Tala Hamza Zinc Project – Land Acquisition

Terramin Australia Limited (ASX: TZN) (Terramin) is pleased to advise that the Algerian Government has completed the acquisition of all the land which covers the entire footprint of the Tala Hamza Mining Permit.

This vital accomplishment of the land acquisition gives Western Mediterranean Zinc Spa (the operator of Tala Hamza) full and free access to the entire Mining Permit area to commence immediate construction works for the project. This land with an area of approximately 234 hectares will support all the project mining and processing operations as well as direct ramp access to a highway that leads directly to the Port of Bejaia.

Commenting on the finalisation of the land acquisition, Terramin's Executive Chair, Mr Bruce Sheng, said:

"The securing of access to the land defined by the Tala Hamza Mining Permit is a significant milestone as it now allows us to officially commence construction works for the project. Terramin is highly appreciative of the hard work and continued support of our Algerian partners and the Algerian Government. We are passionate for the future of this world class project."

The Board has approved this ASX announcement.
