IRESS LIMITED – CORRECTION TO 2015 RESULTS INVESTOR PRESENTATION

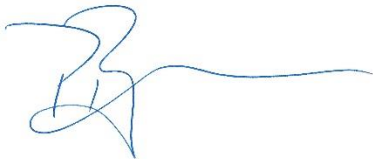

IRESS released its 2015 results on 25 February together with an Investor presentation pack (Investor Presentation). We have identified two errors in the Investor Presentation.

This correction has no impact on and requires no adjustment to the 2015 results or accounts.

Specifically, page 23 includes a chart showing the Annual Contract Value (ACV) for UK wealth management intermediary software. The chart refers to 23%. The correct value is 13%. In addition, the first bullet point on page 23 should read: "Excluding acquisitions, total wealth management run rate revenue +5% in 2015, +7% in H2 from H1".

This correction adjusts but does not materially alter the business momentum indicated by the chart on page 23.

Yours sincerely,

Peter Ferguson
Group General Counsel
& Company Secretary
