Market Release
7 November 2024

Steadfast Group expands its London market capabilities through the 100% acquisition of H.W. Wood Limited (H.W. Wood) and HWI France

H.W. Wood was founded in 1982 and has been established as a Lloyd's broker since 2003. The company is a well-regarded independent insurance broker headquartered in London providing wholesale, retail and reinsurance solutions to clients across international marine and cargo, property, fine art and specie and other areas. Together, the acquired businesses have more than 75 staff located in the UK, France and Greece.

In summary:

- Purchase price of £23.5 million
- The acquisition will be funded from Steadfast's existing corporate debt facilities and free cashflow
- Forecast to be EPS accretive from date of acquisition before synergies
- Year to date, Steadfast has now completed c.\$150 million (post settlement of H.W. Wood) of the FY25 \$300 million acquisition guidance assumption

The expected date of settlement is 2 December 2024. Settlement is subject to regulatory and other commercial terms.

Managing Director & CEO Robert Kelly commented: "We have been investigating options to expand further into the London market to substantially increase our ability to support our network brokers and agencies in Australasia, UnisonSteadfast and in the U.S., and provide a runway of additional international growth opportunities".

H.W. Wood will continue to be led by Managing Director, Steve Rudduck, who joined the business in 1999.

The Steadfast Placements team, which services Steadfast network brokers in Australasia with hard-to-place or complex risks in London, will integrate into the new entity. The acquisition will bolster this service offering for our networks with H.W. Wood enhanced presence and strong relationships in the London market.

It will also provide Steadfast with a platform to expand Steadfast Placements and the wholesale broking offering to service the ISU Steadfast network in the U.S. and further expand our servicing of inbound business from the global UnisonSteadfast network.

The expanded scale of our London presence will also support the management of our binders in London which will all be brought in-house over the next two years. Rather than outsource this function to a third party, this will reduce expenses and further enhance revenue for the Group.
