

## LAUNCH OF LENZETTO® IN EUROPEAN UNION

---

Acrux (ASX: ACR) today announced that Lenzetto® has been launched in Poland and the Czech Republic. Lenzetto will be progressively rolled out in multiple additional European countries over coming months.

Lenzetto® is Acrux's estradiol spray for treating menopause symptoms that has been licensed exclusively in Europe to Gedeon Richter.

Acrux's estradiol product is branded Lenzetto® in Europe and Evamist® in the United States.

### **About Acrux**

Acrux (ASX: ACR) is a drug development company focused on commercialising topical products using its proprietary drug delivery technology. Incorporated in 1998 and using in house facilities and capabilities, Acrux has successfully developed and licensed a number of pharmaceutical products in the US and Europe using the Patchless Patch™, a fast-drying and invisible topical application technology. Acrux will continue to innovate and bring its developed products to the market in collaboration with licensees.
