CORPORATE GOVERNANCE STATEMENT

GOCONNECT LIMITED ACN 089 240 353 AND CONTROLLED ENTITIES

The board of directors are responsible for overseeing the corporate governance of GoConnect Limited (“the Company”) and are responsible for setting its major objectives and ensuring the strategic direction of the Company is in the best interests of all shareholders.

The board is first and foremost accountable to provide value to its shareholders through delivery of timely and balanced disclosures.

The board’s governance document has been made publicly available on the Company’s website. This document details the adopted practices and processes in relation to matters reserved for the board’s consideration and decision-making and specifies the level of authorisation provided to other key management personnel (KMP). The board is ultimately responsible for ensuring its actions are in accordance with key corporate governance principles.

The Company has considered and set up a framework for embracing the ASX Corporate Governance Council’s Corporate Governance Principles and Recommendations (“Recommendations”). The board has adopted appropriate corporate governance policies and practices. The Company’s main corporate governance policies are summarised below:

The board composition

The skills, experience and expertise relevant to the position of each director who is in office at the date of the annual report and their term of office are detailed in the directors’ report.

Board charter and composition

The board’s composition is determined by all directors pursuant to the Company’s constitution on the following principles:

- the board shall not consist of more than eight directors, with a minimum of three;
- the board may appoint directors either to acquire additional expertise or to fill a vacancy. Non-executive directors bring a fresh perspective to the board’s consideration of strategy, risk and performance matters and are best placed to exercise independent judgement and review and constructively challenge the performance of management;
- the Company shall maintain a mix of directors on the board from different backgrounds with complementary skills and experience;
- the Company shall undertake an annual board performance review and consider the appropriate mix of skills required by the board to maximise its effectiveness and its contribution to the Company;
- the board, being mindful of the resources and the small management team currently available and the unique drive and skill currently required and available to execute the business model of the Company, deemed it appropriate that the Chairman should act as Executive Chairman until such time when it deemed it appropriate to appoint a Chief Executive Officer or Managing Director; and
- the board shall comprise a majority of non-executive directors.

Responsibilities

The responsibilities of the board include:

- providing strategic guidance to the Company including input into and approval of management’s development of corporate strategy and performance objectives;
- overseeing the operation of the Company, including its operations and accountability systems;
- appointment, performance assessment and, if necessary, removal of the Chief Executive Officer (or Managing Director);
- ratifying the appointment and/or removal, and contributing to the performance assessment of senior management, including the Chief Financial Officer and the Company Secretary;

CORPORATE GOVERNANCE STATEMENT

GOCONNECT LIMITED ACN 089 240 353 AND CONTROLLED ENTITIES

- reviewing and ratifying systems of risk management and internal compliance and control, codes of conduct, and legal compliance;
- monitoring and approving financial and other compliance reporting, and liaison with the Company's auditors;
- monitoring management's implementation of strategy, and ensuring appropriate resources are available; and
- approving and monitoring the progress of major capital expenditure and other significant corporate projects including any acquisitions and divestments.

The responsibilities delegated to senior executives include:

- development of corporate strategy, business plans and performance objectives;
- execution of the above, including development and implementation of systems, procedures and structures;
- management of operations, projects, staff and other resources; and
- reporting on performance.

All senior executives have formal job descriptions and letters of appointment describing their terms of appointment, duties, rights, responsibilities and entitlements on termination. The Executive Chairman reviews the performance of each senior executive at regular intervals according to relevant appropriate yardsticks.

The Corporate Governance Statement containing information on matters reserved for the board, matters delegated to senior executives, and the board charter is available to the public on the Company's corporate web site.

Structure of the board

The board has been structured to add value to the Company's circumstances.

Directors' independence

The board has deemed directors to be independent if they are free from any interest and any business or other relationship that could, or could reasonably be perceived to, materially interfere with their ability to act in the best interest of the Company.

Materiality for these purposes is determined on both quantitative and qualitative bases. An amount of over 5% of annual turnover of the Company or Group is considered quantitatively material for these purposes. A transaction of any amount or a relationship is deemed qualitatively material if knowledge of it may impact the shareholders' understanding of the director's performance. In addition, independent directors should hold less than 10% of the Company shares directly and indirectly.

All directors have undertaken to promptly inform the board of any changes in interests that may affect their independence.

In accordance with the above criteria, Philip Chan is considered non-executive independent director of the board.

CORPORATE GOVERNANCE STATEMENT

GOCONNECT LIMITED ACN 089 240 353 AND CONTROLLED ENTITIES

Recommendation 2.1 states that the board should establish a nomination committee. Recommendation 2.4 requires a majority of the board to be independent directors. Recommendation 2.5 requires that the chairperson should be an independent director and the roles of chairperson and chief executive officer should not be exercised by the same individual. Recommendations 2.1, 2.4, and 2.5 were not followed by the Company during the reporting period. The board considers specific personal expertise and industry experience to be important attributes of board members and mindful of the resources available to the Company, believes that the composition of the board is appropriate given the size and business development of the Company at the present stage.

Performance assessment

The board undertakes an annual self-assessment of its collective performance and individual directors' performance.

Appointment and retirement of directors

The appointment and retirement of non-executive directors are determined by the board on a case by case basis and in conformity with all legal requirements. The directors may from time to time appoint one of their members to the office of Managing Director for a period not exceeding 5 years, and subject to the terms on any agreement entered into in any particular case, may revoke any such appointment.

The Company's governing constitution requires that all directors apart from the Managing Director are to be re-elected every three years, and at each annual general meeting at least one-third of all non-executive directors shall retire from office. Where eligible, a director may stand for re-election.

Independent professional advice

Independence is clearly delineated by the separation of executive and non-executive directors. It is the board's policy that all directors in the exercise of their duties and responsibilities have the right to seek independent professional advice at the Company's expense. Prior consent of the Chairman is required and professional advice obtained is to be made available to the board.

A Corporate Governance Statement containing information on procedures for the appointment and retirement of directors, assessment of their independence and performance, and provision for independent professional advice is available to the public on the Company's corporate web site.

Code of conduct - Ethical standards

The Company is committed to the highest standard of business and ethical conduct. The board has adopted a Code of Conduct setting out the standards required for executives, management and employees in the exercise and performance of their duties and responsibilities.

The Code of Conduct provides that all employees are to:

- act in the best interest of the Company;
- act with integrity, fairness and honesty;
- comply with the law;
- avoid conflict of interests;
- maintain confidentiality of the Company's business dealings; and
- be accountable for their own actions.

Equity participation

The Company encourages directors, employees and related parties to own shares in the Company.

Diversity Policy

CORPORATE GOVERNANCE STATEMENT

GOCONNECT LIMITED ACN 089 240 353 AND CONTROLLED ENTITIES

Diversity includes, but is not limited to, gender, age, ethnicity and cultural background. The Company is committed to diversity and recognises the benefits arising from employee and board diversity and the importance of benefiting from all available talent. Accordingly, the Company has established a diversity policy.

This diversity policy outlines requirements for the board to develop measurable objectives for achieving diversity, and annually assess both the objectives and the progress in achieving those objectives. Due to the small number of employee and board, the objectives of the diversity including gender diversity could not be met.

Securities Trading Policy

The Company's internal control policies require all directors and employees to observe confidentiality of information on negotiations and developments of the Company until announced to the Australian Securities Exchange (ASX). The Company's securities trading policy further provides that directors, employees and related parties should not deal in securities in the Company while in possession of any information which if generally available might have a material effect on the value of such securities. Directors and employees are advised only to deal in the Company's shares after a reasonable time gap has elapsed following the issue of an announcement to ASX. These requirements are included in the Employee Handbook given to all new employees.

A Corporate Governance Statement containing information on the Company's code of conduct and policy on trading in the Company's securities for directors, senior executives and other employees, is available to the public on the Company's corporate web site.

Audit Committee

During the financial year ended 30 June 2018, the Audit Committee was chaired by Richard Li, the executive chairman. Due to the small number of directors available, the requirements of Recommendation 4.1 on the number of members and independence of directors on the Audit Committee could not be met.

The charter/principal functions of the Audit Committee are to:

- establish and monitor the effectiveness of internal control procedures;
- review interim and annual financial statements of the Company;
- appoint, remove and review the scope and performance of external auditors;
- review external audit reports against internal risk management practices;
- ensure compliance in financial matters with all legal and regulatory requirements;
- review and monitor internal procedures for compliance with laws, regulations and industry guidelines affecting the Company's businesses;
- liaise with industry groups of which the Company is a member and developing and recommending policies to the board in connection with the Company's role as an industry advocate; and
- monitor changes to the law and regulation of the media and Internet industries and recommending to the board operational and policy responses to such changes.

External auditors

The Audit Committee meets with the external auditor twice each year in the course of the preparation of the half-year and full year financial reports to ensure that these have been prepared in accordance with the Corporations Act and ASX requirements.

The Audit Committee receive from the external auditor each year a statement confirming that the conduct of the audit meets required auditing standards including those on independence and rotation of external audit engagement partners.

The external auditor is requested to attend the annual general meeting and be available to answer shareholder questions about the conduct of the audit and the preparation and content of the audit report.

CORPORATE GOVERNANCE STATEMENT

GOCONNECT LIMITED ACN 089 240 353 AND CONTROLLED ENTITIES

Corporate reporting

The Executive Chairman and Chief Financial Officer are required, in relation to annual and half-yearly financial reports, to make the following certifications to the board:

- that the Company's financial reports are complete and present a true and fair view, in all material respects, of the financial condition and operational results of the Company and the consolidated entity and are in accordance with the relevant accounting standards
- that the above statement (including the Corporations Act S.295A declaration) is founded on a sound system of risk management and internal compliance and control and which implements the policies adopted by the board, and the Company's risk management and internal compliance and control is operating efficiently and effectively in all material respects in relation to financial risk reporting.

Continuous disclosure and shareholder communication

The Company has established policies and procedures on information disclosure that focus on continuous disclosure of any information concerning the Company and its controlled entities that a reasonable person would expect to have a material effect on the price of the Company's securities. These policies and procedures also include the arrangements the Company has in place to promote communications with shareholders and encourage effective participation at general meetings.

The Company Secretary has been nominated as the person responsible for communications with the ASX. This role includes responsibility for ensuring compliance with the continuous disclosure requirements in ASX Listing Rules and overseeing and co-ordinating information disclosure to ASX, analysts, brokers, shareholders, the media and the public.

All information disclosed to ASX is posted on the Company's web site as soon as it is disclosed to ASX. Procedures are established to ensure any information provided to analysts or media during briefings is also immediately released to ASX.

All shareholders receive a full copy of the Company's annual report. Other measures to facilitate communication with shareholder include making all Company announcements, media briefings, press releases, details of general meetings, and the annual report for the last year available on the Company's website.

A copy of the Company's Corporate Governance Statement, including policies on continuous disclosure and shareholder communication are posted on the Company's corporate website.

Shareholders are entitled to vote on significant matters impacting on the business, which include the election and remuneration of directors, changes to the constitution and receipt of annual and interim financial statements. Shareholders are strongly encouraged to attend and participate in the Annual General Meetings of the Company, to lodge questions to be responded by the board, and are able to appoint proxies.

Risk management

The board are primarily responsible for the identification and monitoring of principal risks faced by the business. The Company is continuously undertaking detailed reviews of potential risks in the ever-changing market. The Company has sound internal management control procedures that require regular reporting of the nature of those risks to the board, and practical measures that mitigate against those risks.

A copy of the Company's Corporate Governance Statement, including policies on risk management and internal controls are posted on the Company's corporate website.

Remuneration Policies and Committee

The Company's policies on remuneration, including entitlements and restrictions under any equity based remuneration schemes, are detailed in the Remuneration Report of the Annual Report to shareholders.

CORPORATE GOVERNANCE STATEMENT

GOCONNECT LIMITED ACN 089 240 353 AND CONTROLLED ENTITIES

During the financial year ended 30 June 2018, the Remuneration Committee was chaired by Richard Li, the executive chairman. Due to the small number of directors available, the requirements of Recommendation 8.1 on the number of members and independence of directors on the Remuneration Committee could not be met.

The committee reviews the remuneration arrangements for all directors taking into account the range of skills, experience and expertise of the current members, and the resources available to and required by the Company.

The board sets out below its “if not why not” report in relation to those matters of corporate governance where the Company’s practices depart from the Recommendations.

DIRECTORS' REPORT

GOCONNECT LIMITED ACN 089 240 353 AND CONTROLLED ENTITIES

INFORMATION ON COMPANY SECRETARY

Eric Pong

Eric has been involved with accounting, finance and administration of ASX listed public companies throughout his career. He is also the Group Accountant of GoConnect Ltd.

PRINCIPAL ACTIVITIES

The principal activities of the Consolidated Entity during the reporting period were:

- Continue with the development of uctv.fm IPTV. Development and growth of a number of video infotainment and entertainment portals with own content production and third party content.
- Development of the business of Go Green Holdings Group in brand marketing, next generation new media of Virtual Reality (VR) and Augmented Reality (AR).

OPERATING RESULTSThe consolidated operating revenue of GoConnect Limited group (“the Group” or “the Company” or “GCN”) increased by 123.10% to \$1,603,559 for the financial year compared to \$718,769 in the previous year.

The consolidated operating profit after income tax of the Group increased by 285.28% to \$1,300,533 for the financial year compared to \$337,557 in the previous year.

Review of Operations

Overview

The future of GCN will be dependent on the value the Company can derive out of its 44% interest in Go Green Holdings.

GCN’s 19 years’ experience in IPTV has enabled the Company to identify Social Networking as the most valuable business in the next generation new media of Virtual Reality / Augmented Reality (“VR/AR”) that will deliver the best upside for Go Green Holdings shareholders. That experience has also helped us to understand how to transform existing Social Networking to VR/AR Social Networking, what tools to employ, and more importantly, which partners to secure and to leverage on in order to achieve our joint business goals and objectives soonest with the most efficient use of the Group’s capital.

Go Green Holdings is working with a number of strategic partners in hardware, software development, content productions for a range of content genres, Over The Top (OTT) content distribution, crypto currency, human resources education, etc., so as to enable the achievement of the company’s ultimate corporate objective in VR/AR Social Networking. A VR/AR world will be developed with a number of virtual venues targeted to different interest groups for users to meet, chat, watch and interact with VR contents curated by the company and paid for with a utility crypto token to be introduced by Go Green Holdings.

China will become the single biggest market in VR/AR and we expect that by 2020, China will account for 50% of the global revenue generated in VR/AR from hardware, intellectual property, and content production and sale. Go Green Holdings, incorporated in Hong Kong and with its wholly owned subsidiary, is well positioned to benefit from the expected exponential growth of VR/AR revenue in the China market.

Content is King, distribution is Queen.

In the past 24 months, Go Green Holdings has been aggregating contents for its multi-channel VRTV network. To-date, through a number of partnerships, Go Green Holdings has curated VR contents in travel, sports, events, health, games, celebrity branded product retail, and business.

Go Green Holdings has identified the weakness in most of the VR contents produced to-date in that they largely lack compelling storytelling. Compelling storytelling expertise has been the corner stone of success of

DIRECTORS' REPORT

GOCONNECT LIMITED ACN 089 240 353 AND CONTROLLED ENTITIES

traditional TV and film production in the past 100 years. Go Green Holdings will work with traditional TV and film producers to produce VR experience of feature films and TV shows so as to drive audience growth for VR productions. With this in mind, Go Green Holdings has held discussions with a number of VR and traditional content production houses with the objective to establish a VR content production partnership that will also have close working relationships with traditional film and TV media to co-produce quality VR experiences with compelling storytelling.

Go Green Holdings has embarked on a two pronged VR content distribution strategy: Online and Offline.

Online, Go Green Holdings will select a global OTT distribution platform from a number of OTT platforms under discussion and who is interested to be Go Green Holdings' VRTV network distribution partner globally.

Offline, Go Green Holdings is planning for the distribution of VR contents through a number of distribution channels including VR cinemas and specialty retail outlets with VR contents that will be relevant and targeted to the distribution channels' customer traffic.

VR advertising on Go VR Media

VR advertising has been proven to be up to 18 times more effective than traditional video advertising. Go Green Holdings has secured equal ownership to a proprietary VR advertising platform Go VR Media developed by Adcrack Media, an Indian mobile advertising agency. VR productions can use Go VR Media to further monetize their productions, recruiting advertisers from both traditional media and other digital media platforms.

GoARChat

Go Green Holdings is developing a proprietary killer app, GoARChat + TVGoVR which we believe will transform social networking from its current form. Go Green Holdings believes that a successful social networking platform will require unique technology for generating viral communications and compelling contents to generate stickiness of use. To further its adoption, GoARChat will be developed with a Pokémon concept "treasure hunt" technology.

Financial restructuring

To finance our comprehensive business plan, we are continuing to raise capital from the offer of existing shares in Go Green Holdings held by GCN to professional and offshore investors.

GCN has made substantial progress in restructuring its financial position. In this regard, liabilities owed to non-associates of GCN and which are not satisfied by settlement agreements have fallen substantially from \$2,087,896 as at 30 June 2017 to \$369,307 as at 30 June 2018. The much improved financial result for the financial year ended 30 June 2018 is also due to the success of the financial restructuring. GCN is continuing on this restructuring path to become debt free within the next 12 months from capital to be raised via sale of Go Green holdings shares.

FUTURE DEVELOPMENT, PROSPECTS AND BUSINESS STRATEGIES

GCN's primary corporate objective is to establish the company as a major new media company supported by development of its VR/AR businesses via Go Green Holdings.

With the restructuring of GCN's businesses in place, and the substantial progress made of the businesses of Go Green Holdings, GCN has derived substantial savings from its reorganization of the past 36 months. The restructured GCN is now cost effective, revenue focused, China focused, and is transformed by the substantial asset value and earnings prospects via its holding in Go Green Holdings.

To improve operating cash flows and maximize shareholder wealth, GCN will focus on the following developments in the next 12 months:

DIRECTORS' REPORT

GOCONNECT LIMITED ACN 089 240 353 AND CONTROLLED ENTITIES

- Expanding the uctv.fm IPTV platform to the VR environment in conjunction with Go Green Holdings;
- Reducing liabilities of GCN so as to be debt free within 2 years;
- Capitalizing on the uctv.fm IPTV network and continue to improve its value by aggregating and co-producing branded entertainment and infotainment content together with Go Green Holdings;
- Assisting Go Green Holdings to develop its China businesses in line with Chinese government policies and initiatives on VR/AR media in China.

These developments are expected to deliver positive cash flows and increase enterprise value of GCN.

FINANCIAL POSITION

The Consolidated Entity experienced operating profit but negative operating cash flows during the year ended 30 June 2018. The continuing viability of the Consolidated Entity and its ability to continue as a going concern and meet its debts and commitments as they fall due is dependent on it being successful in achieving positive cash inflow. The Directors believe that the Consolidated Entity will be successful in the above matters and have prepared the financial report on a going concern basis.

MEETINGS OF DIRECTORS

The number of meetings of the Company's board of directors and of each board committee held during the year ended 30 June 2018, and the number of meetings attended by each director were:

	Board Meeting		Audit Committee		Remuneration Committee	
	A	B	A	B	A	B
Richard Li	3	3	2	2	1	1
Kevin Wong	3	3	*	*	*	*
Philip Chan	3	3	*	*	*	*

A= Number of meetings attended.

B= Number of meetings held during the time the director held office or was a member of the committee during the year.

*= Not a member of the relevant committee at the time of the meeting.

Directors

The following persons were key management personnel of GoConnect Limited during the financial year:

Richard Li	Chairman – Executive
Kevin Wong	Executive Director
Philip Chan	Non-executive Director

Principles used to determine the nature and amount of remuneration

The principal objectives of the Consolidated Entity's executive reward policies are to ensure reward for performance is competitive and appropriate for the results delivered. The policies seek to align reward with the achievement of strategic targets and the growth of shareholder value. The criteria being used include competitiveness, equitable to shareholders and employees, performance linkage, transparency and capital management. The policies provide for a mix of fixed and variable rewards, blended with long term incentives.

Non-executive directors

Fees and payments to non-executive directors reflect the demands which are made on, and the responsibilities of the directors. Non-executive directors' fees and payments are reviewed annually by the board. Non-executive directors' fees are determined within an aggregate directors' fees pool limit currently at \$250,000, which is periodically recommended for approval by shareholders.

Retirement allowances for directors

The board has not resolved its position on retirement allowances for non-executive directors.

Executive pay

The executive pay and reward framework has three components:

- base pay
- long term incentives through participation in the GoConnect Employee Option Plan, and
- other remuneration such as superannuation.

The combination of these comprises the executive's total remuneration.

Base pay

Structured as a total employment cost package which may be delivered as a mix of cash and prescribed non-financial benefits at the executives' discretion.

There are no guaranteed base pay increases fixed in any senior executives' contracts.

Retirement benefits

Retirement benefits are delivered by contribution to an approved complying superannuation fund nominated by the executives. Other retirement benefits may be provided directly by the Consolidated Entity if approved by shareholders.

Service agreements and details of remuneration

Remuneration and other terms of employment for the executives are formalised in service agreements. These agreements provide for base salaries, bonuses at directors' discretion, superannuation, other benefits, participation in the GoConnect Employees Option Plan, and termination procedures. These agreements can be terminated by the Consolidated Entity on 3 months' notice or payment in lieu of notice or a combination of both. The agreements may be terminated by the executives on the giving of 3 months' notice.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 JUNE 2018

GOCONNECT LIMITED ACN 089 240 353 AND CONTROLLED ENTITIES

These consolidated financial statements and notes represent those of GoConnect Limited and controlled entities ('Consolidated Group' or 'Group').

The separate financial statements of the parent entity, GoConnect Limited, have not been presented within this financial report as permitted by the *Corporations Act 2001*.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basic of preparation

The financial report is a general purpose financial report that has been prepared in accordance with Australian Accounting Standards, Australian Accounting Interpretations; other authoritative pronouncements of the Australian Accounting Standards Board (AASB) and the *Corporations Act 2001*. The Group is a for-profit entity for financial reporting under Australian Accounting Standards.

Australian Accounting Standards set out accounting policies that the AASB has concluded would result in a financial report containing relevant and reliable information about transactions, events and conditions. Compliance with Australian Accounting Standards ensures that the financial statements and notes also comply with International Financial Reporting Standards. Material accounting policies adopted in the preparation of this financial report are presented below and have been consistently applied unless otherwise stated.

The financial report has been prepared on an accruals basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and financial liabilities.

(a) Principles of Consolidation

The consolidated financial statements incorporate the assets, liabilities and results of entities controlled by GoConnect Limited at the end of the reporting period. A controlled entity is any entity over which GoConnect Limited has the power to govern the financial and operating policies so as to obtain benefits from the entity's activities. Control will generally exist when the parent owns, directly or indirectly through subsidiaries, more than half of the voting power of an entity. In assessing the power to govern, the existence and effect of holdings of actual and potential voting rights are also considered.

Where controlled entities have entered or left the Group during the year, the financial performance of those entities are included only for the period of the year that they were controlled. A list of controlled entities is contained in Note 21 to the financial statements.

In preparing the consolidated financial statements, all inter-group balances and transactions between entities in the consolidated group have been eliminated on consolidation. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with those adopted by the parent entity.

Non-controlling interests, being the equity in a subsidiary not attributable, directly or indirectly, to a parent, are shown separately within the Equity section of the consolidated Statement of Financial Position and Statement of Comprehensive Income. The non-controlling interests in the net assets comprise their interests at the date of the original business combination and their share of changes in equity since that date.

Business Combinations

Business combinations occur where an acquirer obtains control over one or more businesses.

A business combination is accounted for by applying the acquisition method, unless it is a combination involving entities or businesses under common control. The business combination will be accounted for from the date that control is attained, whereby the fair value of the identifiable assets acquired and liabilities (including contingent liabilities) assumed is recognised (subject to certain limited exemptions).

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 JUNE 2018

GOCONNECT LIMITED ACN 089 240 353 AND CONTROLLED ENTITIES

(a) Principles of Consolidation (cont.)

When measuring the consideration transferred in the business combination, any asset or liability resulting from a contingent consideration arrangement is also included. Subsequent to initial recognition, contingent consideration classified as equity is not remeasured and its subsequent settlement is accounted for within equity. Contingent

consideration classified as an asset or liability is remeasured each reporting period to fair value, recognising any change to fair value in profit or loss, unless the change in value can be identified as existing at acquisition date.

All transaction costs incurred in relation to the business combination are expensed to the statement of comprehensive income.

The acquisition of a business may result in the recognition of goodwill or a gain from a bargain purchase.

(b) Income tax

The income tax expense (revenue) for the year comprises current income tax expense (income) and deferred tax expense (income).

Current income tax expense charged to profit or loss is the tax payable on taxable income. Current tax liabilities (assets) are measured at the amounts expected to be paid to (recovered from) the relevant taxation authority.

Deferred income tax expense reflects movements in deferred tax asset and deferred tax liability balances during the year as well unused tax losses.

Current and deferred income tax expense (income) is charged or credited outside profit or loss when the tax relates to items that are recognised outside profit or loss.

Except for business combinations, no deferred income tax is recognised from the initial recognition of an asset or liability, where there is no effect on accounting or taxable profit or loss.

Deferred tax assets and liabilities are calculated at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled and their measurement also reflects the manner in which management expects to recover or settle the carrying amount of the related asset or liability.

Deferred tax assets relating to temporary differences and unused tax losses are recognised only to the extent that it is probable that future taxable profit will be available against which the benefits of the deferred tax asset can be utilised.

Where temporary differences exist in relation to investments in subsidiaries, branches, associates, and joint ventures, deferred tax assets and liabilities are not recognised where the timing of the reversal of the temporary difference can be controlled and it is not probable that the reversal will occur in the foreseeable future.

Current tax assets and liabilities are offset where a legally enforceable right of set-off exists and it is intended that net settlement or simultaneous realisation and settlement of the respective asset and liability will occur. Deferred tax assets and liabilities are offset where: (a) a legally enforceable right of set-off exists; and (b) the deferred tax assets and liabilities relate to income taxes levied by the same taxation authority on either the same taxable entity or different taxable entities where it is intended that net settlement or simultaneous realisation and settlement of the respective asset and liability will occur in future periods in which significant amounts of deferred tax assets or liabilities are expected to be recovered or settled.

Tax Consolidation

GoConnect Limited and its wholly-owned subsidiaries other than Uctv.fm Pty Ltd and EcoConnect Australia Pty Ltd have formed an income tax consolidated entity under tax consolidation legislation. Each entity in the tax consolidated entity recognises its own current and deferred tax assets and liabilities. Such taxes are measured using the 'stand-alone taxpayer' approach to allocation. Current tax liabilities (assets) and deferred tax assets arising from unused tax losses and tax credits in the subsidiaries are immediately

transferred to the head entity. The Group notified the Australian Tax Office that it had formed an income tax consolidated entity to apply from 1 July 2003. The tax consolidated entity has entered a tax funding arrangement whereby each company in the tax consolidated entity contributes to the income tax payable by the Group in proportion to their contribution to the Group's taxable income. Differences between the amounts of net tax assets and liabilities derecognised and the net amounts recognised pursuant to the funding arrangement are recognised as either a contribution by, or distribution to the head entity.

(c) Financial instruments

Recognition and Initial Measurement

Financial assets and financial liabilities are recognised when the entity becomes a party to the contractual provisions to the instrument. For financial assets, this is equivalent to the date that the company commits itself to either the purchase or sale of the asset (i.e. trade date accounting is adopted).

Financial instruments are initially measured at fair value plus transaction costs, except where the instrument is classified 'at fair value through profit or loss', in which case transaction costs are expensed to profit or loss immediately.

Classification and Subsequent Measurement

Finance instruments are subsequently measured at either of fair value, amortised cost using the effective interest rate method, or cost.

Amortised cost is the amount at which the financial asset or financial liability is measured at initial recognition less principal repayments and any reduction for impairment, and adjusted for any cumulative amortisation of the difference between that initial amount and the maturity amount calculated using the *effective interest method*.

Fair value is determined based on current bid prices for all quoted investments. Valuation techniques are applied to determine the fair value for all unlisted securities, including recent arm's length transactions, reference to similar instruments and option pricing models.

The effective interest method is used to allocate interest income or interest expense over the relevant period and is equivalent to the rate that discounts estimated future cash payments or receipts (including fees, transaction costs and other premiums or discounts) through the expected life (or when this cannot be reliably predicted, the contractual term) of the financial instrument to the net carrying amount of the financial asset or financial liability. Revisions to expected future net cash flows will necessitate an adjustment to the carrying value with a consequential recognition of an income or expense item in profit or loss.

The Group does not designate any interests in subsidiaries, associates or joint venture entities as being subject to the requirements of Accounting Standards specifically applicable to financial instruments.

i. Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market and are subsequently measured at amortised cost.

Loans and receivables are included in current assets, except for those which are not expected to mature within 12 months after the end of the reporting period. (All other loans and receivables are classified as non-current assets.)

ii. Financial liabilities

Non-derivative financial liabilities (excluding financial guarantees) are subsequently measured at amortised cost.

(c) Financial instruments (cont.)

Impairment

At each reporting date, the Group assesses whether there is objective evidence that a financial instrument has been impaired. Impairment losses are recognised in the statement of comprehensive income.

Derecognition

Financial assets are derecognised where the contractual rights to receipt of cash flows expires or the asset is transferred to another party whereby the entity no longer has any significant continuing involvement in the risks and benefits associated with the asset. Financial liabilities are derecognised where the related obligations are either discharged, cancelled or expired. The difference between the carrying value of the financial liability extinguished or transferred to another party and the fair value of consideration paid, including the transfer of non-cash assets or liabilities assumed, is recognised in profit or loss.

(d) Impairment of assets

At the end of each reporting period, the Group assesses whether there is any indication that an asset may be impaired. The assessment will include the consideration of external and internal sources of information including dividends received from subsidiaries, associate or jointly controlled entities deemed to be out of pre-acquisition profits. If such an indication exists, an impairment test is carried out on the asset by comparing the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, to the asset's carrying value. Any excess of the asset's carrying value over its recoverable amount is expensed to the statement of comprehensive income.

Where it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Impairment testing is performed annually for goodwill and intangible assets with indefinite lives.

(e) Investment in associate

Associate companies are companies in which the Group has significant influence through holding, directly or indirectly, 20% or more of the voting power of the company. Investments in associates are accounted for in the financial statements by applying the equity method of accounting whereby the investment is initially recognised at cost and adjusted thereafter for the post-acquisition change in the Group's share of net assets of the associate company. In addition the Group's share of the profit or loss of the associate company is included in the Group's profit or loss.

The carrying amount of the investment includes goodwill relating to the associate. Any excess of the Group's share of the net fair value of the associate's identifiable assets, liabilities and contingent liabilities over the cost of the investment is excluded from the carrying amount of the investment and is instead included as income in the determination of the investor's share of the associate's profit or loss in the period in which the investment is acquired.

Profits and losses resulting from transactions between the Group and the associate are eliminated to the extent of the relation to the Group's investment in the associate.

When the Group's share of losses in an associate equals or exceeds its interest in the associate, the Group discontinues recognising its share of further losses unless it has incurred legal or constructive obligations or made payments on behalf of the associate. When the associate subsequently makes profits, the Group will resume recognising its share of those profits once its share of the profits equals the share of the losses not recognised.

Details of the Group's investments in associates are shown at Note 10.

(f) Foreign currency transactions and balances

Transactions and balances

Foreign currency transactions are translated into functional currency using the exchange rates prevailing at the date of the transaction. Foreign currency monetary items are translated at the year-end exchange rate. Non-monetary items measured at historical cost continue to be carried at the exchange rate at the date of the transaction. Non-monetary items measured at fair value are reported at the exchange rate at the date when fair values were determined.

Exchange differences arising on the translation of monetary items are recognised in profit or loss, except where deferred in equity as a qualifying cash flow or net investment hedge.

(g) Employee benefits

Provision is made for the company's liability for employee benefits arising from services rendered by employees to balance date. Employee benefits that are expected to be settled within one year have been measured at the amounts expected to be paid when the liability is settled. Employee benefits payable later than one year have been measured at the present value of the estimated future cash outflows to be made for those benefits. In determining the liability, consideration is given to employee wage increases and the probability that the employee may satisfy vesting requirement. Those cash flows are discounted using market yields on national government bonds with terms to maturity that match the expected timing of cash flows.

Equity-settled compensation

The Group operates equity-settled share-based payment employee share and option schemes. The fair value of the equity to which employees become entitled is measured at grant date and recognised as an expense over the vesting period, with a corresponding increase to an equity account. The fair value of shares is ascertained as the market bid price. The fair value of options is ascertained using a Black-Scholes pricing model which incorporates all market vesting conditions. The number of shares and options expected to vest is reviewed and adjusted at the end of each reporting date such that the amount recognised for services received as consideration for the equity instruments granted shall be based on the number of equity instruments that eventually vest.

(h) Provisions

Provisions are recognised when the Group has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

(i) Revenue recognition

(i) Revenues derived from the provision of advertisements in the form of audio/video commercials and banners on the Company's various IPTV platforms are recognized either on the time basis or based on varying price per thousand advertising impressions each advertisement is received by the end users over the period that the impressions are published.

(ii) Commission income derived from e-commerce transactions is recognized on the basis of successful conclusion of e-commerce transactions.

(iii) Revenues received in advance from the provision of advertisements over multiple periods are initially recognised as deferred income and are recognised as revenue over the periods in which the advertisement impressions are published.

(i) Revenue recognition (cont.)

- (iv) Research and Development tax offset rebate is recognised as Research and Development government grant when received.
- (v) Interest revenue is recognised on a proportional basis taking into account the interest rate applicable to the financial assets.
- (vi) Sales from the disposal of Go Green Holdings shares are recorded as revenue when control of the shares have passed.

All revenue is stated net of the amount of goods and services tax (GST)

(j) Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of assets that necessarily take a substantial period of time to prepare for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

All other borrowing costs are recognised in income in the period in which they are incurred.

(k) Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with other receivables or payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows included in receipts from customers or payments to suppliers.

(l) Comparative figures

Where required by accounting standards, comparative figures have been adjusted to conform to changes in presentation for the current financial year.

When the Group applies an accounting policy retrospectively, makes a retrospective restatement or reclassifies items in its financial statements, a statement of financial position as at the beginning of the earliest comparative period will be disclosed.

(m) Going concern

The financial statements have been prepared on the going concern basis, which contemplates continuity of normal business activities and the realisation of assets and discharge of liabilities in the normal course of business.

As disclosed in the financial statements, the consolidated entity experienced operating cash outflows of \$380,139 during the financial year ended 30 June 2018 (2017: \$165,005 outflow). Furthermore, at 30 June 2018 the consolidated entity had cash balances of \$250 (2017: \$4,025), net current liabilities of \$1,651,339 (2017: \$3,328,236), and net liabilities of \$3,113,949 (2017: \$4,414,482).

As disclosed in Note 24 Events Occurring After Reporting Date the consolidated entity has realised additional cash proceeds up to the date of this report of \$95,000 from the sale of Go Green Holdings (“GGH”) shares; and 16.5 million unlisted options in GCN shares were exercised at 2 cents each, raising \$330,000, of which \$200,000 was used to reduce liabilities owed to Sino Investment Services Pty Ltd.

(m) Going concern (cont.)

The consolidated entity has prepared budgets and cash flow forecasts for the next 12 months from the date of this report which indicate the consolidated entity will have a positive cash balance during this period. The consolidated entity has in total 96,916,148 shares in GGH, representing 44.05 per cent of GGH. Shares in GGH are currently on offer by the consolidated entity to be sold to third party investors. The budgets and cash flow forecasts included further sales of GGH shares which the Directors believe will realize approximately \$2.25 million based on recent sales history.

The Directors believe the forecast sales will be achieved and accordingly, believe that the consolidated entity will be able to continue as a going concern and that it is appropriate to adopt the going concern basis in the preparation of the financial report. The financial report does not include any adjustments relating to the amounts or classification of recorded assets or liabilities that might be necessary if the consolidated entity does not continue as a going concern.

In the event that the sale of additional shares in GGH is not achieved as forecast, and should additional funding not be available from Directors, related parties, shareholders or new investors to meet working capital requirements, there would be material uncertainty as to whether the consolidated entity would continue as a going concern and therefore whether it will realise its assets and extinguish its liabilities in the normal course of business and at the amounts stated in the financial report.

(n) Critical Accounting Estimates and Judgments

The Directors evaluate estimates and judgments incorporated into the financial statements based on historical knowledge and best available current information. Estimates assume a reasonable expectation of future events and are based on current trends and economic data, obtained both externally and within the Group.

(o) New standards and interpretations issued but not yet effective

At the date of this financial report the following standards and interpretations, which may impact the entity in the period of initial application, have been issued but are not yet effective. Other than changes to disclosure formats, it is not expected that the initial application of these new standards in the future will have any material impact on the financial report, except for AASB 16 Leases. This standard requires operating leases which are currently held off balance sheet to be brought onto the balance sheet. Future expected lease payments should be capitalized and brought onto the balance sheet as an asset (right of use) and also reflect an offsetting liability and amortized together with interest costs over the expected remaining period of the leases. The expected value of such offsetting assets and liabilities at 30 June 2018 is \$38,203 and the group has not brought such assets or liabilities to account.

Credit Risk — Trade and Other Receivables

The Group has no significant concentration of credit risk with respect to any single counter party or group of counter parties other than those receivables specifically provided for and mentioned within Note 9. The class of assets described as Trade and other receivables is considered to be the main source of credit risk related to the Group.

On a geographical basis, the Group has significant credit risk exposures in Australia only.

The following table details the Group's trade and other receivables exposed to credit risk (prior to collateral and other credit enhancements) with ageing analysis and impairment provided for thereon. Amounts are considered as 'past due' when the debt has not been settled, with the terms and conditions agreed between the Group and the customer or counter party to the transaction. Receivables that are past due are assessed for impairment by ascertaining solvency of the debtors and are provided for where there are specific circumstances indicating that the debt may not be fully repaid to the Group.

The balances of receivables that remain within initial trade terms (as detailed in the table) are considered to be of high credit quality.

Capital Management

Management controls the capital of the Consolidated Entity in order to ensure that the group can fund its operations and continue as a going concern.

The Consolidated Entity's debt and capital include ordinary share capital and long term loan from the related parties, supported by financial assets.

There are no externally imposed capital requirements.

Management effectively manages the group's capital by assessing the group's financial risks and adjusting its capital structure in response to changes in these risks and in the market.

These include the management of debt levels, plan to generate surpluses from operations, plan to realise the value of investments in associated entities and issues of new share.

There have been no changes in the strategy adopted by management to control the capital of the Consolidated Entity since the prior year.

Considering the equity position of the Consolidated Entity as at 30 June 2018 and 30 June 2017, gearing ratios have not been calculated.

16. SHARE-BASED PAYMENTS

The following share-based payment arrangements existed at 30 June 2018:

On 20 November 2017, 22,000,000 options were granted to GoConnect directors and senior management, to take up ordinary shares at an exercise price of \$0.02 each. The options vest on 20 November 2017 and can be exercised on or before 20 November 2022. The options hold no voting or dividend rights. At balance date, no share option has been exercised. Options granted to directors and vested but not exercised will be automatically cancelled upon the resignation or retirement of the directors.

On 28 November 2014, 14,000,000 options were granted to GoConnect directors and senior management, to take up ordinary shares at an exercise price of \$0.02 each. The options vest on 28 November 2014 and can be exercised on or before 28 November 2019. The options hold no voting or dividend rights. At balance date, no share option has been exercised. Options granted to directors and vested but not exercised will be automatically cancelled upon the resignation or retirement of the directors.

On 26 February 2014, 14,000,000 options were granted to GoConnect directors and senior management, to take up ordinary shares at an exercise price of \$0.02 each. The options vest on 26 February 2015 and can be exercised on or before 26 February 2019. The options hold no voting or dividend rights. At balance date, no share option has been exercised. Options granted to directors and vested but not exercised will be automatically cancelled upon the resignation or retirement of the directors.

All options granted are for ordinary shares in GoConnect Limited, which confer a right of one ordinary share for every option held.

A summary of the movements of all listed company options issued is as follows:

	2018		2017	
	Number of Options	Weighted Average Exercise Price \$	Number of Options	Weighted Average Exercise Price \$

17. FINANCIAL RISK MANAGEMENT (CONTINUED)

Financial Risk Management Policies

The main purpose of non-derivative financial instruments is to raise finance for operations.

Derivatives are not used by the Group. The Group does not speculate in the trading of derivative instruments.

The senior managements meet with members of the Board of Directors regularly to evaluate treasury management strategies and financial risks in the context of recent economic conditions and forecasts.

The Consolidated Entity has insignificant exposure to fluctuations in foreign currencies as it has minimal transactions, assets and liabilities in foreign currencies.

The Consolidated Entity manages liquidity risk by monitoring forecast cash flows and ensuring that it has access to adequate new capital and borrowing facilities when required.

The maximum exposure to credit risk, excluding the value of any collateral or other security, at balance date to recognized financial assets, is the carrying amount, net of any provisions for impairment of those assets, as disclosed in the statement of financial position and notes to the financial statements.

The Consolidated Entity does not have any material credit risk exposure to any single receivable or group of receivables under financial instruments entered into by the Consolidated Entity.

Specific Financial Risk Exposures and Management

The main risks the Group is exposed to through its financial instruments are interest rate risk, liquidity risk and credit risk.

a. Interest rate risk

Exposure to interest rate risk arises on financial assets and financial liabilities recognised at reporting date whereby a future change in interest rates will affect future cash flows. The Group is also exposed to earnings volatility on floating rate instruments.

Interest rate risk of the Group is not significant risk and interest rate swaps are not used.

The net effective variable interest rate borrowings (i.e. unhedged debt) exposes the Group to interest rate risk which will impact future cash flows and interest charges and is indicated by the following floating interest rate financial liabilities:

		2018	2017
		\$	\$
Floating rate instruments			
Borrowings	12	<u>1,462,610</u>	<u>1,086,264</u>

b. Liquidity risk

Liquidity risk arises from the possibility that the Group might encounter difficulty in settling its debts or otherwise meeting its obligations related to financial liabilities. The Group manages this risk through the following mechanisms:

- preparing forward looking cash flow analysis in relation to its operational, investing and financing activities
- monitoring undrawn credit facilities
- obtaining funding from a variety of sources
- managing credit risk related to financial assets

17. FINANCIAL RISK MANAGEMENT (CONTINUED)

- investing only in surplus cash with major financial institutions
- comparing the maturity profile of financial liabilities with the realisation profile of financial assets

The Group's policy is to ensure no more than 10% of borrowings should mature in any 12-month period.

The tables below reflect an undiscounted contractual maturity analysis for financial liabilities.

Cash flows realised from financial assets reflect management's expectation as to the timing of realisation. Actual timing may therefore differ from that disclosed. The timing of cash flows presented in the table to settle financial liabilities reflects the earliest contractual settlement dates and does not reflect management's expectations that banking facilities will be rolled forward.

c. Credit risk

Exposure to credit risk relating to financial assets arises from the potential non-performance by counter parties to contract obligations that could lead to a financial loss to the Group.

Credit risk is managed through the maintenance of procedures (such procedures include the utilisation of systems for the approval, granting and renewal of credit limits, regular monitoring of exposures against such limits and monitoring of the financial stability of significant customers and counter parties), ensuring to the extent possible, that customers and counter parties to transactions are of sound credit worthiness. Such monitoring is used in assessing receivables for impairment. Credit terms are generally 7 to 30 days from the invoice date.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 JUNE 2018

GOCONNECT LIMITED ACN 089 240 353 AND CONTROLLED ENTITIES

17. FINANCIAL RISK MANAGEMENT (CONTINUED)

Risk is also minimised through investing surplus funds in financial institutions that maintain a high credit rating. Where the Group is unable to ascertain a satisfactory credit risk profile in relation to a customer or counter party, payment is required prior to delivery of goods and/or services.

Credit Risk Exposures

The maximum exposure to credit risk by class of recognised financial assets at balance date, excluding the value of any collateral or other security held, is equivalent to the carrying value and classification of those financial assets (net of any provisions) as presented in the statement of financial position.

The Group has no significant concentration of credit risk with any single counter party or group of counter parties.

Trade and other receivables that are neither past due or impaired are considered to be of high credit quality. Aggregates of such amounts are as detailed at Note 9.

Credit risk related to balances with banks and other financial institutions is managed by senior management in accordance with approved Board policy. Such policy requires that surplus funds are only invested with counter parties with a Standard & Poor's rating of at least AA.

The following table provides information regarding credit risk relating to cash and money market securities based on Standard & Poor's counter party credit ratings.

Fair Values

Fair value estimation

The fair values of financial assets and financial liabilities are presented in the following table and can be compared to their carrying values as presented in the statement of financial position. Fair values are those amounts at which an asset could be exchanged, or a liability settled, between knowledgeable, willing parties in an arm's length transaction.

17. FINANCIAL RISK MANAGEMENT (CONTINUED)

The fair values disclosed in the above table have been determined based on the following methodologies:

Cash and cash equivalents, trade and other receivables, royalty advances and trade and other payables are short-term instruments in nature whose carrying value is equivalent to fair value. Trade and other payables exclude amounts provided for relating to annual leave which is not considered a financial instrument.

Fair values are determined using a discounted cash flow model incorporating current commercial borrowing rates. The fair values of fixed rate bank debt will differ to the carrying values.

Financial Instruments Measured at Fair Value through Profit or Loss

The Group does not have any financial instruments measured at fair value through profit or loss.

Sensitivity Analysis

The following table illustrates sensitivities to the Group's exposures to changes in interest rates. The table indicates the impact on how profit and equity values reported at balance date would have been affected by changes in the relevant risk variable that management considers to be reasonably possible. These sensitivities assume that the movement in a particular variable is independent of other variables.

This declaration is made in accordance with a resolution of the board of directors of the Company.

RICHARD LI
CHAIRMAN

Dated at Melbourne this 14th day of June 2019.

INDEPENDENT AUDITOR'S REPORT To the Members of GoConnect Limited

Opinion

We have audited the financial report of GoConnect Limited ("the Company") and its subsidiaries ("the Group"), which comprises the consolidated statement of financial position as at 30 June 2018, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, and the directors' declaration.

In our opinion the accompanying financial report of the Group is in accordance with the Corporations Act 2001, including:

- (i) giving a true and fair view of the Group's financial position as at 30 June 2018 and of its financial performance for the year then ended; and
- (ii) complying with Australian Accounting Standards and the Corporations Regulations 2001.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Group in accordance with the auditor independence requirements of the Corporations Act 2001 and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the Corporations Act 2001, which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor's report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Material Uncertainty Related to Going Concern

We draw attention to Note 1(m) in the financial report, which indicates that the Group incurred net cash outflows from operating activities of \$380,139 during the year ended 30 June 2018. (2017: \$165,005 outflow). As of that date, the Group's had cash balances of \$250 (2017: \$4,025), net current liabilities of \$1,651,339 (2017: \$3,328,236 liabilities), and net liabilities of \$3,113,949 (2017: \$4,414,482 liabilities). As stated in Note 1(m), these events or conditions, along with other matters as set forth in Note 1(m), indicate that a material uncertainty exists that may cast significant doubt on the Group's ability to continue as a going concern. Our opinion is not qualified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial report of the current period. These matters were addressed in the context of our audit of the financial report as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. In addition to the matter described in the Material Uncertainty Related to Going Concern section, we have determined the matter described below to be the key audit matter to be communicated in our report.

Key Audit Matter	How our audit addressed this matter
<p>Completeness of Liabilities Refer to Note 11 and Note 12 in the financial statements</p>	
<p>The Group's statement of financial position consist primarily of trade and other payables and borrowings.</p> <p>The completeness of liabilities is considered a Key Audit Matter as it relates to the assessment of the Group's ability to continue as a going concern, as described in the Material Uncertainty Related to Going Concern paragraph.</p> <p>The completeness of liabilities is also a Key Audit Matter as liabilities are the main balance on the statement of financial position.</p>	<p>Our audit procedures in relation to the completeness of liabilities included:</p> <ul style="list-style-type: none"> • Comparison of the creditors listing against the prior year and obtaining an understanding of the movements between the reporting periods from management. • Sending third party confirmations to a sample of creditors and lenders to verify the balance outstanding at year end. • Review of settlement deeds and testing of payments to creditors in accordance with the deeds to ensure the year-end balance is accurate and complete. • Testing the translation of foreign currency creditors to ensure the year-end balance is accurate and complete. • Testing for unrecorded liabilities by selecting a sample of payments to creditors post year to ensure the invoices to which the payments relate have been recorded in the correct period. • Sending out legal confirmations to ensure any ongoing litigation which may result in loss to the Group has been identified, and the balance of any potential loss assessed to ensure the correct recognition and/or disclosure has been made in the financial report. • Checking ASIC Insolvency Notices for each Company within the Group to ensure there are no entities under administration, which may have an impact on the position of liabilities at year end.

Other Information

The directors are responsible for the other information. The other information comprises the information included in the Group's annual report for the year ended 30 June 2018, but does not include the financial report and the auditor's report thereon.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Directors for the Financial Report

The directors of the Company are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the Corporations Act 2001 and for such internal control as the directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

A further description of our responsibilities for the audit of the financial report is located at the Auditing and Assurance Standards Board website at: www.auasb.gov.au/auditors_responsibilities/ar2.pdf. This description forms part of our auditor's report.
