ASX RELEASE

14 November 2023

For immediate release to the market

**Ichthys LNG Onshore and Offshore Facilities –
Provision of Operations and Maintenance Support**

GR Engineering Services Limited (ASX: GNG) is pleased to announce that its wholly owned subsidiary, GR Production Services Pty Ltd (formerly known as Upstream Production Solutions Pty Ltd), has been awarded a three-year contract with two three-year extension options with INPEX Operations Australia Pty Ltd (INPEX) for the provision of operations and maintenance support services to the Ichthys LNG upstream and downstream facilities.

The scope of work involves providing production and technical roles to INPEX as required to supplement their business, and support for maintenance shutdown planning and execution on all facilities. The estimated contract value over the three year period is \$28 million. Work on this project is expected to commence on 1 December 2023.

Commenting on the award of the contract, GR Production Services CEO, Cameron Wills, stated that:

“We are delighted to have been selected to support INPEX on the Ichthys LNG Onshore and Offshore production facilities and look forward to building a strong partnership through the delivery of valued services.”

GR Engineering’s Managing Director, Tony Patrizi, stated that:

“GR Production Services has a well established track record in the supply of operations and maintenance in Australia. We look forward to supporting the INPEX team on this important project.”

Ends.
