

## **ASX ANNOUNCEMENT**

# **ADMEDUS APPOINTS COMPANY SECRETARY**

## **Brisbane, Australia 12<sup>th</sup> October 2016**

Admedus Limited (ASX: AHZ) today announced the appointment of Mrs Maja McGuire to the role of Company Secretary. Mrs McGuire's appointment follows the departure of Mr Stephen Mann as noted in the Company's announcement on 26 August 2016.

Mrs McGuire has been with the Company for almost three years and will combine company secretarial duties with her role as Legal Counsel. Mrs McGuire holds a Bachelor of Laws and a Bachelor of Commerce from The University of Western Australia and has in excess of 9 years' experience in the provision of corporate and compliance advice to a number of ASX listed public companies.

Mrs McGuire commenced her career at Clayton Utz, Perth, where she gained experience in a broad range of corporate, commercial and banking & finance matters. Mrs McGuire came to Admedus in 2014 from the Canadian Bankers Association, Toronto, where she advocated on behalf of Canadian banks on issues pertaining to developments in international and domestic banking regulation related primarily to capital adequacy and funding.

Mrs McGuire will continue to oversee the legal aspects of the business and will be responsible for Admedus' statutory reporting and business administration.

**About Admedus Limited**

Admedus (ASX: AHZ) is a specialist healthcare company. Our focus is on investing in and developing next generation technologies with world class partners, acquiring strategic assets to grow product and service offerings and expanding revenues from our existing, profitable medical sales and distribution business. The company has assets from research & development through clinical development as well as sales, marketing and distribution.

Admedus has commercialised its innovative tissue engineering technology for regenerative medicine in four continents. We also have a major interest in developing the next generation of vaccines with a Brisbane-based research group led by Professor Ian Frazer. The vaccine programmes target disease with significant global potential, such as Herpes and Human Papillomavirus.
