

ABN 14 000 317 251 LISTED ASX COMPANY (CDU)

1st October 2015

Correction to Announcement dated 17 September 2015

The Company in its previous announcement made reference of its intention to refer the Rights Issue to the Takeovers Panel to address shareholder concern regarding the potential effect the issue of new shares may have on the control of the Company (due to the underwriting by substantial shareholders).

The Company has now been notified by a group of shareholders of their intention to make an application to the Takeovers Panel seeking a declaration that the Rights Issue gives rise to unacceptable circumstances.

If such an application is made, the Company will make appropriate submissions to the Takeovers Panel to address those concerns to the extent it is permitted to do so under the Takeovers Panel process. The proposed timetable for the Rights Issue may be delayed by this process.

An update to the previous announcement is made accordingly.

MARKET RELEASE

17th September 2015

RENOUNCEABLE RIGHTS ISSUE

**Fully underwritten renounceable Rights Issue to raise \$83.3 million
Major shareholders to participate for their full entitlement
Co-Underwriters to provide short term loans to fund present activities
Funds raised to be used towards completing the construction and commissioning
of the 100% owned Rocklands Group Copper Project**

CuDeco Limited (ACN 000 317 251) (**CuDeco**) is pleased to announce a fully underwritten renounceable rights issue to eligible shareholders, on the basis of 1 new fully paid ordinary share for every 2 shares held, at an issue price of \$0.60 per share (**New Shares**); to raise approximately \$83,376,650 (before costs), based on CuDeco's undiluted share capital (**Rights Issue**). 138,961,084 fully paid ordinary shares will be offered under the Rights Issue.

Directors are pleased to confirm the major shareholders, China Oceanwide International Investment, New Apex Asia Investment Limited and Sinosteel Equipment & Engineering Co Ltd (34.7% combined) (**Major Shareholders**) have confirmed to the Board of their intention to participate in the issue for their full entitlement.

The Rights Issue is co-underwritten 33.3% by China Oceanwide International Investment Co. Ltd., 33.3% by New Apex Asia Investment Limited, and 33.3% by Infnitus Limited (**Underwriters**). The Company expects to provide further information regarding this underwriting upon the execution of the formal underwriting agreements shortly.

With regard to the potential effect the issue of New Shares may have on the control of CuDeco (due to the underwriting by substantial shareholders), the Board expects some smaller shareholders may wish to make an application to the Takeovers Panel. If an application is made, the Panel may declare that unacceptable circumstances have occurred and consequential orders may be made. It may also affect the proposed timetable below.

The Rights Issue will be available to all registered shareholders who hold shares at 7.00pm Brisbane time on Friday, 30 October 2015 (**Record Date**) with registered addresses in Australia, New Zealand, Hong Kong or the People's Republic of China (to the extent that the Shareholders are qualified domestic institutional investors) (**Eligible Shareholders**). Eligible Shareholders will be entitled to apply for any shortfall in addition to subscribing for their full entitlement to New Shares.

In accordance with the ASX Listing Rules, CuDeco has considered the number of shareholders with registered addresses outside of Australia and New Zealand and the size of the shareholdings held by those shareholders. Taking this into consideration, as well as the costs of complying with the legal requirements and the requirements of the regulatory authorities relating

to the shareholders with registered addresses outside of Australia, New Zealand, Hong Kong or the People's Republic of China (to the extent that the Shareholders are qualified domestic institutional investors), the Company has formed the view that it is unreasonable to extend the Rights Issue to those shareholders. Accordingly, shareholders outside Australia, New Zealand and Hong Kong and those shareholders who are not a qualified domestic institutional investor in the People's Republic of China will not be entitled to participate in the Rights Issue.

The purpose of the Rights Issue is to raise approximately \$83,376,650, excluding the costs of the Rights Issue. The funds raised from the Rights Issue will be used towards funding the construction and commissioning of the 100% CuDeco owned Rocklands Group Copper Project, repaying existing short-term shareholder loans and providing working capital (including contingencies) for the business in order to see it through to positive cash-flow.

The proposed timetable for the Rights Issue is set out below. The dates are indicative only and the Company reserves the right to vary the dates including the right to extend the Closing Date or to withdraw the Rights Issue (subject to the requirements of the *Corporations Act 2001 (Cth)* and the ASX Listing Rules).

Further information

The Company anticipates that, approximately 138,961,084 New Shares will be issued.

Upon completion of the Rights Issue, and assuming it is fully subscribed, the issued capital of CuDeco will comprise approximately 416,883,251 shares and 22,599,423 listed options (ex \$2.50 31 December 2015).

The New Shares will rank equally in all respects with CuDeco's existing shares. If an Eligible Shareholder's entitlement results in a fraction of a New Share, the entitlement will be rounded down to the nearest whole number. There will be no change to the dividend policy of the Company as a result of the Rights Issue.

Entitlement to New Shares pursuant to the Rights Issue are renounceable and accordingly will be traded on the ASX.

Further details regarding the Rights Issue will be set out in the Prospectus document which will be dispatched to Eligible Shareholders in accordance with the above timetable.

CuDeco encourages all Eligible Shareholders to participate in the capital raising.

This announcement does not lift the Trading Halt.
