

ALE Property Group

ASX Appendix 4E – Full Year Report

For the year ended 30 June 2017

Stapling Arrangement

ALE Property Group ("ALE") was established for the purpose of facilitating a joint quotation of Australian Leisure and Entertainment Property Management Limited ("Company") (ABN 45 105 275 278) and Australian Leisure and Entertainment Property Trust ("Trust") (ABN 92 648 441 429) and its controlled entities on the Australian Securities Exchange. The Company is the Responsible Entity of the Trust.

Detail of reporting period

Current:

1 July 2016 to 30 June 2017

	2017 \$'000	2016 \$'000	Variance
Rental Income	57,007	56,172	1.5%
Interest Income	1,324	1,054	25.6%
Total revenue	58,331	57,226	1.9%
Other income	103,899	89,687	15.8%
Profit before income tax attributable to stapled security holders, before net gain from fair value adjustments of investment properties and derivatives (interest rate swaps), amortisation of borrowing costs and other non cash expenses (refer to note 4.6 of the attached Financial Statements – "Distributable Profit")	29,118	29,574	(1.5%)
Operating Profit after tax attributable to members	130,043	91,178	42.6%
	\$	\$	
Net assets per security (including derivatives)	2.99	2.53	18.2%

- Operating profit after tax increased due to:
 - Total revenue was up by 1.9%. Rent received from properties was up 1.5% due to CPI rent reviews during the year. Interest income increased due to higher funds on deposit following the refinancing that occurred in March 2017
 - Fair value adjustments to investment properties remained stable at \$89.6 million in the current year due to rental growth and continued reductions in capitalisation rates
 - Fair value adjustments to derivatives liabilities increased from a \$25.2 million decrement in 2016 to a \$14.3 million increment in the current year as long term interest rates increased
 - Finance costs were higher due to increased borrowings and the new AMTN borrowings raised in March 2017 overlapping the existing AMTN borrowing that was repaid in May 2017
 - Management costs increased during the year due to costs associated with various property related projects. ALE's management expense ratio continues to be one of the lowest in the AREIT sector.
- Profit after tax attributable to members was up \$38.9 million mainly due to the impact of fair value increments to derivatives.
- Distributable profit (adjusted for non-cash items) was primarily impacted by the same cash items that affected Operating Profit, namely changes in rent and finance costs.

The attached Financial Statements contain further explanations of the results.

Distributions	Amount per stapled security	Franked amount per stapled security
Final distribution	10.15 cents	0.0 cents
Interim distribution	10.25 cents	0.0 cents
Total distribution	20.40 cents	0.0 cents

The total amount per stapled security is comprised of 20.40 cents of Trust distributions and no company dividend. The final distribution of 10.25 cents will be paid to stapled securityholders on 5 September 2017. **The full year distribution of 20.40 cents will be 100% tax deferred.**

OPPORTUNITIES

“It is an honour to succeed Peter Warne as Chairman of ALE. On behalf of my fellow Directors, I acknowledge and thank Peter for his outstanding service and leadership as Chairman since ALE listed on the Australian Securities Exchange (ASX) in 2003.

Over those nearly 14 years, the accumulated value of a securityholder’s original \$1.00 investment, with reinvested distributions, had grown to \$14.72 at 30 June 2017. Peter oversaw ALE’s market capitalisation growth from \$91 million to more than \$900 million today, delivering a total return of around 22% per annum. This is testament to Peter, the Board and management team and a good relationship with a strongly performing tenant.”

4. PRINCIPAL ACTIVITIES

The principal activities of ALE consist of investment in property and property funds management. There has been no significant change in the nature of these activities during the year.

DIRECTORS' REPORT

For the Year ended 30 June 2017

5. OPERATIONAL AND FINANCIAL REVIEW

Background

ALE Property Group is the owner of Australia's largest portfolio of freehold pub properties. Established in November 2003, ALE owns a portfolio of 86 pub properties across the five mainland states of Australia. All of the properties in the portfolio are leased to Australian Leisure and Hospitality Group (ALH) for an average remaining initial lease term of 11.3 years plus options for ALH to extend.

ALE's high quality freehold pubs have long term leases that include a number of unique features that add to the security of net income and opportunity for rental growth. Some of the significant features of the leases (for 83 of the 86 properties) are as follows:

- For most of the properties the leases commenced in November 2003 with an initial term of 25 years to 2028;
- The leases are triple net which require ALH to take responsibility for rates, insurance and essentially all structural repairs and maintenance, as well as land tax in all states except Queensland (three of the 86 properties are double net);
- Annual CPI rent increases are not subject to any cap and rents do not decline with negative CPI;
- There is a market rent review in November 2018 that is capped and collared within 10% of the 2017 rent; and
- There is a full open market rent review (no cap and collar) in November 2028.

Significant changes in the state of affairs

In the opinion of the directors, the following significant changes in the state of affairs of ALE occurred during the year:

- The 86 individual property values increased by an average of 9.1% to \$1,080.2 million; and
- Net Assets increased by 18.2% to \$586.0 million and net borrowings (total borrowings less cash) as a percentage of assets (total assets less cash, derivatives and deferred tax assets) decreased from 44.9% to 42.7%.

Current year performance

ALE produced a profit after tax of \$130.0 million for the year ended 30 June 2017 compared to a profit of \$91.2 million for the year ended 30 June 2016. The increase is primarily due to:

- Fair value adjustments to investment properties remained stable at \$89.6 million in the current year due to rental growth and continued reductions in capitalisation rates;
- Fair value adjustments to derivatives liabilities increased from a \$25.2 million decrement in 2016 to a \$14.3 million increment in the current year as long term interest rates increased;
- Rental income increased by 1.5% due to the full year impact of the November 2015 rent review of 1.5% and the part year impact of the November 2016 rent review of 1.4%;
- Interest income was higher due to additional funds on deposit following the March 2017 AMTN financing ;
- Finance costs were higher due to the new AMTN borrowings raised in March 2017 overlapping the existing AMTN borrowing that was repaid in May 2017; and
- Management costs increased during the year due to costs associated with various property related projects. ALE's management expense ratio continues to be one of the lowest in the A-REIT sector.

ALE has a policy of paying distributions which are subject to the minimum requirement to distribute taxable income of the trust under the Trust Deed. Distributable Profit is a non-IFRS measure that shows how free cash flow is calculated by ALE. Distributable Profit excludes items such as unrealised fair value (increments)/decrements arising from the effect of revaluing derivatives and investment property, non-cash expenses and non-cash financing costs.

During the financial year ALE produced a distributable profit of \$29.1 million compared to \$29.6 million in the previous financial year. The table below separates the cash components of ALE's profit that are available for distribution from the non-cash components. The directors believe this will assist stapled securityholders in understanding the results of operations and distributions of ALE. Distributable Profit was primarily impacted by the same cash items that affected Operating Profit, namely changes in rent and finance costs.

Financial position

ALE's net assets increased by 18.2%, compared with the previous year which was largely attributable to an increase in property values during the year.

Investment property valuations increased the value by 9.1% from \$990.5 million to \$1,080.2 million during the year. The increase in property valuations was attributable to the November 2016 CPI rent increase and average capitalisation rates decreasing from around 5.5% to 5.1% across the portfolio. When assessing statutory valuations the valuers applied both traditional capitalisation rate and discounted cashflow (DCF) based valuation methods. The valuation results reflect a combination of these methods but continue to place significant emphasis upon the traditional capitalisation rate approach.

ALE believes that the DCF method can provide a comprehensive view of the quality of the lease and tenant as well as the medium and longer term opportunities for reversion to market based levels of rent. In applying the DCF method the valuers made their own **independent assessment of the tenant's current level of EBITDAR and also adopted industry standard market rental ratios. The valuers also used a range of assumptions they deemed appropriate for each of the individual properties. Based upon their assessments and assumptions the valuers' DCF valuations represented a weighted average capitalisation rate of around 4.5% for the 33 properties valued.** This compares to the rate of around 5.1% which was derived using a combination of the DCF and capitalisation rate methods.

DIRECTORS' REPORT

For the Year ended 30 June 2017

Net assets per stapled security increased by 18.2% from \$2.53 to \$2.99 compared to June 2016, primarily as a result of the increase in property values.

ALE's market capitalisation this year increased by around 2.6% to around \$914 million at 30 June 2017.

ALE's capital position remains sound. This is evidenced by a steady reduction in gearing and the maintenance of an investment grade credit rating. ALE's next debt maturity of \$225 million is scheduled to occur in August 2020. During the year net covenant gearing reduced from 44.9% to 42.7%. ALE continues to maintain appropriate headroom to all debt covenants with the nearest equivalent to an average 29% fall in property values.

ALE's debt capital structure continues to be characterised by the following positive features:

- debt structure with two types of fixed rate bonds;
- maturity dates that are diversified over the next six years;
- 100% of net debt hedged for around eight years;
- all up cash interest rate of 4.26% p.a. fixed until the next refinancing in August 2020; and
- lower gearing of 42.7% (2016: 44.9%).

ALE has consistently sought to mitigate interest rate volatility and continues to have long term hedging in place to achieve this objective.

Historical performance

To provide context to ALE's historical performance, the following data and graphs outline a five year history of key financial metrics.

	FY13	FY14	FY15	FY16	FY17
Distributable profit (\$m)	31.7	31.2	29.1	29.6	29.1

1. Total borrowings less cash as a percentage of total assets less cash and derivatives

2. Includes only the value of properties held as at 30 June 2017

The accumulated value of \$1.00 initial public offering (IPO) investment in ALE and reinvested distributions, rights renunciation payments and current market value of securities as at 30 June 2017 totalled \$14.72.

According to investment bank UBS, for the period ending 30 June 2017, ALE continued to outperform other equity return benchmarks including the AREIT 300 index and the All Ordinaries index for periods including one, three, five and ten years. For the one year period ALE's return of 7.5% outperformed the AREIT 300 index of (5.6%).

The following chart shows the total annual return of an ALE security since listing in November 2003.

1. Includes ALE's equity market price of \$4.67 as at 30 June 2017 and reinvestment of distributions and 2009 renunciation payment
2. All Ordinaries Accumulation Index
3. BAICO Index - Australian credit inflation-linked securities
4. UBS S&P REIT 300 Index
5. BAMSTO Index- composite of the Composite Bond, Inflation and Credit FRN indices

Business strategies and future prospects

ALE continues to hold a positive outlook for the market rent prospects for the portfolio. In around two years' time the first major review will occur with the fair market rent capped and collared within 10% of the 2017 rent for the majority of properties. There is also a full open fair market rent review (no caps or collars) in November 2028.

ALE will continue to seek acquisition opportunities that are of a high quality, meet all specified criteria and represent an accretive value opportunity for securityholders. Even if these opportunities are not available, ALE will continue to work constructively with ALH with a focus on maintaining and exploring the potential to further enhance the properties' existing strong profitability through development or better site utilisation.

ALE has continued to preserve the quality of the existing property portfolio. The current debt structure and long term hedging position provides significant certainty around a stable distribution profile for the medium term.

ALE's objective is to continue to grow distributions at least in line with increases in the CPI.

Material business risks

ALE is subject to a number of material business risks that may have an impact on the financial prospects of ALE. These risks and how ALE manages them include:

Property valuation risk - the properties that ALE owns have values that are exposed to movements in the Australian commercial property markets as well as the general levels of long and short term interest rates. ALE is unable to control the market forces that impact ALE's property values however ALE constantly monitors the property market to assess general trends in property values. ALE undertakes on-going condition and compliance audits of our properties and has independent valuers perform valuations on one third of the property portfolio on an annual basis. Declines in ALE's property values will reduce NTA and could also reduce headroom to debt covenants. At 30 June 2017 the closest debt covenant would be triggered by a decline of around 29% in property values and a resultant average capitalisation rate of 7.26%. By way of comparison it should be noted that in the last 10 years the highest average capitalisation rate of ALE properties has been 6.60%. ALE therefore considers its exposure to property valuation risk is appropriate.

DIRECTORS' REPORT

For the Year ended 30 June 2017

Interest rate risk - ALE currently has \$521 million of outstanding borrowings and consequently faces the risk of reduced profitability and distributions should interest rates on borrowings increase materially. To mitigate this risk ALE uses fixed rate borrowings and hedges variable rate borrowings for the medium and long term. Existing arrangements effectively hedge ALE's debt to November 2025 at average base rates of between 3.11% and 3.46%.

Refinancing risk - ALE currently has outstanding borrowings representing a gearing level of 42.7% and has a medium term policy of maintaining gearing within a range of 50% to 55%. ALE consequently faces refinancing risk as and when borrowings mature and require repayment. Failure, delays or increased credit margins in refinancing borrowings could subject ALE to a number of risks that could potentially impact future earnings. To mitigate these risks ALE proactively staggers debt maturities, continually monitors debt markets, actively seeks to maintain ALE's current credit rating of Baa2 and maintains relationships with diverse funding markets to ensure multiple funding options are available. ALE has a long track record of consistently approaching debt markets for refinancing well in advance of the scheduled debt maturity dates.

Single tenant risk - all 86 of ALE's properties are leased to a single tenant, ALH which is owned by Woolworths Limited (75%) and the Bruce Mathieson Group (25%). In the event of a default in rental payments by the tenant, ALE may be unable to pay interest on borrowings and distributions to securityholders. ALE manages this risk by monitoring the operating performance of each of the hotels and ALH on a regular basis. ALE also has the option of selling properties and/or issuing equity to meet its debt obligations.

Regulatory risk – changes to liquor licence regulation or gaming licence regulation could significantly impact the trading performance of the operating businesses of our tenant and therefore impact the EBITDA of our tenant. EBITDA is a key determining factor for market rent reviews and therefore could impact on ALE's long term profitability. ALE is unable to control regulatory changes that may impact on our properties but monitors potential changes and liaises with ALH to understand the potential impact on hotel profitability.

6. DISTRIBUTIONS AND DIVIDENDS

Trust distributions paid out and payable to stapled securityholders, based on the number of stapled securities on issue at the respective record dates, for the year were as follows:

	30 June 2017 cents per security	30 June 2016 cents per security	30 June 2017 \$'000	30 June 2016 \$'000
Final Trust income distribution for the year ending 30 June 2017 to be paid on 5 September 2017	10.25	10.10	20,066	19,773
Interim Trust income distribution for the year ending 30 June 2017 paid on 6 March 2017	10.15	9.90	19,871	19,381
Total distribution for the year ending 30 June 2017	20.40	20.00	39,937	39,154

No provisions for or payments of Company dividends have been made during the year (2016: nil).

7. MATTERS SUBSEQUENT TO THE END OF THE FINANCIAL YEAR

In the opinion of the Directors of the Company, no transaction or event of a material and unusual nature has occurred between the end of the financial year and the date of this report that may significantly affect the operations of ALE, the results of those operations or the state of affairs of ALE in future financial years.

8. LIKELY DEVELOPMENTS AND EXPECTED RESULTS OF OPERATIONS

ALE will continue to maintain its defined strategy of identifying opportunities to increase its profitability and value to its stapled securityholders.

In accordance with the leases of its investment properties, ALE expects to receive annual increases in rental income in line with increases in the consumer price index until the first major market rent review in November 2018.

Apart from the above matters, the directors are not aware of any other future development likely to significantly affect the operations and/or results of ALE.

9 REMUNERATION REPORT (Audited)

The Remuneration Report presented below is the remuneration report included in the Directors' Report of Australian Leisure and Entertainment Property Management Limited (the "Company"). This report provides details on ALE's remuneration structure, decisions and outcomes for the year ended 30 June 2017 for employees of ALE including the directors, the Managing Director and key management personnel. This information has been audited as required by section 308(3C) of the Act.

9.1 Remuneration Objectives and Approach

In determining a remuneration framework, the Board aims to ensure the following:

- attract, reward and retain high calibre executives;
- motivate executives to achieve performance that creates value for stapled securityholders; and
- link remuneration to performance and outcomes achieved.

The framework aligns executive reward with achievement of strategic objectives and creation of value for stapled securityholders. To do this the Board endeavours to ensure that executive reward satisfies the following objectives:

- alignment with ALE's financial, operational, compliance and risk management objectives so as to achieve alignment with positive outcomes for stapled securityholders;
- alignment with ALE's overall performance;
- transparent, reasonable and acceptable to employees and securityholders;
- rewards the responsibility, capability, experience and contribution made by executives;
- recognises individual executive's contributions towards value accretive outcomes when measured against Key Performance Indicators (KPI's); and
- market competitive and complementary to the reward strategy of the organisation.

The framework provides a mix of fixed and variable remuneration. Since the year ending 30 June 2012 the variable remuneration has been provided through the Executive Incentive Scheme (EIS). Any award under the EIS is paid 50% in cash following the year end and 50% in stapled securities with delivery deferred three years.

9.2 Remuneration Committee

The Remuneration Committee ("the Committee") is a committee comprising non-executive directors of the Company. The Committee strives to ensure that ALE's remuneration structure strikes an appropriate balance between the interests of ALE securityholders and rewarding, motivating and retaining employees.

The Committee's charter sets out its role and responsibilities. The charter is reviewed on an annual basis. In fulfilling its role the Committee endeavours to ensure the remuneration framework established will:

- reward executive performance against agreed strategic objectives;
- encourage alignment of the interests of executives and stapled securityholders; and
- ensure there is an appropriate mix between fixed and "at risk" remuneration.

The Committee operates independently of management in its recommendations to the Board and engages remuneration consultants independently of management. During the year ended 30 June 2017, the Committee consisted of the following:

P G Say	Non-executive Director	Chairman of Remuneration Committee
P H Warne	Non-executive Director	(Resigned 23 May 2017)
R W Mactier	Non-executive Director	(Appointed 22 February 2017)
P J Downes	Non-executive Director	
N J Milne	Non-executive Director	

Page 2 of this report provides information on the skills, experience and expertise of the Committee members.

The number of meetings held by the Committee and the members' attendance at them is set out on page 5.

The Committee considers advice from a wide range of external advisors in performing its role. During the current financial year the Committee did not retain an external consultant to advise on remuneration.

DIRECTORS' REPORT

For the Year ended 30 June 2017

9.3 Executive Remuneration

Executive remuneration comprises both a fixed component and an 'at risk' component. It specifically comprises:

- Fixed Annual Remuneration (FAR)
- Executive Incentive Scheme (EIS)

9.3.1 Fixed Annual Remuneration (FAR)

What is FAR? FAR is the guaranteed salary package of the executive and includes superannuation guarantee levy and salary sacrificed components such as motor vehicles, computers and superannuation.

How is FAR set? FAR is set by reference to external market data for comparable roles and responsibilities within similar listed and unlisted entities within Australia.

When is FAR Reviewed? FAR is reviewed in December each year with any changes being effective from 1 January of the following year.

9.3.2 Executive Incentive Scheme (EIS)

What is EIS? EIS is an "at risk" component of executive remuneration.

EIS is used to reward executives for achieving and exceeding annual individual KPIs.

The target EIS opportunity for executives varies according to the role and responsibility of the executive.

EIS awards comprise 50% cash and 50% deferred delivery stapled securities issued under the Executive Stapled Securities Scheme (ESSS). For executives not invited to participate in the ESSS, the EIS is paid fully in cash.

Executive	Position	Standard EIS Target (as a % of FAR)	% of EIS paid as cash	% of EIS paid as ESSS
Andrew Wilkinson	Managing Director	60%	50%	50%
Andrew Slade	Capital Manager	50%	50%	50%
Michael Clarke	Company Secretary and Finance Manager	n/a ¹	50%	50%
Don Shipway	Asset Manager	n/a ¹	50%	50%

1. EIS awards are at the discretion of the Committee and the Board

How are EIS targets and objectives chosen? At the beginning of each year, in addition to the standard range of operational requirements, the Board sets a number of strategic objectives for ALE for that year. These objectives are dependent on the strategic opportunities and issues facing ALE for that year and may include objectives that relate to the short and longer term performance of ALE. Additionally, specific KPIs are established for all executives with reference to their individual responsibilities which link to the addition to and protection of securityholder value, improving business processes, ensuring compliance with legislative requirements, reducing risks within the business and ensuring compliance with risk management policies, as well as other key strategic non-financial measures linked to drivers of performance in future economic periods.

How is EIS performance assessed? The Committee is responsible for assessing whether the KPIs have been met. To facilitate this assessment, the Board receives detailed reports on performance from management.

The quantum of EIS payments and awards are directly linked to over or under achievement against the specific KPIs. The Board has due regard to the achievements outlined in section 9.4.

DIRECTORS' REPORT

For the Year ended 30 June 2017

How are EIS awards delivered? EIS cash payments are made in August each year following the signing of ALE's full year statutory financial statements.

The deferred component comprises an award of stapled securities under the ESSS. Any securities awarded under the ESSS are delivered three years after the award date provided certain conditions have been met.

How is the ESSS award calculated? The number of ESSS Rights awarded annually under the ESSS will be determined by dividing the value of the grant by the volume weighted average price for the five trading days commencing the day following the signing of ALE's full year statutory financial statements, and grossing this number up for the future value of the estimated distributions over the three year deferred delivery period.

What conditions are required to be met for the delivery of an ESSS award? During the three year deferred delivery period, the delivery of the Stapled Securities issued under the ESSS remains subject to the following clawback tests. ESSS rights will be forfeited in whole or in part at the discretion of the Remuneration Committee if before the end of the deferred delivery period:

- **the Committee becomes aware of any executive performance matter which, had it been aware of the matter at the time of the original award, would have in their reasonable opinion resulted in a lower original award; or**
- **the executive engages in any conduct or commits any act which, in the Committee's reasonable opinion, adversely affects ALE Property Group including, and without limitation, any act which:**
 - **results in ALE having to make any material negative financial restatements;**
 - **causes ALE to incur a material financial loss; or**
 - **causes any significant financial or reputational harm to ALE and/or its businesses.**

9.3.3 Summary of Key Contract Terms

Notice by Executive	6 months	3 months	3 months	1 month	1 month

Managing Director

Mr Wilkinson has signed a service agreement that commenced on 1 September 2014. The agreement stipulates the starting minimum base salary, inclusive of superannuation, as being \$425,000, to be reviewed annually each 31 December by the Board. An EIS, if earned, would be paid 50% as a cash bonus in August each year and 50% in stapled securities issued under the ESSS and delivered three years following each of the annual grant dates.

In the event of the termination of Andrew Wilkinson's service agreement and depending on the reason for the termination, amounts may be payable for unpaid accrued entitlements and a proportion of EIS entitlements as at the date of termination. If employment is terminated in circumstances of redundancy or without cause then he is entitled to an amount of fixed remuneration for six months. In addition he may receive a pro-rata EIS award for the period of employment in the year of redundancy.

9.4 Executive Remuneration outcome for year ended 30 June 2017

The amount of remuneration paid to Directors and Key Management Personnel is detailed in the table on page 17.

Executive Incentive Scheme Outcomes

ALE continues to perform well when compared to other Australian real estate investment trusts (AREITs).

The Committee reviewed the overall performance of ALE and the individual performance of all executives for the year ending 30 June 2017.

It was the view of the Committee that all of the standard key performance indicators (KPIs) and all of the major items in the Board approved corporate strategy had been met. In particular the Committee noted:

Capital Matters

- In March 2017 ALE completed a \$150 million Australian Medium Term Note (AMTN) issue with a term of 5.5 years. At a 1.50% credit margin and an all up rate of 4.00% this was a competitively priced outcome and reduced ALE's weighted average cost of debt from 4.35% to 4.26%. ALE received a strong response from a wide range of domestic and international institutional investors, a number of whom have participated in ALE's various debt issues since 2003;
- As the new AMTN issue was a fixed rate instrument, ALE efficiently removed a corresponding amount of the existing forward start hedging over the term to August 2022 at a cost of \$7.2 million. This cost is similar to the benefit arising from the reduction in ALE's base interest expense over the same term;
- The refinancing strengthened ALE's debt capital position further. ALE now has debt maturities spread over the next six years and base interest rates 100% locked away for the next eight years;
- ALE's investment grade credit rating of Baa2 (with stable outlook) was fully maintained;
- Management continued to explore a range of debt funding solutions in both the domestic and offshore capital markets with a view to enhancing ALE's readiness to implement future debt refinancings and additional debt funding of any acquisitions; and
- Management reviewed a range of other strategic initiatives with particular focus on value enhancement and risk mitigation.

Other matters

- Worked constructively with ALH to explore and agree a range of developments that are value enhancing for ALE for a number of properties;
- Undertook a more comprehensive statutory valuation exercise to ensure that the independent valuers were fully appraised of the key value drivers of each of the properties;
- Explored a number of acquisition opportunities that accorded with ALE's strategic criteria;
- Worked on a number of strategic initiatives during the year;
- Completed a comprehensive review of ALE's service providers with a view to ensuring cost savings were maximised and service levels enhanced; and
- Continued to deliver both short and long term total returns for securityholders that outperformed most if not all other AREITs in the sector.

The remuneration committee considered these achievements and compared them to key performance indicators for each executive that were set at the beginning of the financial year. Individual executives contributed to the valuable outcomes outlined above and this was recognised in the EIS payments made. All the EIS payments are included in the staff remuneration expenses in the current year.

The EIS awarded to each member of the management team was as follows:

Executive	Target EIS (as % of FAR)	EIS		EIS Awarded	Cash Component	ESSS Component
		Awarded (as % of FAR)	EIS Awarded as a % of Target			
Andrew Wilkinson	60%	60.0%	100.0%	\$279,930	\$139,965	\$139,965
Andrew Slade	50%	57.6%	115.2%	\$151,744	\$75,872	\$75,872
Michael Clarke	n/a	17.7%	-	\$40,000	\$20,000	\$20,000
Don Shipway	n/a	12.2%	-	\$25,000	\$12,500	\$12,500

DIRECTORS' REPORT

For the Year ended 30 June 2017

Consequences of performance on securityholder wealth

In considering the Group's performance and benefits to securityholder wealth, the remuneration committee have regard to a number of performance indicators in relation to the current and previous financial years.

A review of ALE's current year performance and history is provided in the Operational and Financial Review on page 6 of the Directors Report.

9.5.4 Directors' and key management personnel interests in stapled securities and ESSS rights

A summary of directors, key management personnel and their associates holdings in stapled securities and ESSS interests in ALE is shown on page 5 of the Directors' Report.

DIRECTORS' REPORT

For the Year ended 30 June 2017

9.6 Equity based compensation

The value of ESSS disclosed in section 9.5.3 and 9.8 is based on the value of the grant at the award date. The number of Stapled Securities issued annually under the ESSS award will be determined by dividing the value of the grant by the volume weighted average price for the **five trading days commencing the day following the signing of ALE Property Group's full year statutory financial statements, and grossing this** number up for estimated distributions over the deferred delivery period. The number of securities granted in the current year will be determined on 16 August 2017.

9.7 Non-executive Directors' Remuneration

9.7.1 Remuneration Policy and Strategy

Non-executive directors' individual fees are determined by the Company Board within the aggregate amount approved by shareholders. The current aggregate amount which has been approved by shareholders at the AGM on 6 November 2014 was \$650,000.

The Board reviews its fees to ensure that ALE non-executive directors are remunerated fairly for their services, recognising the level of skill, expertise and experience required to conduct the role. The Board reviews its fees from time to time to ensure it is remunerating directors at a level that enables ALE to attract and retain the right non-executive directors. Fees and payments to non-executive directors reflect the **demands which are made on, and the responsibilities of the Directors. Non-executive directors' fees and payments were reviewed in the current financial year. The results of this review are shown in the fees listed below. The Chairman's fees are determined independently from** the fees of the other non-executive directors, based on comparative roles in the external market. The Chairman is not present at any discussion relating to the determination of his own remuneration. Non-executive directors do not receive any equity based payments, retirement benefits or other incentive payments.

9.7.2 Remuneration Structure

ALE's non-executive directors receive a cash fee for service and they have no entitlement to any performance based remuneration, nor can they participate in any security based incentive scheme.

The current remuneration was reviewed in January 2017. This resulted in changes to the fee levels indicated below. The Directors' fees are inclusive of superannuation, where applicable.

	Board		ACRMC		Remuneration Committee	
	Chairman*	Member	Chairman	Member	Chairman	Member
Board and Committee Fees	\$195,000	\$95,000	\$15,000	\$10,000	\$15,000	\$5,000

* The Chairman of the Board's fees are inclusive of all committee fees.

James McNally's remuneration is determined in accordance with the above fees. He received an additional \$5,000 for being a Responsible **Manager of the Company under the Company's AFSL (retired in April 2017)** and \$10,000 for being a director of ALE Finance Company Pty Limited.

9.8 Details of remuneration

Amount of remuneration

Details of the remuneration of the key management personnel for the current year and for the comparative year are set out below in tables 1 and 2. The cash bonuses were dependent on the satisfaction of performance conditions as set out in the section 9.4 headed "Executive Incentive Scheme Outcomes". Equity based payments for 2017 are non-market based performance related as set out in section 9.4. All other elements of remuneration were not directly related to performance.

No options over unissued stapled securities of ALE were granted during or since the end of the year.

11 STAPLED SECURITIES ISSUED ON THE EXERCISE OF OPTIONS

No stapled securities were issued on the exercise of options during the financial year.

12 INSURANCE OF OFFICERS

During the financial year, the Company paid a premium of \$53,560 (2016: \$51,535) to insure the directors and officers of the Company. The auditors of the Company are in no way indemnified out of the assets of the Company.

Under the constitution of the Company, current and former directors and secretaries are indemnified to the full extent permitted by law for liabilities incurred by these persons in the discharge of their duties. The constitution provides that the Company will meet the legal costs of these persons. This indemnity is subject to certain limitations.

13 NON-AUDIT SERVICES

The Company may decide to employ the auditor on assignments additional to their statutory audit duties where the auditor's expertise and experience with the Company are important.

The Board of Directors has considered the position and in accordance with the advice received from the ACRMC is satisfied that the provision of the non-audit services is compatible with the general standard of independence for auditors imposed by the *Corporations Act 2001*. During the current financial year non-audit services were performed by the auditors.

Details of amounts paid or payable to the auditor (KPMG) for audit services provided during the year are set out below:

14 ENVIRONMENTAL REGULATION

While ALE is not subject to significant environmental regulation in respect of its property activities, the directors are satisfied that adequate systems are in place for the management of its environmental responsibilities and compliance with various licence requirements and regulations. Further, the directors are not aware of any material breaches of these requirements. At four properties, ongoing testing and monitoring is being undertaken and minor remediation work is required, however, in most cases ALE is indemnified by third parties against any remediation amounts likely to be required. ALE does not expect to incur any material environmental liabilities.

DIRECTORS' REPORT

For the Year ended 30 June 2017

15 AUDITOR'S INDEPENDENCE DECLARATION

A copy of the Auditor's independence declaration as required under section 307C of the *Corporations Act 2001* is set out on page 20.

16 ROUNDING OF AMOUNTS

ALE is an entity of the kind referred to in ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191, issued by the Australian Securities and Investments Commission, relating to the "rounding off" of amounts in the Directors' Report. Amounts in the Directors' Report and Financial Report have been rounded off in accordance with the Instrument to the nearest thousand dollars, unless otherwise indicated.

This report is made in accordance with a resolution of the directors.

About this report

Reporting Entity

ALE is domiciled in Australia. ALE, the stapled entity, was formed by stapling together the units in the Trust and the shares in the Company. For the purposes of financial reporting, the stapled entity reflects the consolidated entity. The parent entity and deemed acquirer in this arrangement is the Trust. The results reflect the performance of the Trust and its subsidiaries including the Company from 1 July 2016 to 30 June 2017.

The stapled securities of ALE are quoted on the Australian Securities Exchange under the code LEP and comprise one unit in the Trust and one share in the Company. The unit and the share are stapled together under the terms of their respective constitutions and cannot be traded separately. Each entity forming part of ALE is a separate legal entity in its own right under the Corporations Act 2001 and Australian Accounting Standards. The ALE Property Group is a for-profit entity.

The Company is the Responsible Entity of the Trust.

Statement of compliance

The consolidated financial statements are general purpose financial statements which have been prepared in accordance with Australian Accounting Standards (AASBs) adopted by the Australian Accounting Standards Board (AASB) and the Corporations Act 2001. The financial statements also comply with the International Financial Reporting Standards (IFRS) and interpretations adopted by the International Accounting Standards Board.

The consolidated financial statements were authorised for issue by the Board of Directors on 8th August 2017.

Basis of preparation

The Financial Report has been prepared on an historical cost basis, except for the revaluation of investment properties and certain financial instruments. Cost is based on the fair values of the consideration given in exchange for assets. All amounts are represented in Australian dollars, unless otherwise noted.

Rounding of amounts

ALE is an entity of a kind referred to in ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191 and in accordance with that Instrument, all financial information presented in Australian dollars has been rounded to the nearest thousand unless otherwise stated.

Accounting estimates and judgements

The preparation of financial statements requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future periods affected.

Accounting estimates and judgements	Note
Investment property	2
Financial instruments	3
Income taxes	4
Measurement of share based payments	5

Significant accounting policies

Accounting policies are selected and applied in a manner that ensures that the resulting financial information satisfies the concepts of relevance and reliability, thereby ensuring that the substance of the underlying transactions or other events is reported. Other significant accounting policies are contained in the notes to the financial statements to which they relate to.

(a) Principles of consolidation

The financial statements incorporate the assets and liabilities of all subsidiaries as at balance date and the results for the period then ended. The Trust and its controlled entities together are referred to collectively in this financial report as ALE. Entities are fully consolidated from the date on which control is transferred to the Trust; where applicable, entities are deconsolidated from the date that control ceases.

Subsidiaries are all those entities (including special purpose entities) over which ALE has the power to govern the financial and operating policies, generally accompanying a shareholding of more than one half of the voting rights. The existence and effect of potential voting rights that are currently exercisable or convertible are considered when assessing whether ALE controls another entity.

All balances and effects of transactions between the subsidiaries of ALE have been eliminated in full.

1. About this report

Measurement of fair values

A number of the Group's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities.

The Group has an established control framework with respect to the measurement of fair values. Senior management regularly reviews significant unobservable inputs and valuation adjustments. If third party information, such as bank valuations or independent valuations, is used to measure fair values then management assess the evidence obtained from the third parties to support the conclusion that such valuations meet the requirements of IFRS, including the level in the fair value hierarchy in which such valuations should be classified.

Significant valuation issues are reported the to the Audit, Compliance, and Risk Management Committee.

Recognition and measurement

Properties (including land and buildings) held for long term rental yields and capital appreciation and that are not occupied by ALE are classified as investment properties.

Investment property is initially brought to account at cost which includes the cost of acquisition, stamp duty and other costs directly related to the acquisition of the properties. The properties are subsequently revalued and carried at fair value. Fair value is based on active market prices, adjusted for any difference in the nature, location or condition of the specific asset or where this is not available, an appropriate valuation method which may include discounted cash flow projections and the capitalisation method. The fair value reflects, among other things, rental income from the current leases and assumptions about future rental income in light of current market conditions. It also reflects any cash outflows that could be expected in respect of the property.

Subsequent expenditure is capitalised to the properties' carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to ALE and the cost of the item can be reliably measured. Maintenance and capital works expenditure is the responsibility of the tenant under the triple net leases in place over 83 of the 86 properties. For the remaining three hotels capital works expenditure and structural maintenance is the responsibility of ALE. ALE undertakes periodic condition and compliance reviews by a qualified independent consultant to ensure properties are properly maintained.

Land and buildings classified as investment property are not depreciated.

The carrying value of the investment property is reviewed at each reporting date and each property is independently revalued at least every three years. Changes in the fair values of investment properties are recorded in the Statement of Comprehensive Income.

Gains and losses on disposal of a property are determined by comparing the net proceeds on disposal with the carrying amount of the property at the date of disposal. Net proceeds on disposal are determined by subtracting disposal costs from the gross sale proceeds.

Measurement of fair value

The basis of valuation of investment properties is fair value, being the amounts for which the properties could be **exchanged between willing parties in an arm's length** transaction, based on current prices in an active market for similar properties in the same location and condition and subject to similar leases. As at 30 June 2017, the weighted average investment property capitalisation rate used to determine the value of all investment properties was 5.14% (2016: 5.53%).

Investment property is property which is held either to earn rental income or for capital appreciation or for both. Investment property is measured at fair value with any change therein recognised in the Statement of Comprehensive Income. ALE has a valuation process for determining the fair value at each reporting date. An independent valuer, having an appropriate professional qualification and recent experience in the location and category of property being valued, values individual properties every three years on a rotation basis or on a

2. Investment property

Measurement of fair value (continued)

more regular basis if considered appropriate and as determined by management in accordance with the Board's approved valuation policy. These external independent valuations are taken into consideration when determining the fair value of the investment properties. The weighted average lease term of the properties is around 11.3 years.

In accordance with ALE's policy of independently valuing at least one-third of its property portfolio annually, 33 properties were independently valued as at 30 June 2017. The independent valuations are identified as "A" in the investment property table under the column labelled "Valuation type and date". These valuations were completed by CBRE and Herron Todd White.

The remaining 53 properties were subject to Directors' valuations as at 30 June 2017, identified as "B". The Directors' valuations of the 53 properties were determined by taking each property's net rent as at 30 June 2017 and capitalising it at a rate equal to the prior year capitalisation rate for that property, adjusted by the average change in capitalisation rate evident in the 33 independent valuations completed at 30 June 2017 on a like for like basis. The Directors have received advice from CBRE and Herron Todd White, that it is reasonable to apply the same percentage movement in the weighted average capitalisation rates, on a like for like basis.

Valuations reflect, where appropriate, the tenant in occupation, the credit worthiness of the tenant, the triple-net nature and remaining term of the leases (83 of 86 properties), land tax liabilities (Queensland only), insurance responsibilities between lessor and lessee and the remaining economic life of the property. It has been assumed that whenever rent reviews or lease renewals are pending with anticipated reversionary increases, all notices and, where appropriate, counter notices, have been served validly and within the appropriate time.

The valuations of each independent property are prepared by considering the aggregate of the net annual passing rental receivable from the individual properties and, where relevant, associated costs. A capitalisation rate, which reflects the specific risks inherent in the net cash flows, is then applied to the net annual passing rentals to arrive at the property valuation. The independent valuer also had regard to discounted cash flows modelling in deriving a final capitalisation rate although the capitalisation of income method remains the predominate method used in valuing the properties. A table showing the range of capitalisation rates applied to individual properties for each state in which the property is held is included below.

	2017 Yields	2016 Yields	2017 Average	2016 Average

2. Investment property

The fair value measurement for investment property of \$1,080.16 million has been categorised as a level 3 fair value based on inputs to the valuation technique used.

Valuation techniques and unobservable inputs

Fair Value Hierarchy	Class of Property	Fair Value 30 June 2017 \$'000's	Valuation Technique	Inputs Used To Measure Fair Value	Range of Individual Property Unobservable Inputs
Level 3	Pubs	1,080,160	Capitalisation method	Gross rent p.a. (\$'000's) Land tax p.a. (\$'000's) Adopted capitalisation rate	\$154 - \$1,680 \$14 - \$156 3.01% - 6.51%
			Discounted cash flow method	Gross rent p.a. (\$'000's) Land tax p.a. (\$'000's) Discount rates p.a. Terminal capitalisation rates Consumer price index p.a.	\$154 - \$1,680 \$14 - \$156 6.25% - 8.75% 4.75% - 8.50% 2.28% - 2.29%

As noted above the independent valuer had regard to discounted cash flow modelling in deriving a final capitalisation rate although the capitalisation of income method remains the predominant method used in valuing the individual properties.

Ownership arrangements

All investment properties are freehold and 100% owned by ALE and comprise land, buildings and fixed improvements. The plant and equipment, liquor and gaming licences, leasehold improvements and certain development rights are held by the tenant.

Leasing arrangements

83 of the 86 properties in the portfolio are leased to ALH on a triple net basis for 25 years, mostly starting in November 2003, with four 10 year options for ALH to renew. The remaining three properties are leased on long term leases to ALH on a double net basis.

(ii) Amount recognised in the profit and loss

Rental income	57,007	56,172
---------------	--------	--------

Put and call options

For most of the investment properties, at the end of the initial lease term of 25 years (2028 for most of the portfolio), and at the end of each of four subsequent ten year terms if the lease is not renewed, there is a call option for ALE (or its nominee) and a put option for the tenant to require the landlord (or its nominee) to buy plant, equipment, goodwill, inventory, all then current consents, licences, permits, certificates, authorities or other approvals, together with any liquor licence, held by the tenant in relation to the premises. The gaming licence is to be included or excluded at the tenant's option. These assets are to be purchased at market value, at that time, as determined by the valuation methodology set out in the leases. ALE must pay the purchase price on expiry of the lease. Any leasehold improvements funded and completed by the tenant will be purchased by ALE from the tenant at each property for an amount of \$1.

Valuation type and date

The following tables detail the cost and fair value of each of the Group's investment properties. The valuation type and date is as follows:

A	Independent valuations conducted during June 2017 with a valuation date of 30 June 2017.
B	Directors' valuations conducted during June 2017 with a valuation date of 30 June 2017.

Properties were purchased in November 2003, unless otherwise indicated.

Accumulated indexation	36,524	34,245
Unamortised borrowing costs	(671)	(743)
Net balance	147,753	145,402

\$125 million of CIB were issued in May 2006 of which \$111.9 million face value remains outstanding. A fixed rate of interest of 3.40% p.a. (including credit margin) applies to the CIB and is payable quarterly, with the outstanding balance of the CIB accumulating quarterly in line with the national consumer price index. The total amount of the accumulating indexation is not payable until maturity of the CIB in November 2023.

AMTN	2017 \$'000	2016 \$'000
Gross value of debt	375,000	335,000
Unamortised borrowing costs	(1,405)	(874)
Net balance	373,595	334,126

On 10 June 2014 ALE issued \$335 million AMTN in two tranches, \$110 million with a maturity date of 20 August 2017 and \$225 million with a maturity date of 20 August 2020. The AMTN are fixed rate securities with interest payable semi annually. The \$110m tranche was repaid early in May 2017.

On 8 March 2017 ALE issued a further \$150m AMTN, with a maturity date of 20 August 2022.

Recognition and measurement

Interest bearing liabilities are initially recognised at cost, being the fair value of the consideration received, net of issue and other transaction costs associated with the borrowings.

After initial recognition, interest bearing liabilities are subsequently measured at amortised cost using the effective interest rate method. Under this method, fees, costs, discounts and premiums directly related to the financial liability are spread over the expected life of the borrowings on an effective interest rate basis.

Assets pledged as security

The carrying amounts of assets pledged as security as at the balance date for CIB borrowings and certain interest rate derivatives are:

	2017 \$'000	2016 \$'000
Current assets		
Cash - CIB borrowings reserves	8,390	8,390
Non-current assets		
Total investment properties	1,080,160	990,480
Less: Properties not subject to mortgages		
Pritchard's Hotel, NSW	(29,140)	(26,750)
Properties subject to mortgages	1,051,020	963,730
Total assets pledged as security	1,059,410	972,120

In the unlikely event of a default by the properties' tenant, Australian Leisure and Hospitality Group Pty Limited (ALH), and if the assets pledged as security are insufficient to fully repay CIB borrowings, the CIB holders are also entitled in certain circumstances to recover certain unpaid amounts from the business assets of ALH.

2. Interest is payable on the indexed balance of the CIB at a fixed rate.

Fair value

The basis for determining fair values is disclosed in Note 1.

The fair value of derivative financial instruments (level 2) is disclosed in the Statement of Financial Position.

The carrying amount of all financial assets and liabilities approximates their fair value with the exception of borrowings which are shown below:

	Carrying Amount \$'000	Fair Value \$'000
30 June 2017		
CIB	147,753	153,386
AMTN	373,595	385,474
	521,348	538,860
30 June 2016		
CIB	145,402	151,370
AMTN	334,126	347,019
	479,528	498,389

Both borrowings are classed as Level 3.

Valuation techniques used to derive level 2 fair values

The fair value of derivatives is determined by using counterparty mark-to-market valuation notices, cross checked internally by using a generally accepted pricing model based on discounted cash flow analysis using quoted market inputs (interest rates) adjusted for specific features of the instruments and applying a debit or credit value adjustment based on ALE's or the derivative counterparty's credit worthiness.

Credit value adjustments are applied to mark-to-market assets based on the counterparty's credit risk using the credit default swap curves as a benchmark for credit risk.

Debit value adjustments are applied to mark-to-market liabilities based on ALE's credit risk using the credit rating of ALE issued by a rating agency for the AMTN issue.

3.2 Financial Risk Management

The Trust and Group have exposure to the following risks from their use of financial instruments:

- credit risk
- market risk
- liquidity risk

This note presents information about ALE's exposure to each of the above risks, its objectives, policies and processes for measuring and managing risk and the management of capital. Further quantitative disclosures are included throughout this financial report.

The Board of Directors has overall responsibility for the establishment and oversight of the risk management framework. The Board has established an Audit, Compliance and Risk Management Committee, which is responsible for developing and monitoring risk management policies. The committee reports regularly to the Board of Directors on its activities.

Risk management policies are established to identify and analyse the risks faced by ALE, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed **regularly to reflect changes in market conditions and ALE's** activities. ALE, through its training and management standards and procedures, has developed a disciplined and constructive control environment in which all employees understand their roles and obligations.

NOTES TO THE FINANCIAL STATEMENTS (continued)

For the Year ended 30 June 2017

3. Capital structure and financing

The Audit, Compliance and Risk Management Committee **oversees how management monitors compliance with ALE's** risk management policies and procedures and reviews the adequacy of the risk management framework.

Credit risk

Credit risk is the risk of financial loss to ALE if its tenant or counterparty to a financial instrument fails to meet its **contractual obligations and arises principally from ALE's** receivables from the tenant, investment securities and derivatives contracts.

Cash

Credit risk on cash is managed through ensuring all cash deposits are held with authorised deposit taking institutions.

Trade and other receivables

ALE's exposure to credit risk is influenced mainly by the individual characteristics of its tenant. ALE has one tenant (Australian Leisure and Hospitality Group Pty Limited) and therefore there is significant concentration of credit risk with that company. Credit risk of the tenant is constantly monitored to ensure the tenant has appropriate financial standing. There are also cross default provisions in the leases and the properties are essential to the tenant's business operations and those of the tenant's shareholders.

The Group has considered the collectability and recoverability of trade receivables. Where warranted, an allowance for doubtful debts has been made for the estimated irrecoverable trade receivable amounts arising from the past rendering of services, determined by reference to past default experience.

Market risk

Market risk is the risk that changes in market prices, such as **the consumer price index and interest rates, will affect ALE's** income or the value of its holdings of leases and financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

ALE enters into derivatives and financial liabilities in order to manage market risks. All such transactions are carried out within the guidelines set by the Audit, Compliance and Risk Management Committee.

Interest rate risk

ALE adopts a policy of ensuring that short and medium term exposure to changes in interest rates on borrowings are hedged. This is achieved by entering into interest rate hedges to fix the interest rates or by issuing fixed rate borrowings.

Potential variability in future distributions arise predominantly from financial assets and liabilities bearing variable interest rates. For example, if financial liabilities exceed financial assets and interest rates rise, to the extent that interest rate derivatives (hedges) are not available to fully hedge the exposure, distribution levels would be expected to decline from the levels that they would otherwise have been.

ALE also has long term leased property assets and fixed interest rate liabilities that are currently intended to be held until maturity. The market value of these assets and liabilities are also expected to change as long term interest rates fluctuate. For example, as long term interest rates rise, the market value of both property assets and fixed or hedged interest rate liabilities may fall (all other market variables remaining unchanged). These movements in property assets and fixed interest rate liabilities impact upon the net equity value of ALE.

Profile

At the reporting date, ALE's interest rate sensitive financial instruments were as follows:

	2017 \$'000	2016 \$'000
Derivative financial assets	1,471	-
Derivative financial liabilities	(6,302)	(26,349)

Sensitivity analysis

A change of 100 basis points in the prevailing nominal market interest rates at the reporting date would have increased/(decreased) Statement of Comprehensive Income and Equity by the amounts shown below. This analysis assumes that all other variables, in particular the CPI, remain constant. The analysis was performed on the same basis for 2016.

3. Capital structure and financing

Consumer price index risk

Potential variability in future distributions arise predominantly from financial assets and liabilities through movements in the consumer price index (CPI). For example, ALE's investment properties are subject to annual rental increases based on movements in the CPI. This will in turn flow through to investment property valuations.

Profile

At the reporting date, ALE's CPI sensitive financial instruments were as follows:

	2017 \$'000	2016 \$'000
Financial instruments		
Investment properties	1,080,160	990,480
CIB	(147,753)	(145,402)
	932,407	845,078

Sensitivity analysis for variable rate instruments

A change of 100 bps in CPI at the reporting date would increase rent and hence property value would have increased Statement of Comprehensive Income and Equity by the amounts shown below. This analysis assumes that all other variables, in particular the interest rates and capitalisation rates applicable to investment properties, remain constant. The analysis was performed on the same basis for 2016.

	100 bps increase \$'000	100 bps decrease \$'000
30 June 2017		
Investment properties	11,612	-
CIB	-	-
	11,612	-
30 June 2016		
Investment properties	9,937	-
CIB	-	-
	9,937	-

Investment properties have been included in the sensitivity analysis as, although they are not financial instruments, the long term CPI linked leases attaching to the investment properties are similar in nature to financial instruments. Under the terms of the leases on the ALE properties there is no change to rental income should CPI decrease.

There is no impact on the Statement of Comprehensive Income or Equity arising from a 100 bps movement in CPI at the reporting date on the CIB, as the terms of this instrument use CPI rates for the quarters ending the preceding March and December to determine their values at 30 June.

Property valuation risk

ALE owns a number of investment properties. Those property valuations may increase or decrease from time to time. ALE's financing facilities contain gearing covenants. ALE reviews the risk of gearing covenant breaches by constantly monitoring gearing levels and has contingency capital management plans to ensure that sufficient headroom is maintained.

Liquidity risk

Liquidity risk is the risk that ALE will not be able to meet its **financial obligations as they fall due. ALE's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to ALE's reputation.** ALE manages its liquidity risk by using detailed forward cash flow planning and by maintaining strong relationships with banks and investors in the capital markets.

ALE has liquidity risk management policies which assist it in monitoring cash flow requirements and optimising its cash return on investments. Typically ALE ensures that it has sufficient cash on demand to meet expected operational expenses and commitments for the purchase/sale of assets for a period of 90 days (or longer if deemed necessary), including the servicing of financial obligations.

Interest rates used to determine contractual cash flows

The interest rates used to determine the contractual cash flows, where applicable, are based on interest rates, including the relevant credit margin, applicable to the financial liabilities at balance date. The contractual cash flows have not been discounted. The inflation rates used to determine the contractual cash flows, where applicable, are based on inflation rates applicable at balance date.

Interest rate hedges

ALE uses derivative financial instruments, being interest rate hedges, to manage its exposure to interest rate risk on borrowings. As at balance date, ALE has hedged all non CIB net borrowings past the maturity date of the AMTN through nominal interest rate hedges.

Recognition and measurement

Interest rate hedges are initially recognised at fair value and are subsequently remeasured to their fair value at each reporting date. Any gains or losses arising from the change in fair value of the interest rate hedges are recognised in the Statement of Comprehensive Income.

ALE documents, at the inception of any hedging transaction, the relationship between hedging instruments and hedged items, as well as its risk management objective and strategy for undertaking various hedge transactions. ALE also documents its assessment, both at hedge inception and on an ongoing basis, of whether the derivatives that are used in hedging transactions have been and will continue to be highly effective in offsetting changes in fair values or cash flows of hedged items.

To date, ALE has not designated any of its derivatives as cash flow hedges and accordingly ALE has valued them all at fair value with movements recorded in the Statement of Comprehensive Income.

The gain or loss from marking to market the interest rate hedges (derivatives) at fair value is taken directly to the Statement of Comprehensive Income.

ALE has a series of forward start hedges in place and a counter hedge that is currently active. During the current year following the early repayment of the August 2017 AMTN and new fixed rate AMTN borrowing that will mature in August 2022, hedging relating to the August 2017 to August 2022 period was no longer required and was terminated.

The continuing forward start hedge commences on the date of the maturity of the fixed rate August 2020 AMTN borrowing and increases on maturity of the fixed rate August 2022 AMTN borrowings, extending out to November 2025.

The hedge contracts require settlement of net interest receivable or payable on a quarterly basis. The settlement dates coincide with the dates on which interest is payable on the underlying borrowings. The contracts are settled on a net basis.

The average term of the interest rate hedges and fixed rate securities in relation to the total borrowings of ALE is 8.4 years at 30 June 2017.

The following chart shows the hedge balances over the life of the hedges.

Financial covenants

ALE is required to comply with certain financial covenants in respect of its borrowing and hedging facilities. The major financial covenants are summarised as follows:

Interest Cover Ratio covenants (ICR)

Borrowing	ICR covenant	Consequence
CIB	ALH EBITDAR to be greater than 7.5 times CIB interest expense	Stapled security distributions lockup
AMTN	ALE DPT EBITDA to be greater than or equal to 1.5 times ALE DPT interest expense	Note holders may call for notes to be redeemed
Hedging	As per AMTN above	As per AMTN above

Definitions

Interest amounts include all derivative rate swap payments and receipts
EBITDAR - Earnings before Interest, Tax, Depreciation, Amortisation and Rent

Rating covenant

Borrowing	Covenant	Consequence
AMTN	AMTN issue rating to be maintained at investment grade (i.e. at least Baa3/BBB-)	Published rating of Ba1/BB+ or lower results in a step up margin of 1.25% to be added to the interest rate payable

Loan to Value Ratio covenants (LVR)

Borrowing	LVR Covenant	Consequence
CIB	The issuance of new CIB is not permitted if the indexed value of the resultant total CIB exceeds 25% of the value of properties held as security	Note holders may call for notes to be redeemed
CIB	Outstanding value of CIB not to exceed 66.6% of the value of properties held as security	Note holders may call for notes to be redeemed
AMTN	The new issuance of Net Priority Debt is not permitted to exceed 20% of Net Total Assets	Note holders may call for notes to be redeemed
AMTN	Net Finance Debt not to exceed 60% of Net Total Assets	Stapled Security distribution lockup
AMTN	Net Finance Debt not to exceed 65% of Net Total Assets	Note holders may call for notes to be redeemed
Hedging	As per AMTN above	As per AMTN above

Measurement and recognition

Ordinary units and ordinary shares are classified as contributed equity.

Incremental costs directly attributable to the issue of new units, shares or options are shown in Contributed Equity as a deduction, net of tax, from the proceeds.

Stapled securities

Each stapled security comprises one share in the Company and one unit in the Trust. They cannot be traded or dealt with separately. Stapled securities entitle the holder to participate in dividends/distributions and the proceeds on any winding-up of ALE in proportion to the number of, and amounts paid on, the securities held. On a show of hands every holder of stapled securities present at a meeting in person or by proxy, is entitled to one vote. On a poll, each ordinary shareholder is entitled to one vote for each fully paid share and each unit holder is entitled to one vote for each fully paid unit.

No income voting units (NIVUS)

The Trust issued 9,080,010 of no income voting units (NIVUS) to the Company, fully paid at \$1.00 each in November 2003. The NIVUS are not stapled to shares in the Company, have an issue and withdrawal price of \$1.00, carry no rights to income from the Trust and entitle the holder to no more than \$1.00 per NIVUS upon the winding-up of the Trust. The Company has a voting power of 4.43% in the Trust as a result of the issue of NIVUS. The NIVUS are disclosed in the Company and the Trust financial reports but are not disclosed in the ALE Property Group financial report as they are eliminated on consolidation.

The NIVUS were issued to ensure the Responsible Entity maintained sufficient Net Tangible Assets to satisfy the requirements of the company's AFSL Licence.

3.4 Capital management

Capital management

ALE monitors securityholder equity and manages it to address risks and add value where appropriate.

The Board's policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain the future development of the business. The Board of Directors monitors the return on capital, which ALE defines as distributable income divided by total contributed equity, excluding minority interests. The Board of Directors also monitors the level of gearing.

The Board seeks to maintain a balance between the higher returns that may be achieved with higher levels of borrowings and the advantages and security afforded by a sound capital position. While ALE does not have a specific return on capital target, it seeks to ensure that capital is being most efficiently used at all times. In seeking to manage its capital efficiently, ALE from time to time may undertake on-market buybacks of ALE stapled securities. ALE has also from time to time made distributions from surplus cash or capital to stapled securityholders on a fully transparent basis. Additionally, the available total returns on all new acquisitions are tested against the anticipated weighted cost of capital at the time of the acquisition.

ALE assesses the adequacy of its capital requirements, cost of capital and gearing as part of its broader strategic plan.

Gearing ratios are monitored in the context of any increase or decrease from time to time based on existing property value movements, acquisitions completed, the levels of debt financing used and a range of prudent financial metrics, both at the time and on a projected basis going forward.

The outcomes of the ALE strategic planning process plays an important role in determining acquisition and financing priorities over time.

The total gearing ratios (total liabilities as a percentage of total assets) at 30 June 2017 and 30 June 2016 were 48.7% and 51.8% respectively.

The net gearing ratios (total borrowings less cash as a percentage of total assets less cash, derivatives and deferred tax assets) at 30 June 2017 and 30 June 2016 were 42.7% and 44.9% respectively.

Revenue

Rental income from operating leases is recognised on a straight line basis over the lease term. Rentals that are based on a future amount that changes with other than the passage of time, including CPI linked rental increases, are only recognised when contractually due. An asset will be recognised to represent the portion of an operating lease revenue in a reporting period relating to fixed increases in operating lease revenue in future periods. These assets will be recognised as a component of investment properties.

Interest and investment income is brought to account on a time proportion basis using the effective interest rate method and if not received at balance date is reflected in the Statement of Financial Position as a receivable.

Rental income

During the current and previous financial years, ALE's investment property lease rentals were reviewed to state based CPI annually and are not subject to fixed increases, apart from the lease for the Pritchard's Hotel, NSW which has fixed increases of 3%.

Interest income

As at 30 June 2017 the weighted average interest rate earned on cash was 2.30% (2016: 2.66%)

Recognition and measurement

Trusts

Under current legislation, Trusts are not liable for income tax, provided that their taxable income and taxable realised gains are fully distributed to securityholders each financial year.

Current tax

The income tax expense or benefit for the reporting period is the tax payable on the current reporting period's taxable income based on the Australian company tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences between the tax bases of the assets and liabilities and their carrying amounts in the financial statements and to unused tax losses.

NOTES TO THE FINANCIAL STATEMENTS (continued)

For the Year ended 30 June 2017

4. Business performance

4.4 Taxation (continued)

Deferred tax

Deferred tax balances are calculated using the balance sheet method. Under this method, temporary differences arise between the carrying amount of assets and liabilities in the financial statements and the tax bases for the corresponding assets and liabilities. However, an exception is made for certain temporary differences arising from the initial recognition of an asset or liability. No deferred tax asset or liability is recognised in relation to these temporary differences if they arose in a transaction, other than a business combination, that at the time of the transaction did not affect either accounting profit or taxable profit or loss. Similarly, no deferred tax asset or liability is recognised for temporary differences between the carrying amount and tax bases of investments in controlled entities where the parent entity is able to control the timing of the reversal of the temporary differences and it is probable that the differences will not reverse in the foreseeable future. Deferred tax assets and liabilities are recognised for temporary differences at the tax rates expected to apply when the assets are recovered or liabilities settled.

Deferred tax assets are recognised for temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred tax balances attributable to amounts recognised directly in equity are also recognised directly in Equity.

Offsetting deferred tax balances

Deferred tax assets and liabilities are offset when they relate to income taxes levied by the same taxation authority and the Company/Group intends to settle its current tax assets and liabilities on a net basis.

Distributable profit per security

ALE has a policy of paying distributions which are subject to the minimum requirement to distribute taxable income of the trust under the Trust Deed. Distributable Profit is a non-IFRS measure that shows how free cash flow is calculated by ALE. Distributable Profit excludes items such as unrealised fair value (increments)/decrements arising from the effect of revaluing derivatives and investment property, non-cash expenses and non-cash financing costs.

The calculation of distributable profit per stapled security is based on the distributable profit attributable to ordinary securityholders and the weighted average number of ordinary stapled securities outstanding.

5.

Employee benefits

This section provides a breakdown of the various programs ALE uses to reward and recognise employees and key executives, including Key Management Personnel (KMP). ALE believes that these programs reinforce the value of ownership and incentives and drive performance both individually and collectively to deliver better returns to securityholders.

5.1 Employee benefits

5.3 Employee share plans

5.2 Key management personnel compensation

5.1 Employee benefits

	2017 \$'000	2016 \$'000
Employee benefits provision:		
Current	190	169

Recognition and measurement

The employee benefits liability represents accrued wages and salaries, leave entitlements and other incentives recognised **in respect of employees' services up to the end of the reporting period**. These liabilities are measured at the amounts expected to be paid when they are settled and include related on-costs, such as workers compensation insurance, superannuation and payroll tax.

Long service leave

ALE recognises liabilities for long service leave when employees reach a qualifying period of continuous service (five years). The liability for long service leave is recognised in the provision for employee benefits and measured as the present value of expected future payments to be made in respect of services provided by employees up to the reporting date. Consideration is given to expected future wage and salary levels, experience of employee departures and periods of service. Expected future payments are discounted using market yields at the reporting date on national government bonds with the terms to maturity and currency that match, as closely as possible, the estimated future cash flow.

Retirement benefit obligations

ALE pays fixed contributions to employee nominated superannuation funds and ALE's legal or constructive obligations are limited to these contributions. The contributions are recognised as an expense as they become payable. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in the future payments is available.

5.2 Key management personnel compensation

	2017 \$	2016 \$
Short term employee benefits	1,954,719	1,861,142

Share based payments	248,337	182,000
Termination benefits	-	-
	2,342,314	2,196,138

Recognition and measurement

Wages and salaries, annual leave and sick leave

Liabilities for wages and salaries, including non-monetary benefits and annual leave due to be settled within 12 months of the reporting date, are recognised as a current liability in respect of employees' services up to the reporting date, and are measured at the amounts expected to be paid when the liabilities are settled. Liabilities for accumulated sick leave are recognised as an expense when the leave is taken and measured at the rates paid or payable.

Bonus and incentive plans

Liabilities and expenses for bonuses and incentives are recognised where contractually obliged or where there is a past practice that may create a constructive obligation.

5.3 Employee share plans

Executive Stapled Security Scheme (ESSS)

The ESSS was established in 2012. The grant date fair value of ESSS Rights granted to employees is recognised as an employee expense, with a corresponding increase in equity, over the period that the employees become unconditionally entitled to the ESSS rights. The amount recognised as an expense is adjusted to reflect the actual number of ESSS Rights that vest.

The fair value at grant date is determined as the value of the ESSS Rights in the year in which they are awarded. The number of ESSS Rights issued annually under the ESSS will be determined by dividing the value of the grant by the volume weighted average price for the five trading days commencing the day following the signing of ALE Property **Group's full year statutory financial statements and grossing** this number up for the future value of the estimated distributions over the three year deferred delivery period. Upon the exercise of ESSS rights, the balance of the share based payments reserve relating to those rights is transferred to Contributed Equity.

6. Other

This section provides details on other required disclosures relating to the Group to comply with the accounting standards and other pronouncements.

6.1 New accounting standards

6.2 Segment reporting

6.3 Events occurring after balance date

6.4 Contingent liabilities and contingent assets

6.5 Investments in controlled entities

6.7 Parent Entity Disclosures

6.1 New accounting standards

A number of new standards, amendments to standards and interpretations are effective for annual periods beginning after 1 January 2016 and have not been applied in preparing these financial statements. Those which may be relevant to the Group are set out below. The Group does not plan to adopt these standards early.

Disclosure Initiative (Amendments to IAS 7)

The amendments require disclosures that enable users of the financial statements to evaluate changes in liabilities arising from financing activities, including both changes from cash flow and non-cash changes.

The amendments are effective for annual reporting periods beginning on or after 1 January 2017, with early adoption permitted.

To satisfy the new disclosure requirements the Group intends to present a reconciliation between opening and closing balances for liabilities with changes arising from financing activities.

Recognition of Deferred Tax Assets for Unrealised Losses (Amendments to IAS 12)

The amendments clarify the accounting for deferred tax assets for unrealised losses on debt instruments measured at fair value.

The amendments are effective for annual reporting periods beginning on or after 1 January 2017, with early adoption permitted.

The Group has assessed the potential impact on its consolidated financial statements resulting from the amendments and there will be no significant impacts.

IFRS 15 Revenue from Contracts with Customers

IFRS 15 establishes a comprehensive framework for determining whether, how much and when revenue is recognised. It replaces existing revenue recognition guidance, including IAS 18 Revenue, IAS 11 Construction Contracts and IFRIC 13 Customer Loyalty Programmes.

IFRS 15 is effective for annual reporting periods beginning on or after 1 January 2018, with early adoption permitted.

The Group has completed an assessment of the potential impact of the adoption of IFRS 15 on its financial statements and there will be no significant changes.

IFRS 9 Financial Instruments (2010), IFRS 9 Financial Instruments (2009)

IFRS 9, published in July 2014, replaces the existing guidance in IAS 39 Financial Instruments: Recognition and Measurement. IFRS 9 includes revised guidance on the classification and measurement of financial instruments, including a new expected credit loss model for calculating impairment on financial assets, and the new general hedge accounting requirements. It also carries forward the guidance on recognition and derecognition of financial instruments from IAS 39. IFRS 9 is effective for annual reporting periods beginning on or after 1 January 2018, with early adoption permitted.

The actual impact of adopting IFRS 9 on the Group's consolidated financial statements in 2018 is not known and cannot be reliably estimated because it will be dependant on the financial instruments that the Group holds and the economic conditions at that time as well as accounting elections and judgements that it will make in the future.

The Group has assessed the potential impact on its consolidated financial statement resulting from the application of IFRS 9 based on its positions as at

Notes to the financial statements (continued)

6. Other

30 June 2017 and hedging arrangements during 2017 under IAS 39.

Based on its preliminary assessment the Group does not believe the new classification and measurement approach for financial assets, financial liabilities or the impairment requirements for financial assets will have a material impact on the group's consolidated financial statements.

IFRS 16 Leasing

IFRS 16 establishes a comprehensive framework the accounting policies and disclosures applicable to leases, both for lessees and lessors. IFRS 16 is effective for annual reporting periods beginning on or after 1 January 2019, with early adoption permitted.

The Group has assessed the potential impact on its financial statements resulting from the application of IFRS 16 and believes that there will be no material changes required.

6.2 Segment reporting

Business segment

The results and financial position of ALE's single operating segment, ALE Strategic Business Unit, are prepared for the Managing Director on a quarterly basis. The strategic business unit covers the operations of the responsible entity for the ALE Property Group.

Comparative information has been presented in conformity with the requirements of AASB 8 *Operating Segments*.

All ALE Property Group's properties are leased to members of the ALH Group, and accordingly 100% of the rental income is received from ALH (2016: 100%).

6.3 Events occurring after balance date

There has not arisen in the interval between the end of the financial year and the date of this report, any transaction or event of a material and unusual nature likely, in the opinion of the Directors of the Company, to affect significantly the operations of the Group, the results of those operations, or the state of affairs of the Group, in future financial years.

6.4 Contingent liabilities and contingent assets

Bank guarantee

ALE has entered into a bank guarantee of \$73,273 in respect of the office tenancy at Level 10, 6 O'Connell Street, Sydney.

6.5 Investments in controlled entities

The Trust owns 100% of the issued units of the Sub Trust. The Sub Trust owns 100% of the issued shares of the Finance Company. The Trust owns none of the issued shares of the Company, but is deemed to be its "acquirer" under AASB.

In addition, the Trust owns 100% of the issued units of ALE Direct Property Trust No.3, which in turns owns 100% of the issued shares of ALE Finance Company No.3 Pty Limited. Both of these Trust subsidiaries are non operating.

6.6 Related party transactions

Independent Auditor's Report

To the stapled security holders of ALE Property Group

Report on the audit of the Financial Report

Opinion

We have audited the **Financial Report** of ALE Property Group (the Stapled Group Financial Report).

In our opinion, the accompanying Stapled Group Financial Report is in accordance with the *Corporations Act 2001*, including:

- giving a true and fair view of the **Stapled Group's** financial position as at 30 June 2017 and of its financial performance for the year ended on that date; and
- complying with *Australian Accounting Standards* and the *Corporations Regulations 2001*.

The **Financial Report** of the Stapled Group comprises:

- Consolidated statement of financial position as at 30 June 2017
- Consolidated statement of comprehensive income, Consolidated statement of changes in equity, and Consolidated statement of cash flows for the year then ended
- Notes including a summary of significant accounting policies
- Directors' Declaration.

The **Stapled Group** consists of Australian and Leisure Entertainment Property Trust and the entities it controlled at year's end or from time to time during the financial year and Australian Leisure and Entertainment Property Management Limited

Basis for opinion

We conducted our audit in accordance with *Australian Auditing Standards*. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the Financial Report* section of our report.

We are independent of the Stapled Group, Australian and Leisure Entertainment Property Trust and Australian Leisure and Entertainment Property Management Limited (the Responsible Entity) in accordance with the *Corporations Act 2001* and the ethical requirements of the *Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants* (the Code) that are relevant to our audit of the Financial Report in Australia. We have fulfilled our other ethical responsibilities in accordance with the Code.

Key Audit Matters

Key Audit Matters are those matters that, in our professional judgment, were of most significance in our audit of the Stapled Group Financial Report of the current period.

These matters were addressed in the context of our audit of the Financial Report as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Valuation of Investment Properties (\$1,080.16m)	
Refer to Note 2 of the Financial Report	
The key audit matter	How the matter was addressed in our audit
<p>The valuation of investment properties is a key audit matter due to the significance of the balance and judgement required by us in assessing the key valuation assumptions, methodologies and the final adopted values.</p> <p>The Group's investment properties comprise direct ownership of 86 freehold hotels. All 86 properties have long-term lease agreements in place with Australian Leisure and Hospitality Group (ALH).</p> <p>Investment properties are subject to external independent valuation once every three years on a rotational basis. In the years they are not independently valued, they are valued internally by the directors, using key comparators from like-properties subject to independent valuation.</p> <p>We focused on important features of the Group's investment property valuation process, as they critically impact property values selected. In order of application, these included:</p> <ul style="list-style-type: none"> • Categorisation of investment properties: used firstly to distinguish their rotational schedule for independent valuation, such that at least one property in each category is covered, and secondly, to identify unique attributes of the property. These attributes include location, asset condition, trading performance, land area and iconic profile of the building. We assessed the use of these unique attributes for the implications on property values for bias and consistency of application; • Key assumptions and methodology adopted in the independent valuation methodologies: being capitalisation rates, discount rates and future rental income inputs to the capitalisation rate (cap rate) and discounted cash flow (DCF) methodology. A key feature of the long-term leases that impact DCF 	<p>Our procedures included:</p> <ul style="list-style-type: none"> • Checking the investment properties valuation process is carried out rotationally in accordance with Group policies; and • Assessing the consistency of the valuation methodology applied to the accounting standards and Group policies. <p><i>For a sample of externally valued properties:</i></p> <ul style="list-style-type: none"> • Assessing the competence and objectivity of the Group's external valuation experts; • Challenging key assumptions including capitalisation rates, discount rates, terminal capitalisation rates and future rental income by comparing to publically available sales evidence from industry commentators, historical data and the property specific attributes including location, asset condition and land area; • Challenging the final property value by comparing the cap rate and DCF valuations, and reconciling differences to property specific attributes. These include location, asset condition, trading performance, land area and the proximity to the next market rent reassessments. <p><i>For a sample of internally valued properties:</i></p> <ul style="list-style-type: none"> • Assessing the basis for the extrapolation methodology including stratification by state and asset type by evaluating the extrapolation advice from the independent valuers. • Evaluating the adjustments made to the average percentage change in capitalisation rate by evaluating the reason for the exclusion. Using our knowledge of the business and the industry we reconciled this to our understanding of the impact of the property specific attributes.

<p>values are the rental reassessments in 2018 (limited to +/-10%) and 2028, reverting to market based levels of rent;</p> <ul style="list-style-type: none"> • Judgements in assessing the results: the Group adopts a final property value based on their evaluation of the results of the independent valuers work, taking into consideration property specific attributes. We spent significant effort in assessing the basis of these judgements, their consistent application and available market comparators; and • Extrapolation approach: for the remaining properties not independently valued, director's valuations capitalise current rent using last year's capitalisation rate for that property, adjusted by the average percentage change in capitalisation rate from the external independent valuations (percentage change) for properties with similar attributes.

Other Information

Other Information is financial and non-financial information in ALE Property Group's annual reporting which is provided in addition to the Financial Report and the Auditor's Report. This includes the Director's Report. The Directors of the Responsible Entity are responsible for the Other Information.

Our opinion on the Financial Report does not cover the Other Information and, accordingly, we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Report, our responsibility is to read the Other Information. In doing so, we consider whether the Other Information is materially inconsistent with the Financial Report or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

We are required to report if we conclude that there is a material misstatement of this Other Information, and based on the work we have performed on the Other Information that we obtained prior to the date of this Auditor's Report we have nothing to report.

Responsibilities of the Directors for the Financial Report

The Directors of the Responsible Entity are responsible for:

- preparing the Financial Report that gives a true and fair view in accordance with *Australian Accounting Standards* and the *Corporations Act 2001*
- implementing necessary internal control to enable the preparation of a Financial Report that gives a true and fair view and is free from material misstatement, whether due to fraud or error
- assessing the Stapled Group's ability to continue as a going concern. This includes disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless they either intend to liquidate the Stapled Group or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the Financial Report

Our objective is:

- to obtain reasonable assurance about whether the Financial Report as a whole is free from material misstatement, whether due to fraud or error; and
- to issue an Auditor's Report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with *Australian Auditing Standards* will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error. They are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this Financial Report.

A further description of our responsibilities for the audit of the Financial Report is located at the Auditing and Assurance Standards Board website at: http://www.auasb.gov.au/auditors_files/ar2.pdf. This description forms part of our Auditor's Report.

Report on the Remuneration Report of Australian Leisure and Entertainment Property Management Limited

The information below is a reproduction of our opinion on the Remuneration Report of Australian Leisure and Entertainment Property Management Limited, (the Company) as the Responsible Entity of Australian and Leisure Entertainment Property Trust.

Opinion

In our opinion, the Remuneration Report of Australian Leisure and Entertainment Property Management Limited for the year ended 30 June 2017, complies with *Section 300A* of the *Corporations Act 2001*.

Directors' responsibilities

The Directors of the Company are responsible for the preparation and presentation of the Remuneration Report in accordance with *Section 300A* of the *Corporations Act 2001*.

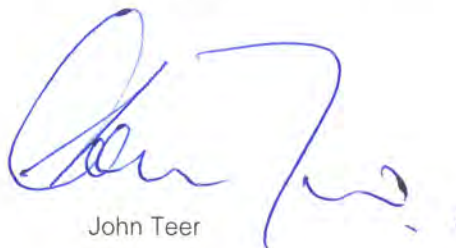

Our responsibilities

We have audited the Remuneration Report included in section 9 of the Directors' report of the Company, also included in ALE Property Group annual report, for the year ended 30 June 2017.

Our responsibility is to express an opinion on the Remuneration Report of the Company, based on our audit conducted in accordance with *Australian Auditing Standards*.

Stock Exchange Listing

The ALE Property Group (ALE) is listed on the Australian Securities Exchange (ASX). Its stapled securities are listed under ASX code: LEP.

Distribution Reinvestment Plan

ALE has established a distribution reinvestment plan. Details of the plan are available on the ALE website.

Distributions

Stapled security distributions are paid twice yearly, normally in March and September.

Electronic Payment of Distributions

Securityholders may nominate a bank, building society or credit union account for payment of distributions by direct credit. Payments are electronically credited on the payment dates and confirmed by mailed advice.

Securityholders wishing to take advantage of payment by direct credit should contact the registry for more details and to obtain an application form.

Annual Tax Statement

Accompanying the final stapled security distribution payment, normally in September each year, will be an annual tax statement which details the tax components of the year's distribution.

Publications

The Annual Review and Annual Report are the main sources of information for stapled securityholders. In August each year the Annual Review, Annual Report and Full Year Financial Report, and in February each year, the Half-Year Financial Report are released to the ASX and posted on the ALE website. The Annual Review is mailed to stapled securityholders unless we are requested not to do so. The Full Year and Half Year Financial Reports are only mailed on request. Periodically ALE may also send releases to the ASX covering matters of relevance to investors. These releases are also posted on the ALE website and may be distributed by email to stapled securityholders by **registering on ALE's website. The election by stapled securityholders to receive communications electronically is encouraged by ALE.**

Website

The ALE website, www.alegroup.com.au, is a useful source of information for stapled securityholders. It includes details of ALE's property portfolio, current activities and future prospects. ASX announcements are also included on the site on a regular basis. The ALE Property website, www.aleproperties.com.au, provides further detailed information on ALE's property portfolio.

9 REMUNERATION REPORT (Audited)

This report provides details on ALE's remuneration structure, decisions and outcomes for the year ended 30 June 2017 for employees of ALE including the directors, the Managing Director and key management personnel. This information has been audited as required by section 308(3C) of the Act.

9.1 Remuneration Objectives and Approach

In determining a remuneration framework, the Board aims to ensure the following:

- attract, reward and retain high calibre executives;
- motivate executives to achieve performance that creates value for stapled securityholders; and
- link remuneration to performance and outcomes achieved.

The framework aligns executive reward with achievement of strategic objectives and creation of value for stapled securityholders. To do this the Board endeavours to ensure that executive reward satisfies the following objectives:

- alignment with ALE's financial, operational, compliance and risk management objectives so as to achieve alignment with positive outcomes for stapled securityholders;
- alignment with ALE's overall performance;
- transparent, reasonable and acceptable to employees and securityholders;
- rewards the responsibility, capability, experience and contribution made by executives;
- recognises individual executive's contributions towards value accretive outcomes when measured against Key Performance Indicators (KPI's); and
- market competitive and complementary to the reward strategy of the organisation.

The framework provides a mix of fixed and variable remuneration. Since the year ending 30 June 2012 the variable remuneration has been provided through the Executive Incentive Scheme (EIS). Any award under the EIS is paid 50% in cash following the year end and 50% in stapled securities with delivery deferred three years.

9.2 Remuneration Committee

The Remuneration Committee ("the Committee") is a committee comprising non-executive directors of the Company. The Committee strives to ensure that ALE's remuneration structure strikes an appropriate balance between the interests of ALE securityholders and rewarding, motivating and retaining employees.

The Committee's charter sets out its role and responsibilities. The charter is reviewed on an annual basis. In fulfilling its role the Committee endeavours to ensure the remuneration framework established will:

- reward executive performance against agreed strategic objectives;
- encourage alignment of the interests of executives and stapled securityholders; and
- ensure there is an appropriate mix between fixed and "at risk" remuneration.

The Committee operates independently of management in its recommendations to the Board and engages remuneration consultants independently of management. During the year ended 30 June 2017, the Committee consisted of the following:

P G Say	Non-executive Director	Chairman of Remuneration Committee
P H Warne	Non-executive Director	(Resigned 23 May 2017)
R W Mactier	Non-executive Director	(Appointed 22 February 2017)
P J Downes	Non-executive Director	
N J Milne	Non-executive Director	

Page 2 of this report provides information on the skills, experience and expertise of the Committee members.

The number of meetings held by the Committee and the members' attendance at them is set out on page 5.

The Committee considers advice from a wide range of external advisors in performing its role. During the current financial year the Committee did not retain an external consultant to advise on remuneration.

DIRECTORS' REPORT

For the Year ended 30 June 2017

9.3 Executive Remuneration

Executive remuneration comprises both a fixed component and an 'at risk' component. It specifically comprises:

- Fixed Annual Remuneration (FAR)
- Executive Incentive Scheme (EIS)

9.3.1 Fixed Annual Remuneration (FAR)

What is FAR? FAR is the guaranteed salary package of the executive and includes superannuation guarantee levy and salary sacrificed components such as motor vehicles, computers and superannuation.

How is FAR set? FAR is set by reference to external market data for comparable roles and responsibilities within similar listed and unlisted entities within Australia.

When is FAR Reviewed? FAR is reviewed in December each year with any changes being effective from 1 January of the following year.

9.3.2 Executive Incentive Scheme (EIS)

What is EIS? EIS is an "at risk" component of executive remuneration.

EIS is used to reward executives for achieving and exceeding annual individual KPIs.

The target EIS opportunity for executives varies according to the role and responsibility of the executive.

EIS awards comprise 50% cash and 50% deferred delivery stapled securities issued under the Executive Stapled Securities Scheme (ESSS). For executives not invited to participate in the ESSS, the EIS is paid fully in cash.

Executive	Position	Standard EIS Target (as a % of FAR)	% of EIS paid as cash	% of EIS paid as ESSS
Andrew Wilkinson	Managing Director	60%	50%	50%
Andrew Slade	Capital Manager	50%	50%	50%
Michael Clarke	Company Secretary and Finance Manager	n/a ¹	50%	50%
Don Shipway	Asset Manager	n/a ¹	50%	50%

1. EIS awards are at the discretion of the Committee and the Board

How are EIS targets and objectives chosen? At the beginning of each year, in addition to the standard range of operational requirements, the Board sets a number of strategic objectives for ALE for that year. These objectives are dependent on the strategic opportunities and issues facing ALE for that year and may include objectives that relate to the short and longer term performance of ALE. Additionally, specific KPIs are established for all executives with reference to their individual responsibilities which link to the addition to and protection of securityholder value, improving business processes, ensuring compliance with legislative requirements, reducing risks within the business and ensuring compliance with risk management policies, as well as other key strategic non-financial measures linked to drivers of performance in future economic periods.

How is EIS performance assessed? The Committee is responsible for assessing whether the KPIs have been met. To facilitate this assessment, the Board receives detailed reports on performance from management.

The quantum of EIS payments and awards are directly linked to over or under achievement against the specific KPIs. The Board has due regard to the achievements outlined in section 9.4.

DIRECTORS' REPORT

For the Year ended 30 June 2017

<i>How are EIS awards delivered?</i>	<p>EIS cash payments are made in August each year following the signing of ALE's full year statutory financial statements.</p> <p>The deferred component comprises an award of stapled securities under the ESSS. Any securities awarded under the ESSS are delivered three years after the award date provided certain conditions have been met.</p>
<i>How is the ESSS award calculated?</i>	<p>The number of ESSS Rights awarded annually under the ESSS will be determined by dividing the value of the grant by the volume weighted average price for the five trading days commencing the day following the signing of ALE's full year statutory financial statements, and grossing this number up for the future value of the estimated distributions over the three year deferred delivery period.</p>
<i>What conditions are required to be met for the delivery of an ESSS award?</i>	<p>During the three year deferred delivery period, the delivery of the Stapled Securities issued under the ESSS remains subject to the following clawback tests. ESSS rights will be forfeited in whole or in part at the discretion of the Remuneration Committee if before the end of the deferred delivery period:</p> <ul style="list-style-type: none">• the Committee becomes aware of any executive performance matter which, had it been aware of the matter at the time of the original award, would have in their reasonable opinion resulted in a lower original award; or• the executive engages in any conduct or commits any act which, in the Committee's reasonable opinion, adversely affects ALE Property Group including, and without limitation, any act which:<ul style="list-style-type: none">• results in ALE having to make any material negative financial restatements;• causes ALE to incur a material financial loss; or• causes any significant financial or reputational harm to ALE and/or its businesses.

Managing Director

Mr Wilkinson has signed a service agreement that commenced on 1 September 2014. The agreement stipulates the starting minimum base salary, inclusive of superannuation, as being \$425,000, to be reviewed annually each 31 December by the Board. An EIS, if earned, would be paid 50% as a cash bonus in August each year and 50% in stapled securities issued under the ESSS and delivered three years following each of the annual grant dates.

In the event of the termination of Andrew Wilkinson's service agreement and depending on the reason for the termination, amounts may be payable for unpaid accrued entitlements and a proportion of EIS entitlements as at the date of termination. If employment is terminated in circumstances of redundancy or without cause then he is entitled to an amount of fixed remuneration for six months. In addition he may receive a pro-rata EIS award for the period of employment in the year of redundancy.

9.4 Executive Remuneration outcome for year ended 30 June 2017

The amount of remuneration paid to Directors and Key Management Personnel is detailed in the table on page 13.

Executive Incentive Scheme Outcomes

ALE continues to perform well when compared to other Australian real estate investment trusts (AREITs).

The Committee reviewed the overall performance of ALE and the individual performance of all executives for the year ending 30 June 2017.

It was the view of the Committee that all of the standard key performance indicators (KPIs) and all of the major items in the Board approved corporate strategy had been met. In particular the Committee noted:

Capital Matters

- In March 2017 ALE completed a \$150 million Australian Medium Term Note (AMTN) issue with a term of 5.5 years. At a 1.50% credit margin and an all up rate of 4.00% this was a competitively priced outcome and reduced ALE's weighted average cost of debt from 4.35% to 4.26%. ALE received a strong response from a wide range of domestic and international institutional investors, a number of whom have participated in ALE's various debt issues since 2003;
- As the new AMTN issue was a fixed rate instrument, ALE efficiently removed a corresponding amount of the existing forward start hedging over the term to August 2022 at a cost of \$7.2 million. This cost is similar to the benefit arising from the reduction in ALE's base interest expense over the same term;
- The refinancing strengthened ALE's debt capital position further. ALE now has debt maturities spread over the next six years and base interest rates 100% locked away for the next eight years;
- ALE's investment grade credit rating of Baa2 (with stable outlook) was fully maintained;
- Management continued to explore a range of debt funding solutions in both the domestic and offshore capital markets with a view to enhancing ALE's readiness to implement future debt refinancings and additional debt funding of any acquisitions; and
- Management reviewed a range of other strategic initiatives with particular focus on value enhancement and risk mitigation.

Other matters

- Worked constructively with ALH to explore and agree a range of developments that are value enhancing for ALE for a number of properties;
- Undertook a more comprehensive statutory valuation exercise to ensure that the independent valuers were fully appraised of the key value drivers of each of the properties;
- Explored a number of acquisition opportunities that accorded with ALE's strategic criteria;
- Worked on a number of strategic initiatives during the year;
- Completed a comprehensive review of ALE's service providers with a view to ensuring cost savings were maximised and service levels enhanced; and
- Continued to deliver both short and long term total returns for securityholders that outperformed most if not all other AREITs in the sector.

The remuneration committee considered these achievements and compared them to key performance indicators for each executive that were set at the beginning of the financial year. Individual executives contributed to the valuable outcomes outlined above and this was recognised in the EIS payments made. All the EIS payments are included in the staff remuneration expenses in the current year.

The EIS awarded to each member of the management team was as follows:

Executive	Target EIS (as % of FAR)	EIS		EIS Awarded	Cash Component	ESSS Component
		Awarded (as % of FAR)	EIS Awarded as a % of Target			
Andrew Wilkinson	60%	60.0%	100.0%	\$279,930	\$139,965	\$139,965
Andrew Slade	50%	57.6%	115.2%	\$151,744	\$75,872	\$75,872
Michael Clarke	n/a	17.7%	-	\$40,000	\$20,000	\$20,000
Don Shipway	n/a	12.2%	-	\$25,000	\$12,500	\$12,500

DIRECTORS' REPORT

For the Year ended 30 June 2017

Consequences of performance on shareholder wealth

In considering the Group's performance and benefits to shareholder wealth, the remuneration committee have regard to a number of performance indicators in relation to the current and previous financial years.

A review of ALE's current year performance and history is provided in the Operational and Financial Review on page 6 of the Directors Report located in the ALE Property Group's Annual Report.

9.5.4 Directors' and key management personnel interests in stapled securities and ESSS rights

A summary of directors, key management personnel and their associates holdings in stapled securities and ESSS interests in ALE is shown on pages 5 of the Directors Report.

DIRECTORS' REPORT

For the Year ended 30 June 2017

9.6 Equity based compensation

The value of ESSS disclosed in section 9.5.3 and 9.8 is based on the value of the grant at the award date. The number of Stapled Securities issued annually under the ESSS award will be determined by dividing the value of the grant by the volume weighted average price for the **five trading days commencing the day following the signing of ALE Property Group's full year statutory financial statements, and grossing this** number up for estimated distributions over the deferred delivery period. The number of securities granted in the current year will be determined on 16 August 2017.

9.7 Non-executive Directors' Remuneration

9.7.1 Remuneration Policy and Strategy

Non-executive directors' individual fees are determined by the Company Board within the aggregate amount approved by shareholders. The current aggregate amount which has been approved by shareholders at the AGM on 6 November 2014 was \$650,000.

The Board reviews its fees to ensure that ALE non-executive directors are remunerated fairly for their services, recognising the level of skill, expertise and experience required to conduct the role. The Board reviews its fees from time to time to ensure it is remunerating directors at a level that enables ALE to attract and retain the right non-executive directors. Fees and payments to non-executive directors reflect the **demands which are made on, and the responsibilities of the Directors. Non-executive directors' fees and payments were reviewed in the current financial year. The results of this review are shown in the fees listed below. The Chairman's fees are determined independently from** the fees of the other non-executive directors, based on comparative roles in the external market. The Chairman is not present at any discussion relating to the determination of his own remuneration. Non-executive directors do not receive any equity based payments, retirement benefits or other incentive payments.

9.7.2 Remuneration Structure

ALE's non-executive directors receive a cash fee for service and they have no entitlement to any performance based remuneration, nor can they participate in any security based incentive scheme.

The current remuneration was reviewed in January 2017. This resulted in changes to the fee levels indicated below. The Directors' fees are inclusive of superannuation, where applicable.

	Board		ACRMC		Remuneration Committee	
	Chairman*	Member	Chairman	Member	Chairman	Member
Board and Committee Fees	\$195,000	\$95,000	\$15,000	\$10,000	\$15,000	\$5,000

* The Chairman of the Board's fees are inclusive of all committee fees.

James McNally's remuneration is determined in accordance with the above fees. He received an additional \$5,000 for being a Responsible **Manager of the Company under the Company's AFSL (retired in April 2017)** and **\$10,000 for being a director of ALE Finance Company Pty Limited.**

9.8 Details of remuneration

Amount of remuneration

Details of the remuneration of the key management personnel for the current year and for the comparative year are set out below in tables 1 and 2. The cash bonuses were dependent on the satisfaction of performance conditions as set out in the section 9.4 headed "Executive Incentive Scheme Outcomes". Equity based payments for 2017 are non-market based performance related as set out in section 9.4. All other elements of remuneration were not directly related to performance.

DIRECTORS REPORT

For the Year ended 30 June 2017

10 Stapled securities under option

No Performance Rights over unissued stapled securities of ALE were granted during or since the end of the year.

11 Stapled securities issued on the exercise of options

No stapled securities were issued on the exercise of performance rights during the financial year.

12 Insurance of officers

During the financial year, the Company paid a premium of \$53,560 (2016: \$51,535) to insure the directors and officers of the Company. The auditors of the Company are in no way indemnified out of the assets of the Company.

Under the constitution of the Company, current or former directors and secretaries are indemnified to the full extent permitted by law for liabilities incurred by these persons in the discharge of their duties. The constitution provides that the Company will meet the legal costs of these persons. This indemnity is subject to certain limitations.

13 Non-audit services

The Company may decide to employ the auditor on assignments additional to their statutory audit duties where the auditor's expertise and experience with the Company are important.

The Board of Directors has considered the position and in accordance with the advice received from the ACRMC is satisfied that the provision of the non-audit services is compatible with the general standard of independence for auditors imposed by the *Corporations Act 2001*. During the current financial years non-audit services were performed by the auditors.

Details of amounts paid or payable to the auditor (KPMG) for audit services provided during the year are set out below:

	30 June 2017 \$	30 June 2016 \$

Total other services	152,352	18,259
Total remuneration	347,352	202,259

14 Environmental regulation

While ALE is not subject to significant environmental regulation in respect of its property activities, the directors are satisfied that adequate systems are in place for the management of its environmental responsibilities and compliance with various licence requirements and regulations. Further, the directors are not aware of any material breaches of these requirements. At four properties, ongoing testing and monitoring is being undertaken and minor remediation work is required, however, in most cases ALE is indemnified by third parties against any remediation amounts likely to be required. ALE does not expect to incur any material environmental liabilities.

DIRECTORS REPORT

For the Year ended 30 June 2017

15 Auditor's independence declaration

A copy of the Auditor's independence declaration as required under section 307C of the *Corporations Act 2001* is set out on page 16.

This report is made in accordance with a resolution of the directors.

Robert Mactier
Chairman

Andrew Wilkinson
Managing Director

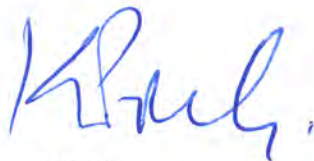

Dated this 8th day of August 2017

Lead Auditor's Independence Declaration under Section 307C of the Corporations Act 2001

To the directors of Australian Leisure and Entertainment Property
Management Limited

I declare that, to the best of my knowledge and belief, in relation to the
audit for the financial year ended 30 June 2017 there have been:

- (i) no contraventions of the auditor independence requirements as
set out in the Corporations Act 2001 in relation to the audit; and
- (ii) no contraventions of any applicable code of professional
conduct in relation to the audit.

About this report

Reporting Entity

Australian Leisure and Entertainment Property Management Limited (the Company) is domiciled in Australia.

The stapled securities of ALE are quoted on the Australian Securities Exchange under the code LEP and comprise one unit in Australian Leisure and Entertainment Property Trust and one share in the Company. The unit and the share are stapled together under the terms of their respective constitutions and can not be traded separately. Each entity forming part of ALE is a separate legal entity in its own right under the Corporations Act 2001 and Australian Accounting Standards. The ALE Property Group is a for-profit entity.

The Company is the Responsible Entity of the Trust.

Statement of compliance

The financial statements are general purpose financial statements which have been prepared in accordance with Australian Accounting Standards (AASBs) adopted by the Australian Accounting Standards Board (AASB) and the Corporations Act 2001. The financial statements also comply with the International Financial Reporting Standards (IFRS) and interpretations adopted by the International Accounting Standards Board.

The financial statements were authorised for issue by the Board of Directors on 8th August 2017.

Basis of preparation

The Financial Report has been prepared on a historical costs basis, except for the revaluation of investment properties and certain financial instruments. Cost is based on the fair values of the consideration given in exchange for assets. All amounts are represented in Australian dollars, unless otherwise noted.

Accounting estimates and judgements

The preparation of financial statements requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future periods affected.

<u>Accounting estimates and judgements</u>	<u>Note</u>
Income taxes	2.3
Employee benefits	4

Significant accounting policies

Accounting policies are selected and applied in a manner that ensures that the resulting financial information satisfies the concepts of relevance and reliability, thereby ensuring that the substance of the underlying transactions or other events is reported. Other significant accounting policies are contained in the notes to the financial statements to which they relate to.

Deferred tax assets to be recovered after more than 12 months	-	-
	57,127	48,901

Recognition and measurement

Current tax

The income tax expense or benefit for the reporting period is the tax payable on the current reporting period's taxable income based on the Australian company tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences between the tax bases of the assets and liabilities and their carrying amounts in the financial statements and to unused tax losses.

Deferred tax

Deferred tax balances are calculated using the balance sheet method. Under this method, temporary differences arise between the carrying amount of assets and liabilities in the financial statements and the tax bases for the corresponding assets and liabilities. However, an exception is made for certain temporary differences arising from the initial recognition of an asset or liability. No deferred tax asset or liability is recognised in relation to these temporary differences if they arose in a transaction, other than a business combination, that at the time of the transaction did not affect either accounting profit or taxable profit or loss. Similarly, no deferred tax asset or liability is recognised for temporary differences between the carrying amount and tax bases of investments in controlled entities where the parent entity is able to control the timing of the reversal of the temporary differences and it is probable that the differences will not reverse in the foreseeable future. Deferred tax assets and liabilities are recognised for temporary differences at the tax rates expected to apply when the assets are recovered or liabilities settled.

Deferred tax assets are recognised for temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred tax balances attributable to amounts recognised directly in equity are also recognised directly in Equity.

Offsetting deferred tax balances

Deferred tax assets and liabilities are offset when they relate to income taxes levied by the same taxation authority and the Company/Group intends to settle its current tax assets and liabilities on a net basis.

Recognition and measurement

Trade debtors are recognised initially at fair value and subsequently measured at amortised cost, less provision for doubtful debts. Trade receivables are generally due for settlement within 30 days.

Collectability of trade receivables is reviewed on an ongoing basis. Debts which are known to be uncollectible are written off. A provision for doubtful receivables is established when there is objective evidence that all amounts due may not be collected according to the original terms of the receivables. The amount of any provision is the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the effective interest rate. The amount of the provision is recognised in the Statement of Comprehensive Income.

The Company was issued 9,080,010 of non-income voting units (NIVUS) in the Trust fully paid at \$1.00 each in November 2003. The NIVUS are not stapled to shares in the Company, have an issue and withdrawal price of \$1.00, carry no rights to income from the Trust and entitle the holder to no more than \$1.00 per NIVUS upon the winding-up of the Trust. The Company has a voting power of 4.43% in the Trust as a result of the issue of NIVUS. The NIVUS are disclosed in the Company but are not disclosed in the ALE Property Group financial statements as they are eliminated on consolidation.

The NIVUS were issued to ensure the Responsible Entity maintained sufficient Net Tangible Assets to satisfy the requirements of the company's AFSL Licence.

Measurement and recognition

Ordinary shares are classified as contributed equity.

Incremental costs directly attributable to the issue of new units, shares or options are shown in Contributed Equity as a deduction, net of tax, from the proceeds.

Fully paid stapled securities in the Company were issued at \$1.00 per stapled security. Each stapled security comprises one \$0.10 share in the Company and one \$0.90 unit in the Trust. They cannot be traded or dealt with separately. Stapled securities entitle the holder to participate in dividends/distributions and the proceeds on any winding up of the Company in proportion to the number of and amounts paid on the securities held. On a show of hands, every holder of stapled securities present at a meeting in person or by proxy, is entitled to one vote. On a Company poll, each ordinary shareholder is entitled to one vote for each fully paid share, and on a Trust poll each unitholder is entitled to one vote for each fully paid unit.

Employee benefits

This section provides a breakdown of the various programs ALE uses to reward and recognise employees and key executives, including Key Management Personnel (KMP). ALE believes that these programs reinforce the value of ownership and incentives and drive performance both individually and collectively to deliver better returns to securityholders.

4.2 Key management personnel compensation

4.1 Employee benefits

	2017 \$	2016 \$
Employee benefits provision:		
Current	189,544	169,203

The employee benefits liability represents accrued wages and salaries, leave entitlements and other incentives recognised **in respect of employees' services up to the end of the reporting period**. These liabilities are measured at the amounts expected to be paid when they are settled and include related on-costs, such as workers compensation insurance, superannuation and payroll tax.

Share based payments	248,337	182,000
Termination benefits	-	-
	2,342,314	2,196,138

Recognition and measurement

Wages and salaries, annual leave and sick leave

Liabilities for wages and salaries, including non-monetary benefits and annual leave due to be settled within 12 months of the reporting date, are recognised as a current liability in respect of employees' services up to the reporting date, and are measured at the amounts expected to be paid when the liabilities are settled. Liabilities for accumulated sick leave are recognised as an expense when the leave is taken and measured at the rates paid or payable.

Bonus and incentive plans

Liabilities and expenses for bonuses and incentives are recognised where contractually obliged or where there is a past practice that may create a constructive obligation.

Long service leave

ALE recognises liabilities for long service leave when employees reach a qualifying period of continuous service (five years). The liability for long service leave is recognised in the provision for employee benefits and measured as the present value of expected future payments to be made in respect of services provided by employees up to the reporting date. Consideration is given to expected future wage and salary levels, experience of employee departures and periods of service. Expected future payments are discounted using market yields at the reporting date on national government bonds with the terms to maturity and currency that match, as closely as possible, the estimated future cash flow.

Retirement benefit obligations

ALE pays fixed contributions to employee nominated superannuation funds and ALE's legal or constructive obligations are limited to these contributions. The contributions are recognised as an expense as they become payable. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in the future payments is available.

4.3 Employee share plans

During 2012, ALE established an Executive Staped Securities Scheme.

Executive Staped Security Scheme (ESSS)

The grant date fair value of ESSS Rights granted to employees is recognised as an employee expense, with a corresponding increase in equity, over the period that the employees become unconditionally entitled to the ESSS rights. The amount recognised as an expense is adjusted to reflect the actual number of ESSS Rights that vest.

The fair value at grant date is determined as the value of the ESSS Rights in the year in which they are awarded. The number of ESSS Rights issued annually under the ESSS will be determined by dividing the value of the grant by the volume weighted average price for the five trading days commencing the day following the signing of ALE Property **Group's full year statutory financial statements and grossing** this number up for the future value of the estimated distributions over the three year deferred delivery period. Upon the exercise of ESSS rights, the balance of the share based payments reserve relating to those rights is transferred to Contributed Equity.

5.1 New accounting standards

A number of new standards, amendments to standards and interpretations are effective for annual periods beginning after 1 January 2016, and have not been applied in preparing these financial statements. Those which may be relevant to the Company are set out below. The Company does not plan to adopt these standards early.

IFRS 9 Financial Instruments (2010), IFRS 9 Financial Instruments (2009)

IFRS 9, published in July 2014, replaces the existing guidance in IAS 39 Financial Instruments: Recognition and Measurement. IFRS 9 includes revised guidance on the classification and measurement of financial instruments, including a new expected credit loss model for calculating impairment on financial assets, and the new general hedge accounting requirements. It also carries forward the guidance on recognition and derecognition of financial instruments from IAS 39. IFRS 9 is effective for annual reporting periods beginning on or after 1 January 2018, with early adoption permitted.

The Company has assessed the potential impact on its financial statement resulting from the application of IFRS 9 and as the Company has no financial instruments the impact will be immaterial.

IFRS 15 Revenue from Contracts with Customers

IFRS 15 establishes a comprehensive framework for determining whether, how much and when revenue is recognised. It replaces existing revenue recognition guidance, including IAS 18 Revenue, IAS 11 Construction Contracts and IFRIC 13 Customer Loyalty Programmes. IFRS 15 is effective for annual reporting periods beginning on or after 1 January 2017, with early adoption permitted.

The Company has assessed the potential impact on its financial statements resulting from the application of IFRS 15 to be immaterial.

IFRS 16 Leasing

IFRS 16 establishes a comprehensive framework the accounting policies and disclosures applicable to leases, both for lessees and lessors. IFRS 16 is effective for annual reporting periods beginning on or after 1 January 2019, with early adoption permitted.

The Company has assessed the potential impact on its financial statements resulting from the application of IFRS 17 to be immaterial.

5.2 Segment reporting

Business segment

ALE has one reportable segment, as described below, which is ALE's strategic business unit. The strategic business unit is based upon internal management reports that are reviewed by the Managing Director on at least a quarterly basis. The strategic business unit covers the operations of the responsible entity for the ALE Property Group.

Comparative information has been presented in conformity with the requirements of AASB 8 *Operating Segments*.

5.3 Events occurring after balance date

There has not arisen in the interval between the end of the financial year and the date of this report, any transaction or event of a material and unusual nature likely, in the opinion of the Directors of the Company, to affect significantly the operations of the Group, the results of those operations, or the state of affairs of the Group, in future financial years.

5.4 Contingent liabilities and contingent assets

Bank guarantee

ALE has entered into a bank guarantee of \$73,273 in respect of the office tenancy at Level 10, 6 O'Connell Street, Sydney.

The Company has no parent entity, subsidiaries, joint ventures or associates.

Key management personnel

Key management personnel and their compensation is set out in the Remuneration Report.

Transaction with related parties

For the year ended 30 June 2017 the Company had charged the Trust \$4,460,628 in expense reimbursement (2016: \$4,108,938).

Peter Warne is Chairman of Macquarie Group Limited (Macquarie). Macquarie has provided investment banking services to ALE in the past and may continue to do so in the future. Mr Warne did not take part in any decisions to appoint Macquarie in relation to any of the above matters. Mr Warne resigned on 23 May 2017.

Robert Mactier is a consultant to UBS AG. UBS AG has provided investment banking services to ALE in the past and may continue to do so in the future. Mr Mactier does not take part in any decisions to appoint UBS AG in relation to corporate advice provided by UBS AG to ALE.

Terms and conditions

All related party transactions are conducted on normal commercial terms and conditions. Outstanding balances are unsecured and are repayable in cash and callable on demand.

5.7 Financial risk management

Overview

The Company has exposure to the following risks from its use of financial instruments:

- credit risk
- liquidity risk
- market risk

This note presents information about the Company's exposure to each of the above risks, their objectives, policies and processes for measuring and managing risk, and the management of capital. Further quantitative disclosures are included throughout this financial report.

The Board of Directors has overall responsibility for the establishment and oversight of the risk management framework. The Board has established the Audit, Compliance and Risk Management Committee, which is responsible for developing and monitoring risk management policies. The committee reports regularly to the Board of Directors on its activities.

Risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions **and the Company's activities. The Company, through its** training and management standards and procedures, has developed a disciplined and constructive control environment in which all employees understand their roles and obligations.

The Audit, Compliance and Risk Management Committee oversees how management monitors compliance with the Company's risk management policies and procedures and reviews the adequacy of the risk management framework.

Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from **the Company's receivables from customers and investment** securities.

Notes to the financial statements (continued)

For the Year ended 30 June 2017

5. Other

5.7 Financial risk management (continued)

Trade and other receivables

The Company's exposure to credit risk is influenced mainly by the individual characteristic of each customer. The Company has few customers and therefore there is significant concentration of credit risk. Credit risk has been minimised primarily by ensuring, on a continuous basis, that the customers have appropriate financial standing.

Credit risk on cash is managed through ensuring all cash deposits are held with major domestic banks.

Exposure to credit risk

The credit risk on financial assets of the Company which have been recognised in the balance sheet is generally the carrying amount net of any provision for doubtful debts.

Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due. The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

The Company has liquidity risk management policies, which assist it in monitoring cash flow requirements and optimising its cash return on investments. Typically the Company ensures that it has sufficient cash on demand to meet expected operational expenses and commitments for the purchase/sale of assets for a period of 90 days (or longer if deemed necessary), including the servicing of financial obligations.

Exposure to liquidity risk

The Company has no contracted financial liabilities and therefore the Company's liquidity risk to external parties is minimal.

Market risk

Market risk is the risk that changes in market prices, such as the consumer price index and interest rates, will affect the Company's income. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

Interest rate risk

The Company has no financial interest bearing obligations and accordingly the Company's interest rate risk is minimal.

DIRECTORS' DECLARATION

For the Year ended 30 June 2017

In the Directors' opinion:

- (a) the financial statements and notes that are set out on pages 18 to 31 and the remuneration report contained in **Section 9 of the Directors' report, are in accordance with the *Corporations Act 2001***, including
 - (i) **giving a true and fair view of the company's financial position as at 30 June 2017 and of its performance for the financial year ended on that date;** and
 - (ii) complying with Australian Accounting Standards and the Corporations Regulations 2001.
- (b) There are reasonable grounds to believe that ALE will be able to pay its debts as and when they become due and payable.
- (c) The directors have been given the declarations required by Section 295A of the *Corporations Act 2001* from the Managing Director, Finance Manager, and Company Secretary as required for the financial year ended 30 June 2017.
- (d) The directors draw attention to Note 1 to the financial statements, which includes a statement of compliance with International Financial Reporting Standards.

This declaration is made in accordance with a resolution of the Directors.

Independent Auditor's Report

To the members of Australian Leisure and Entertainment Property Management Limited

Report on the audit of the Financial Report

Opinion

We have audited the **Financial Report** of Australian Leisure and Entertainment Property Management Limited (the Company).

In our opinion, the accompanying Company Financial Report is in accordance with the *Corporations Act 2001*, including:

- giving a true and fair view of the **Company's** financial position as at 30 June 2017 and of its financial performance for the year ended on that date; and
- complying with *Australian Accounting Standards* and the *Corporations Regulations 2001*.

The **Financial Report** of the Company comprises:

- Statement of financial position as at 30 June 2017
- Statement of comprehensive income, Statement of changes in equity, and Statement of cash flows for the year then ended
- Notes including a summary of significant accounting policies
- Directors' Declaration.

Basis for opinion

We conducted our audit in accordance with *Australian Auditing Standards*. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the Financial Report* section of our report.

We are independent of the Company in accordance with the *Corporations Act 2001* and the ethical requirements of the *Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants* (the Code) that are relevant to our audit of the Financial Report in Australia. We have fulfilled our other ethical responsibilities in accordance with the Code.

Other Information

Other Information is financial and non-financial information in Australian Leisure and Entertainment Property Management Limited's annual reporting which is provided in addition to the Financial Report and the Auditor's Report. The Directors of the Company are responsible for the Other Information.

Our opinion on the Financial Report does not cover the Other Information and, accordingly, we do not express any form of assurance conclusion thereon with the exception of the Remuneration Report and our related assurance opinions.

In connection with our audit of the Financial Report, our responsibility is to read the Other Information. In doing so, we consider whether the Other Information is materially inconsistent with the Financial Report or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

We are required to report if we conclude that there is a material misstatement of this Other Information, and based on the work we have performed on the Other Information that we obtained prior to the date of this Auditor's Report we have nothing to report.

Responsibilities of the Directors for the Financial Report

The Directors of the Australian Leisure and Entertainment Property Management Limited are responsible for:

- preparing the Financial Report that gives a true and fair view in accordance with *Australian Accounting Standards* and the *Corporations Act 2001*;
- implementing necessary internal control to enable the preparation of a Financial Report that gives a true and fair view and is free from material misstatement, whether due to fraud or error; and
- assessing the Company's ability to continue as a going concern. This includes disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless they either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the Financial Report

Our objective is:

- to obtain reasonable assurance about whether the Financial Report as a whole is free from material misstatement, whether due to fraud or error; and
- to issue an Auditor's Report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with *Australian Auditing Standards* will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error. They are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this Financial Report.

A further description of our responsibilities for the audit of the Financial Report is located at the Auditing and Assurance Standards Board website at: http://www.auasb.gov.au/auditors_files/ar3.pdf. This description forms part of our Auditor's Report.

Report on the Remuneration Report

Opinion

In our opinion, the Remuneration Report of Australian Leisure and Entertainment Property Management Limited for the year ended 30 June 2017, complies with *Section 300A* of the *Corporations Act 2001*.

Directors' responsibilities

The Directors of the Australian Leisure and Entertainment Property Management Limited are responsible for the preparation and presentation of the Remuneration Report in accordance with *Section 300A* of the *Corporations Act 2001*.

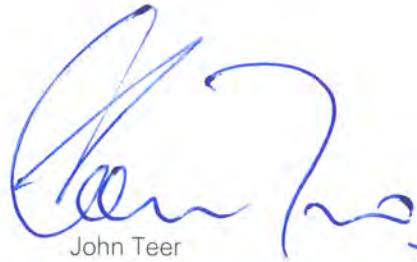

Our responsibilities

We have audited the Remuneration Report included in section 9 of the Directors' report for the year ended 30 June 2017.

Our responsibility is to express an opinion on the Remuneration Report, based on our audit conducted in accordance with *Australian Auditing Standards*.

Stock Exchange Listing

The ALE Property Group (ALE) is listed on the Australian Securities Exchange (ASX). Its stapled securities are listed under ASX code: LEP.

Distribution Reinvestment Plan

ALE has established a distribution reinvestment plan. Details of the plan are available on the ALE website.

Distributions

Stapled security distributions are paid twice yearly, normally in March and September.

Electronic Payment of Distributions

Securityholders may nominate a bank, building society or credit union account for payment of distributions by direct credit. Payments are electronically credited on the payment dates and confirmed by mailed advice.

Securityholders wishing to take advantage of payment by direct credit should contact the registry for more details and to obtain an application form.

Annual Tax Statement

Accompanying the final stapled security distribution payment, normally in September each year, will be an annual tax statement which details the tax components of the year's distribution.

Publications

The Annual Review and Annual Report are the main sources of information for stapled securityholders. In August each year the Annual Review, Annual Report and Full Year Financial Report, and in February each year, the Half-Year Financial Report are released to the ASX and posted on the ALE website. The Annual Review is mailed to stapled securityholders unless we are requested not to do so. The Full Year and Half-Year Financial Reports are only mailed on request. Periodically ALE may also send releases to the ASX covering matters of relevance to investors. These releases are also posted on the ALE website and may be distributed by email **to stapled securityholders by registering on ALE's website.** The election by stapled securityholders to receive communications electronically is encouraged by ALE.

Website

The ALE website, www.alegroup.com.au, is a useful source of information for stapled securityholders. It includes details of ALE's property portfolio, current activities and future prospects. ASX announcements are also included on the site on a regular basis. The ALE Property website, www.aleproperties.com.au, provides further detailed information on ALE's property portfolio.
