Release of Newcrest Mining FY16 Sustainability Report

Newcrest Mining Limited has released its Sustainability Report for FY16. The report is aligned with the Global Report Initiative (GRI) Sustainability Reporting Framework in accordance with the GRI G4 Guidelines. The report focuses on the economic, social and environmental performance of Newcrest's operations, projects and exploration activities.

Ernst & Young conducted assurance over Newcrest Mining Limited's Sustainability Report and a copy of the Assurance Statement is included within. The report is accessible on the Company website, www.newcrest.com.au.

Newcrest encourages feedback on its Sustainability Report. A feedback form is available on the Company website.
