23 December 2005

### Westlink M7 traffic – first six full days – non tolled

Transurban today announced that the M7 Motorway recorded Average Daily Trips of 156,439 in its first six full days (17 December to 22 December 2005).

It should be noted that these figures are not necessarily an indication of traffic levels when tolling commences. A revenue figure has not been provided as the motorway is operating toll free until midnight 15 January 2006.

Average Daily Trips for the opening day, 16 December 2005, were not included in this report because the motorway was not fully open until mid afternoon.

Note: Transurban securities trade “ex distribution” of 24.5 cents per stapled security on 23 December 2005.
