

ASX Announcement

12 August 2024

CYBER SECURITY INCIDENT

Evolution Mining Limited (“Evolution” or “The Company”) became aware on 8 August 2024 of a ransomware attack impacting its IT systems. The Company has been working with its external cyber forensic experts to investigate the incident. Based on work to date, the Company believes the incident is now contained.

The incident has been proactively managed with a focus on protecting the health, safety and privacy of people, together with the Company’s systems and data.

The Company does not anticipate any material impact on operations.

Evolution has reported the attack to the Australian Cyber Security Centre.

This release has been approved by Evolution Mining’s Executive Chair, Jake Klein.
