## BUXTON TO RAISE \$4 MILLION FOR DRILLING AT THE DOUBLE MAGIC NI-CU PROJECT

The Board of Buxton Resources Limited (Buxton or the Company) is pleased to announce that it has successfully completed a bookbuild to raise up to \$4 million from sophisticated and professional investors through the issue of up to approximately 17.4 million new shares at 23 cents per share (Placement). The Placement was particularly well supported by existing shareholders.

Funds raised pursuant to the Placement will be used to fund:

- Planned Phase 1 RC and diamond drilling programmes of circa 10,000m at Buxton's 100% owned Double Magic Ni-Cu Project in Western Australia, expected to commence in late May / early June. Drilling will focus on the extent of existing mineralisation encountered at the Merlin prospect IP anomaly. The IP anomaly at Double Magic is over 2km in length and extends from 60m below surface to beyond 500m at the eastern end. Outcropping primary Ni-Cu mineralisation across a 700m strike and proximal to the anomaly has been mapped and sampled by Buxton with values up to 1.52% Ni and 1.4% Cu returned;
- Continued regional exploration in the highly prospective West Kimberley; and
- For working capital purposes.

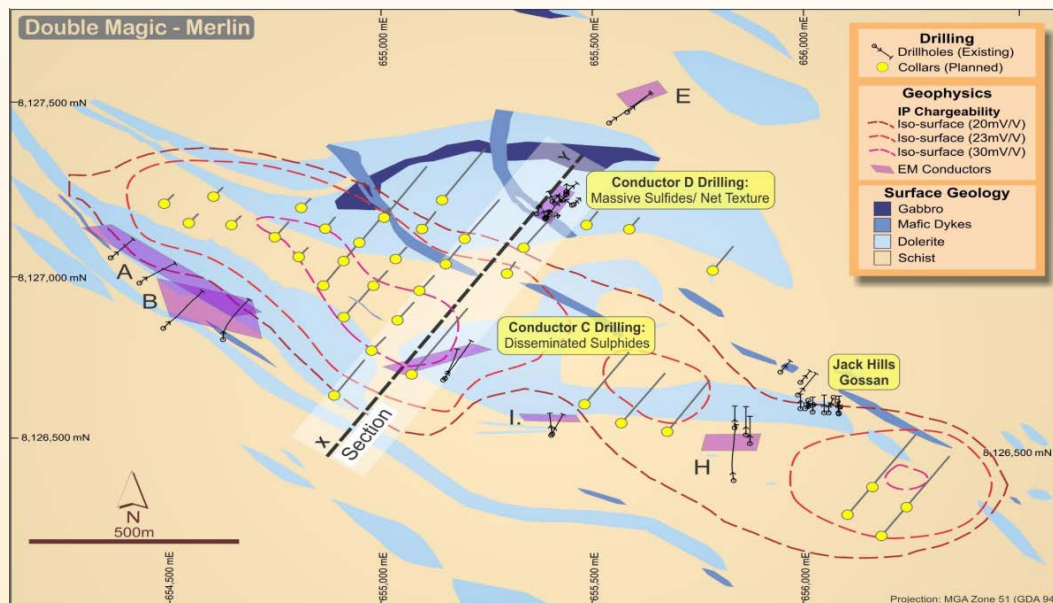

Hartleys Limited and Patersons Securities Limited acted as Joint Lead Managers to the Placement.

### Upcoming Activity

#### 100% owned Double Magic Ni-Cu Project (Western Australia)

The Company plans an aggressive and thorough work program to assess the true potential of the project to host economic nickel sulphide deposits.

## Placement

The allotment of the Placement of up to approximately 17.4 million shares is not subject to shareholder approval and will fall within the Company's 15% placement capacity under ASX LR 7.1 and additional 10% placement capacity under ASX LR 7.1A. Directors' participation in the Placement (circa 100 thousand shares) will be issued subject to shareholder approval at the Company's General Meeting, scheduled to take place on or around late June 2017.
