest in the outcome of that Resolution.

8. Resolution 7 – Approval of 10% Additional Placement Capacity

Resolution 7, if passed, would give the Company additional capacity to issue or agree to issue equity securities (up to 10% of the Company's total fully paid ordinary securities on a 12 month look back basis), in addition to the 15% permitted under Listing Rule 7.1, without further member approval ("**Additional Placement Capacity**").

As at the date of this Notice, the Company has on issue 2,669,787,052 Shares. The Company currently has the capacity to issue:

- (a) 394,086,259 equity securities under Listing Rule 7.1; and
- (b) subject to Shareholders approving Resolution 7, 266,432,766 equity securities under Listing Rule 7.1A.

The information below provides more background on Listing Rule 7.1A and the disclosure required by Listing Rule 7.3A.

Additional Placement Capacity

Under Listing Rule 7.1A, an eligible entity may seek approval from members by special resolution at its annual general meeting to have the Additional Placement Capacity.

If approved, the Additional Placement Capacity will allow the Company for a period of 12 months from the date of the Meeting to issue or agree to issue equity securities equal to 10% of the number of total fully paid ordinary securities on issue (on a 12 month look back basis) on a non-pro rata basis (ie by placement).

Eligible entity

Under the Listing Rules, an "eligible entity" is an entity which, as at the date of the relevant resolution, is not included in the S&P/ASX300 Index and has a market capitalisation (excluding restricted securities and securities quoted on a deferred settlement basis) equal to or less than \$300 million. As at the date of this Notice, the Company is an "eligible entity".

Special resolution

The Additional Placement Capacity requires members' approval by special resolution. This requires at least 75% of the votes to be cast in favour of the resolution by members entitled to vote on the resolution.

Securities which may be issued under the Additional Placement Capacity

Type of securities

Under the Additional Placement Capacity, the Company must issue equity securities belonging to an existing quoted class of the Company's equity securities. As at the date of this Notice, the Company has on issue two classes of quoted equity securities, being fully paid ordinary shares (ASX Code: AGO) and listed Options (ASX Code: AGOO).

10% limit

The Additional Placement Capacity allows the Company to issue or agree to issue during the 12 months following receipt of member approval a number of equity securities calculated in accordance with the following formula:

$$(A \times D) - E$$

A = The number of fully paid ordinary securities on issue 12 months before the date of issue or agreement,

- (i) plus the number of fully paid ordinary securities issued in the 12 months under an exception in Listing Rule 7.2,
- (ii) plus the number of partly paid ordinary securities that became fully paid in the 12 months,
- (iii) plus the number of fully paid ordinary securities issued in the 12 months with approval of holders of ordinary securities under Listing Rule 7.1 or Listing Rule 7.4. This does not include an issue of fully paid shares under the Company's 15% placement capacity without Shareholder approval,
- (iv) less the number of fully paid ordinary securities cancelled in the 12 months.

D = 10%

E = The number of equity securities issued or agreed to be issued under Listing Rule 7.1A.2 in the 12 months before the date of issue or agreement to issue that are not issued with the approval of holders of ordinary securities under Listing Rule 7.1 or Listing Rule 7.4.

The amount calculated in accordance with the above formula is in addition to the 15% placement capacity permitted under Listing Rule 7.1.

Information required under Listing Rule 7.3A

What is the minimum issue price?

The issue price of each security issued under the Additional Placement Capacity must be no less than 75% of the volume weighted average price ("**VWAP**") for the securities in that class.

The VWAP is to be calculated over the 15 trading days on which trades of securities in that class were recorded immediately before:

- (a) the date on which the issue price is agreed for the securities under the Additional Placement Capacity; or
- (b) if the securities are not issued under the Additional Placement Capacity within 5 trading days of the date in paragraph (a) above, the date on which the securities are issued.

The Company will disclose this information when equity securities are issued under the Additional Placement Capacity.

What is the date by which the Company may issue equity securities?

Under Listing Rule 7.1A.1, the approval for the Additional Placement Capacity must be for a period ("**Additional Placement Period**") commencing on the date of the Annual General Meeting and expiring on the earlier of:

- (a) the date that is 12 months after the date of the Annual General Meeting (being 28 October 2016); or
- (b) if the Company receives Shareholder approval for a proposed transaction under Listing Rule 11.1.2 (significant change to the nature or scale of activities) or Listing Rule 11.2 (disposal of main undertaking), the date of that approval.

The Company will only issue the equity securities during the Additional Placement Period. The approval under Resolution 7 for the issue of equity securities will cease to be valid in the event that members approve a transaction under Listing Rule 11.1.2 or Listing Rule 11.2.

Dilution risks

If equity securities are issued under the Additional Placement Capacity, there is a risk of economic and voting dilution of existing Shareholders, including the following risks:

- (a) the market price for equity securities in the class of securities issued under the Additional Placement Capacity may be significantly lower on the issue date than on the date of the approval under Listing Rule 7.1A (ie the date of the Meeting, if Resolution 7 is approved); and
- (b) the equity securities may be issued under the Additional Placement Capacity at a discount to the market price for those equity securities on the issue date,

which may have an **effect** on the amount of funds raised by the issue of the equity securities.

The below table shows the dilution of existing Shareholders on the basis of the current market price of Shares and the current number of ordinary securities for variable "A" calculated in accordance with the formula in Listing Rule 7.1A.2 as at the date of this Notice.

The table also shows:

- (a) two examples where variable "A" has increased, by 50% and 100%. Variable "A" is based on the number of ordinary securities the Company has on issue. The number of ordinary securities on issue may increase as a result of issues of ordinary securities that do not require Shareholder approval (for example, a pro rata entitlement offer or securities issued under a takeover offer) or future specific placements under Listing Rule 7.1 that are approved at a future general meeting; and
- (b) two examples of where the issue price of ordinary securities has decreased by 50% and increased by 100% as against the current market price.

Variable "A" in ASX Listing Rule 7.1A.2		Dilution		
		Issue Price: \$0.0155 (50% decrease in the issue price)	Issue Price: \$0.031 (closing Share price at 14 September 2015)	Issue Price: \$0.062 (100% increase in the issue price)
Scenario A No change in the number of Shares on issue = 2,669,787,052 Shares	10% Voting Dilution	266,978,705 Shares	266,978,705 Shares	266,978,705 Shares
	Funds raised	\$4,138,170	\$8,276,340	\$16,552,680
Scenario B 50% increase in the number of ordinary securities on issue = 4,004,680,578 Shares	10% Voting Dilution	400,468,057 Shares	400,468,057 Shares	400,468,057 Shares
	Funds raised	\$6,207,255	\$12,414,510	\$24,829,020

Scenario C 100% increase in the number of ordinary securities on issue = 5,339,574,104 Shares	10% Voting Dilution	533,957,410 Shares	533,957,410 Shares	533,957,410 Shares
	Funds raised	\$8,276,340	\$16,552,680	\$33,105,359

The examples in the above table are based on the following assumptions:

- (a) The Company issues Shares for cash under the Additional Placement Capacity and no other types of quoted equity securities.
- (b) The Company issues the maximum number of equity securities allowed under the Additional Placement Capacity (being 10% of the number of Shares on issue).
- (c) The 10% voting dilution reflects the aggregate percentage dilution against the issued share capital at the time of issue. This is why the voting dilution is shown in each example as 10%.
- (d) The Company issues Shares under the Additional Placement Capacity to new investors who have previously held no interests in the Company's securities (ie the table does not show an example of dilution that may be caused to a particular Shareholder by reason of placements under the Additional Placement Capacity, based on that Shareholder's holding at the date of the Meeting).
- (e) Other than as indicated in the table, the Company does not issue any additional equity securities during the Additional Placement Period.
- (f) The table shows only the effect of issues of Shares under Listing Rule 7.1A, not under the existing 15% placement capacity under Listing Rule 7.1.
- (g) The table does not show an example of dilution that may be caused to a particular Shareholder by reason of placements under the Additional Placement Capacity based on that Shareholder's holding at the date of the Meeting.
- (h) No listed or unlisted options over Shares are exercised during the Additional Placement Period and before the date of the issue of the equity securities.
- (i) The issue price is \$0.031, being the closing share price of the Shares on ASX on 14 September 2015.

For what purpose will the Company issue equity securities?

The Company may issue equity securities under the Additional Placement Capacity for the following purposes:

- (a) to provide non-cash consideration for new asset purchases or investments; or
- (b) to raise cash to fund:
 - (i) general working capital expenses;
 - (ii) repayment of debt, including repayments under the Company's Term B Loan Facility; or
 - (iii) the acquisition of new resource assets and investments (including any expenses associated with such an acquisition).

The Company will comply with the disclosure ASX Listing Rules 7.1A.4 and 3.10.5A on issue of any equity securities issued pursuant to the approval sought by Resolution 7. If equity securities are issued for non-cash consideration, the Company will at the time of issue of the equity securities provide a valuation of the non-cash consideration that demonstrates that the issue price of the securities are at or above the minimum issue price, in accordance with the Note to ASX Listing Rule 7.1A.3. The Company intends to maintain the ability to issue securities under ASX Listing Rule 7.1A for non-cash consideration.

What is the allocation policy?

The Company's allocation policy and the identity of the allottees of equity securities issued under the Additional Placement Capacity will be determined on a case-by-case basis at the time of issue and in the Company's discretion.

No decision has been made in relation to an issue of equity securities under the Additional Placement Capacity, including whether the Company will engage with new investors or existing Shareholders of the Company, and if so the identities of any such persons.

However, when determining of the allocation policy and the identity of the allottees, the Company will have regard to the following considerations:

- (a) the purpose for the issue of the equity securities;
- (b) the financial situation and solvency of the Company;
- (c) impacts of the placement on control;
- (d) other methods of raising capital; and
- (e) advice from corporate, financial and broking advisers (if applicable).

Allottees may include existing Shareholders or new investors, but not persons who are related parties or associates of related parties of the Company. If the issue is made in connection with the acquisition of assets, the allottees may be the sellers of those assets.

Details of approvals under Listing Rule 7.1A previously obtained by the Company

The Company has not previously obtained Shareholder approval for an Additional Placement Capacity under Listing Rule 7.1A.

Voting exclusion

A voting exclusion statement is included in the Notice. At the date of the Notice, the Company has not approached any existing Shareholder or other security holder or an identifiable class of existing security holders to participate in the issue of equity securities under Listing Rule 7.1A. Accordingly, it is expected that no existing Shareholder's votes will be excluded under the voting exclusion in the Notice.

Directors' recommendation

The Board considers it prudent for the Company to have the opportunity to take advantage of the flexibility to be able to issue additional securities provided under Listing Rule 7.1A. No decision has been made by the Board to undertake any issue of securities if Shareholders approve Resolution 7. The Board believes that Resolution 7 is in the best interests of the Company and unanimously recommend that Shareholders vote in favour of Resolution 7.

9. Action to be taken by Shareholders

Shareholders should read this Explanatory Memorandum carefully before deciding how to vote on the Resolutions. A Proxy Form is enclosed with the Notice. This is to be used by Shareholders if they wish to appoint a representative (a "proxy") to vote in their place. All Shareholders are invited and encouraged to attend the Meeting or, if they are unable to attend in person, to sign and return the Proxy Form to the Share Registry in accordance with the instructions provided. Lodgement of a Proxy Form will not preclude a Shareholder from attending and voting at the Meeting in person.

Forfeiture of Options – Bad Leaver

Unless otherwise stated in the Invitation or determined by the Board in its absolute discretion, an Option held by a Participant will be forfeited immediately on the date that the Participant becomes a Bad Leaver.

Where the Board determines that a Participant has:

- (a) acted fraudulently or dishonestly; or
- (b) wilfully breached his or her duties to the Group,

the Board may in its discretion deem all unvested Options held by that Participant to have been forfeited.

A **Bad Leaver** means a Participant who ceases to be an Eligible Participant in any of the following circumstances:

- (a) the Participant's Engagement Arrangement is terminated due to:
 - (i) the Participant's serious and wilful misconduct (including, without limitation, fraud or dishonesty);

- (b) the Participant terminates their Engagement Arrangement of their own volition; or
- (c) the Participant is ineligible to hold his or her office for the purposes of Part 2D.6 of the Corporations Act,

and the Board has not determined in writing that they be treated as a Good Leaver...

Change of Control

If a Change of Control Event occurs, or the Board determines that such an event is likely to occur, the Board may in its discretion determine the manner in which any or all of the Participant's Options will be dealt with, including, without limitation, in a manner that allows the Participant to participate in and/or benefit from any transaction arising from or in connection with the Change of Control Event.

Rights attaching to Plan Shares

All Plan Shares will rank *pari passu* in all respects with the Shares of the same class. Plan Shares will apply for quotation on the ASX. A Participant will be entitled to any dividends declared and distributed by the Company on the Plan Shares. A Participant may participate in any dividend reinvestment plan operated by the Company in respect of Plan Shares. A Participant may exercise any voting rights attaching to Plan Shares

Disposal Restrictions on Plan Shares

If the Invitation provides that any Plan Shares are subject to any restrictions as to the disposal or other dealing by a Participant for a period, the Board may implement any procedure it deems appropriate to ensure the compliance by the Participant with this restriction.

For so long as a Plan Share is subject to any disposal restrictions under this Plan, the Participant will not:

- (a) transfer, encumber or otherwise dispose of, or have a Security Interest granted over that Plan Share; or
 - (b) take any action or permit another person to take any action to remove or circumvent the disposal restrictions without the express written consent of the Company.
-

Adjustment of Options	<p>If there is a reorganisation of the issued share capital of the Company (including any subdivision, consolidation, reduction, return or cancellation of such issued capital of the Company), the rights of each Participant holding Options will be changed to the extent necessary to comply with the Listing Rules applicable to a reorganisation of capital at the time of the reorganisation.</p> <p>If Shares are issued by the Company by way of a bonus issue, the holder of Options is entitled, upon exercise of the Options, to receive additional Shares as would be issued to the holder if the holder held Shares equal in number to the Shares in respect of which the Options are exercised.</p> <p>Unless otherwise stated in an Invitation, if there is a Pro Rata Issue (except a bonus issue) to the holders of Shares, the Exercise Price (if any) of each Option may be reduced according to a formula set out in Listing Rule 6.22.2.</p>
Participation in new issues	<p>There are no participation rights or entitlements inherent in the Options and holders will not be entitled to participate in new issues of capital offered to Shareholders during the currency of the Options without exercising the Options.</p>
Amendment of Plan	<p>Subject to the following paragraph, the Board may at any time amend any provisions of these Option Plan Rules, including (without limitation) the terms and conditions upon which any Options have been granted under the Plan and determine that any amendments to these Option Plan Rules be given retrospective effect, immediate effect or future effect.</p> <p>No amendment to any provision of these Option Plan Rules may be made if the amendment materially reduces the rights of any Participant as they existed before the date of the amendment, other than an amendment introduced primarily for the purpose of complying with legislation or to correct manifest error or mistake, amongst other things, or is agreed to in writing by all Participants.</p>
Duration of Option Plan	<p>The Plan continues in operation until the Board decides to end it. The Board may from time to time suspend the operation of the Plan for a fixed period or indefinitely, and may end any suspension. If the Plan is terminated or suspended for any reason, that termination or suspension must not prejudice the accrued rights of the Participants.</p> <p>If a Participant and the Company (acting by the Board) agree in writing that some or all of the Options granted to that Participant are to be cancelled on a specified date or on the occurrence of a particular event, then those Options may be cancelled in the manner agreed between the Company and the Participant.</p>

Schedule 2 – Valuation of Flanagan Options - the Flanagan Options to be issued to Mr Flanagan pursuant to Resolution 6 have been independently valued.

The Options have a zero exercise price and a service based vesting condition. Assuming that no dividends are paid by Atlas during the vesting period (on the basis there is a degree of uncertainty about future dividends payable on Atlas shares during the vesting period), the market value of each Option at the grant date is equal to the market value of an Atlas ordinary share on the grant date.

Using an assumed Option grant date of 14 September 2015, the market value of each Flanagan Option is equal to closing price of Shares (being \$0.031 per Option), and the total value of the Flanagan Options is \$648,251.
