Corporate Governance Statement

Ashley Services Group Limited
ACN 094 747 510

Current as is and approved by the Board on 29 August 2016

- **Corporate Governance Statement**

Introduction

The practice of good corporate governance is vital in enhancing investor confidence in corporate accountability by demonstrating a commitment to transparency. Ashley Services Group Limited (**Company**) is committed to the principles of corporate governance.

The ASX Corporate Governance Council (**Council**) was first convened in August 2002 bringing together various business, shareholder and industry groups, each offering valuable insights and expertise on governance issues from the perspective of their particular stakeholders. Its primary work has been the development of the Corporate Governance Principles and Recommendations which were initially issued in 2003, then in 2007 (substantial re-write) and again in 2010.

Following another comprehensive review, a 3rd edition of Corporate Governance Principles and Recommendations ('ASX Recommendations') was issued in 2014 with an application for entities whose first full financial year started on or after 1 July 2014 ie: the year ending 30 June 2015.

The ASX Recommendations are intended to be a reference point for companies about their corporate governance structures and practices. A company may choose not to implement certain ASX Recommendations, provided that the company explains why it has not done so and what alternate approaches have been adopted.

The ASX Recommendations require companies to communicate their corporate governance practices through both the Annual Report and the company web page. This summary of our corporate governance practices forms part of this communication.

The relevant ASX Recommendations reference has been included below each point of this summary.
