Dilution of Interest in van Eyk Research

Australasian Wealth Investments Limited (ASX Code: AWI) has been informed by van Eyk Research Pty Limited that the convertible note held by Pyne Gold Corporation (NZX – PGC) has been converted into a 27.1% equity interest in the ordinary shares van Eyk Research. As a result, the equity interest of AWI in van Eyk Research has reduced from 49.6% to 36.2% on a fully diluted basis.

AWI remains committed to quality research as a key component of its overall business strategy and is currently evaluating a number of investment opportunities in this sector.

AWI expects to provide earnings guidance for the Group after the 2013/14 half year results, expected to be released towards the end of February.

Enquiries in relation to the matter above should be directed to either:

Mr Andrew Barnes on:

Telephone: +64 9927 9503

Mobile: +64 275 781 402

Mr Ben Heap on:

Mobile: 0411 701 771

Yours faithfully

Australasian Wealth Investments Limited
