## **ASX & Media Release**

### **Second Major Utilities Construction & Maintenance Contract**

Leading industrial and technical services group Service Stream Limited (**ASX Code: SSM**) announces that it has been awarded a second construction and maintenance contract for major works with Queensland's major power utility **Energex**.

This 2 year contract with a 2 year option is in addition to Service Stream's minor works contract announced in May 2007. As a result of this contract Service Stream's Queensland operations will now extend beyond minor construction and maintenance of the underground network for the South Coast Hub including the Gold Coast, Beaudesert and surrounding areas. Service Stream will now also provide major construction works within the entire Energex Distribution area in South East Queensland. Activities include installation of conduit and cable and all intermediate works.

Commenting on the announcement, Service Stream's Managing Director and CEO Patrick Flannigan said:

"We are proud that Energex has recognised our capability in the infrastructure asset management services in the Utilities sector. Our ability in leveraging our existing capability in an organic sense signifies another important step in the strategic direction of the Company.

Coupled with our recent acquisition of Serviceworks Metering Division we are now able to deliver major Utility providers a full turnkey solution involving proven outsourced field force management, technical support, customer contact, customer assistance and asset management capabilities."
