March 2016 Quarterly Operations Report

1.0 Operations Review

1.1 Kangaluwi Copper Project

1.1.1 Court Case

The Company has received no further update regarding the written judgement on the appeal which was expected to be handed down on the 28th April 2015.

Court Case Background

The appeal hearing in the High Court of Lusaka referred to above is the appeal lodged by certain Zambian conservation groups against a decision of the Minister of Lands, Natural Resources and Environmental Protection on 17 January 2014 to allow the Company to develop its 100% owned Kangaluwi Copper Project in the Lower Zambezi National Park in Zambia. In the appeal the Zambian Government is the first respondent and Mwembeshi Resources Ltd, a wholly owned subsidiary of Zambezi, is the second respondent.

The decision of the Minister effectively allowed the Company to proceed with the developments of its 100% owned Kangaluwi Copper Project located in the Lower Zambezi National Park in Zambia.

On 6 February 2014 at the request of the Appellants, the Lusaka High Court granted an order, on an ex parte basis, for a stay of execution of the decision of the Minister to allow Zambezi to develop its Kangaluwi Copper Project.

The stay of execution remains in place pending the outcome of the appeal against the Minister's decision.

1.1.2 Project Background

Zambezi Resources Limited (“the Company”) is an ASX listed Copper Exploration and Development Company focused on its 100% owned Kangaluwi Copper Project, 180 km east of Lusaka, Zambia. The project is covered by a 245 km² Mining Licence (ML 15547), issued on 16 March 2011 and valid for 25 years.

The project covers the copper deposits of Kangaluwi, Chisawa and Kalulu. Drilling carried out at these prospects lead to estimation and reporting of Mineral Resource estimates in July 2012 (Table 1). The Mineral Resource estimates were classified and reported in accordance with the JORC Code.

Table 1: Kangaluwi Copper Project Mineral Resource at 0.3% Cu Cut-off Grade

Resource Category	Tonnes (Mt)	Cu (%)
Indicated	18	0.58
Inferred	28	0.72
Total	46	0.67

4.0 Competent Persons Statement

The information in this report relating to Mineral Resources was compiled by Mr Dean Carville who is a Member of the Australasian Institute of Mining and Metallurgy. Mr Carville is a full-time employee of AMC Consultants Pty Ltd and has sufficient experience relevant to the style of mineralisation and type of deposit under consideration and to the activity which he is undertaking to qualify as a Competent Person as defined by the 2012 Australasian Code for the reporting of Exploration Results, Mineral Resources and Ore Reserves (JORC Code) 2012 Edition. Mr Carville consents to the inclusion of this information in the form and context in which it appears.

The information in this announcement that relates to Exploration Results is based on information compiled by Robert McPherson, Consultant – Geology, Zambia. Robert McPherson is contracted as a Geologist for Zambezi Resources and is also a member of the Australasian Institute of Mining and Metallurgy and has sufficient experience which is relevant to the style of mineralisation and type of deposit under consideration and to the activity which he is undertaking to qualify as a Competent Person as defined by the 2012 Australasian Code for the reporting of Exploration Results, Mineral Resources and Ore Reserves (JORC Code) 2012 Edition. Robert McPherson consents to the inclusion in the report of the matters based on his information in the form and context in which it appears.

Notes

- 1 The quarterly report provides a basis for informing the market how the entity's activities have been financed for the past quarter and the effect on its cash position. An entity wanting to disclose additional information is encouraged to do so, in a note or notes attached to this report.
- 2 The "Nature of interest" (items 6.1 and 6.2) includes options in respect of interests in mining tenements and petroleum tenements acquired, exercised or lapsed during the reporting period. If the entity is involved in a joint venture agreement and there are conditions precedent which will change its percentage interest in a mining tenement or petroleum tenement, it should disclose the change of percentage interest and conditions precedent in the list required for items 6.1 and 6.2.
- 3 **Issued and quoted securities** The issue price and amount paid up is not required in items 7.1 and 7.3 for fully paid securities.
- 4 The definitions in, and provisions of, *AASB 6: Exploration for and Evaluation of Mineral Resources* and *AASB 107: Statement of Cash Flows* apply to this report.
- 5 **Accounting Standards** ASX will accept, for example, the use of International Financial Reporting Standards for foreign entities. If the standards used do not address a topic, the Australian standard on that topic (if any) must be complied with.
