Design and Construct Contract – Woodlawn Restart Project

GR Engineering Services Limited (ASX:GNG) (GR Engineering) is pleased to announce that it has been awarded a Design and Construct contract with Develop Global Limited (ASX:DVP) (Develop) for the Woodlawn Restart Project (the Project).

Woodlawn is primarily a copper-zinc mine located in the Lachlan Ford belt in New South Wales, 250km south-west of Sydney and 40km south of Goulburn.

The contract value is \$25.7 million and the scope of work includes the refurbishment flowsheet and operability improvements of the existing process plant and associated infrastructure. The Project is expected to be completed in the second half of FY25.

Commenting on the award, Mr Tony Patrizi, Managing Director said:

“We are pleased to have been engaged by Develop to play an important role on the Woodlawn Restart Project. We look forward to continuing to work collaboratively with Develop to deliver a safe and successful outcome for this project and to assist them with their future growth plans.”

Ends.
